

TORAH FIELD GOOD SAYS SHROCK

Declares Texas Company, Despite Reports, Is Pushing Development Work.

The Torah oil field is all right and always has been, says H. A. Shrock, Torah and El Paso, who has just returned from Torah. The Texas Oil company has never given out any good report, in spite of the fact that the oil has been found in commercial quantities and quality to the company has just brought into Torah an enormous heavy wagon for the purpose of hauling very heavy machinery to the oil field, adequate to drill to a depth of 3000 feet or over in a new location, while the company has given out the word that the shot of nitroglycerine made about seven weeks ago was to satisfy the general public clamor, which insisted that only such shooting would prove the existence of oil, and then gave it out that no oil resulted, it is fully understood as another plausible scheme to smother the undesired boom. But the present movement for renewed operations on a much larger scale only confirms the belief of the Torah people that the company knows that there is plenty of oil in its holdings.

The Lone Star Gas company, which is supplying gas from the Henrietta oil and gas fields to Dallas and Fort Worth and adjacent cities, has just leased and purchased 40 or 50 sections of oil lands in the Torah field and has the machinery ready on the ground for beginning immediate operations. The company has purchased twenty sections of Texas & Pacific lands and leased as many more sections from the state of Texas. Edward Gibbons, banker of Torah, is in El Paso attending the fair and says that Torah will be a great city, another El Paso for the Pecos valley, because of its wonderful artesian wells and the oil that will be developed in that vicinity. In answer to the question, "How about the present operations in the oil fields," he replied, "They are entirely satisfactory and we are confident of having a great production in the future."

OLD ABE RUNNING ONE SHIFT DAILY

North Homestead, Also in White Oaks Camp, Is Producing Well.

Judge J. Y. Hewitt, president and principal owner of the Old Abe Mining company, whose gold mines are in the White Oaks Camp, New Mexico, after a day's visit in El Paso has returned home. The Old Abe is running one shift, twelve hours a day, continuously, on ore running from \$10 gold up per ton, which is being treated in the 20-stamp mill. In connection with the cyanide plant, the main shaft is 1425 feet deep and 250 feet distant in that level is a winze 80 feet deep, making the total depth 1505 feet, the greatest depth of any mine in New Mexico. This mine is one of the oxidized grounds continues to this depth. The oxidized ground carries the values. Across the wagon road from the North Homestead dump, Christ Yeager and Associates are running a tunnel in the Miner's Claim. It is the direction of the contact. This property bids fair to become one of the biggest gold producers in the White Oaks camp.

North Homestead Busy. The North Homestead mine, southwest of the Old Abe, also a big gold producer, owned by Queen Jackson and Fitzgerald, is in steady operation, the ore being worked in the 20-stamp mill. This mine has record of production of over \$500,000 upward. The South Homestead, belonging to St. Louis parties, is not running at present. This mine also has a fine record of production.

MINING PERSONALS. E. E. Stuart, consulting engineer of the Urquie Mining company, has returned from the mines. J. E. Spur, mining engineer of New York, is at the St. Red wood mill, connected with the United States geological survey. Lewis Bryant, mine manager at San Pedro, is attending the fair. Christ Yeager, superintendent of the

TINY BABY HAD DREADFUL COLIC

On Hands, Face, Nose and Mouth. Hard Crust Formed and Cracked Open. Blood Ran. Itched Frightfully. Mitts on Hands. No Rest.

Got Cuticura. In 3 Days Relief. In a Week Cured Without a Mark.

"I have a little baby almost a year old. When it was two months old it got eczema on top of both her cheeks, on her face and inside her nose and mouth. She refused to drink and one of her eyes almost closed up. A hard crust formed on her face and nose and the blood ran out. It itched so frightfully that the poor baby would not rest. We had to keep mitts on her hands to keep her from scratching at her face and her mother was forced to keep her rocking chair with the baby day and night. We had a doctor and he did all that he possibly could to relieve the baby's torture, but the results were not what we had looked for."

"We had read of the Cuticura remedies so we went to the drug store and got some. Cuticura soap and Cuticura ointment. We used them just as directed and in three days the crust began to come off. In a week there was no more scab and now the baby is cured without a mark, sleeps soundly in her cradle and her parents in their bed, no more sleepless nights because of the baby's suffering. Cuticura seems a wonderful remedy for this disease and any one having eczema should not delay in getting it. Henry M. Fogel, R. F. D. 1, Bath, Pa., Dec. 9, 1909."

