### In Garments

From simple tub frocks, costing but a few dollars, to the most elaborate European and American creations—briefly tells you what our Fashion Show next week embraces. The selection of something for Easter is now imperative. One main object of our Fashion Show is to make that selection easiest and of the greatest satisfaction. In addition to showing the widest range of correct garments to be seen in El Paso, we also remind you that our Alteration Department has reached a state of perfection that is not approached in El Paso.

### In Accessories

Dress Accessories play a most important part in the success of the Easter costume. In the Furnishing Goods Section, next week, will be displayed all the novelties, as well as the more substantial productions of the present season. Special displays and attractive prices will be made in Hose, Gloves, Belts, Hair Ornaments, Neckwear, Bags, and Veilings. In the Furnishing Goods Section are also to be found two departments on which we pride ourselves—Corsets and Waists. In corsets every required model, in the best makes in the world, will be shown. In waists will be seen a wonderful collection of everything that's new.

### *Devoted to a Wonderful Display of the Spring Styles of Two Continents*

In the past, our Annual Spring Fashion Show has been confined to one evening. And customers have expressed dissatisfaction at being given such a short period in which to view the varied assortments of exclusive styles shown. This Spring we make a departure. A whole week will be given over to the Fashion Show.

Never before have we devoted so much time or gone to so great an expense to prepare this really wonderful display. For you to miss the Fashion Show next week will be a real disappointment to us, and we believe, a loss to you.