Cuticura Remedies should reach the world. Price One & One-Half Cents. Sold Everywhere. Mailed free, 25-cent Cuticura book, containing valuable advice on the treatment of skin troubles.

THE OVERLAND TRAIL THE MECCA OF THOUSANDS.

More than ordinary interest is being manifested in the excellent attractions provided by the carnival feature of the big fair, and the verdict of the attendants at the horse show last night who took advantage of the opportunity to witness the several performances on the "Overland Trail," is that the list of offerings are far in advance of anything seen here in the carnival line. One of the most talked of features is the remarkable painting of Christ, which while it is segregated from other attractions being on exhibition in the Manufacturers' building is attracting much attention. It is the famous "Shadow of the Cross" of World's Fair fame, and this is the first time it has been shown in the southwest. All the shows are remarkably clean and free from objectionable features.

For sows over six months of age, Lady Peter, took first prize. She is 18 months of age and is owned by Bowington. Model Belle, owned by H. M. Adams, took second and Model Lady, owned by H. M. Adams, took third.

The judging in the chicken and agricultural department will not begin until Wednesday.

MORMON HAS EXHIBIT OF APPLES AT THE FAIR.

The Mormon colonies, so well represented at the fair last year, are not entirely without representation this year. Charles Whipple, from the Columbia Juarez colony, has a splendid exhibit of apples in the horticultural section. It includes apples, peaches, turnips and squash.

Among the new exhibits added to the agricultural display in the Resources building are several from the lower and upper valleys. H. H. Schurz has placed on display, by way of competition, lettuce, sweet potatoes, carrots, turnips and squash.

J. S. Porcher, of Ysleta, has Egyptian wheat, that grew from five to six feet high, Bartlett pears, Winter Nellis pears, Black Ben apples, Davis and Gano apples, Australian brown onions and egg plants.

H. D. Bowman, of Las Cruces, has a quantity of paper shell almonds from 15-year-old trees grown at Mesilla Park, there are sweet potatoes, carrots, apples and pears from El Municipal ranch and apples from Mountain View ranch in the upper valley near Mesilla.

The Dairy Farm company, of Anthony, exhibits some white oats that grow in abundance in the bushel and 70 bushels to the acre while wheat exhibited by the same company grew 70 pounds to the bushel and 70 bushels to the acre.

C. E. Miller, of Anthony, has some pinto beans. J. F. Elliott has a four-legged chicken on exhibition in the Resources building.

SOUVENIR BADGES FOR EDITORS HAVE ARRIVED

The souvenir badges of the Southwestern Editorial association have arrived, and are being issued to the editors as fast as they arrive for their conversion on Thursday. The badges are the El Paso hats with their fair colors, blue and gold attached. Each editor and his wife, if he has a wife, will receive one of the souvenirs on statehood day, Thursday, when the editorial association will meet.

Lofton A. King, of the Van Horn Chronicle, has arrived and registered at the press building. He will represent his paper at the statehood day doings.

CLOSING UP FOR EL PASO DAY AT FAIR

All city offices and schools, and all county offices will be closed Wednesday to permit the officials, teachers and students to attend El Paso day at the fair.

Whether or not the city and county offices will close Friday has not been determined, but the schools will be closed that afternoon.

The majority of merchants have decided to close both Wednesday and Friday afternoons instead of all day Wednesday and half day Friday.

ALFALFA GROWERS TO MEET ON WEDNESDAY

The Alfalfa Growers' association of the southwest will meet at the chamber of commerce Wednesday morning at 10 o'clock. An error was made in announcing that it would be held at the grove on the fair grounds Tuesday.

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 3/4 pint of warm water and stir for two minutes. Put 2 ounces of pure Pinex (35 cents worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils, and is a teaspoonful every one, two or three times a day.

The effectiveness of this simple remedy is surprising. It seems to take hold of the throat and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in colds, and has pleasant taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.

This recipe for making cough remedy with Pinex and Sugar Syrup (or Strain honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been limited, though never successfully, if you try it, and will usually stop the cough. Other preparations will not work in this recipe.
