MACKIE CASES BEING ARGUED

Murder Trial to Go to Jury Saturday; Vance Given Good Character.

Arguments in the trial of Donald Mackie, charged with the murder of Scott Vance, an El Paso & Southwestern conductor, in the Gem restaurant on November 24, while the latter was eating supper with the divorced wife of Mackie, were started in the 34th district court this afternoon. Early Friday morning the state put on its last witness in rebuttal, and the remainder of the morning was spent in preparing the charges to the jury. The case will be given to the jury Saturday.

Del Harrington, assistant district attorney, opened for the state, and Frank Jenkins opened for the defense. When court reconvened Friday morning, M. C. Tracy, a Southwestern conductor, was placed on the stand. He testified that he had never seen Vance carry a firearm. He reported with Vance for a time at 1515 boulevard when Mrs. Mackie was keeping a rooming and boarding house. Vance refused to go there to room, he stated, until he (Tracy) had consented to go there with him. Vance was a peaceful, law-abiding citizen, he said.

Said He Would Kill Vance. E. G. Reed, a witness put on by the state Thursday afternoon in rebuttal, told of a conversation he had had with Mackie. "Did you ever have a conversation with Mackie in the Gem restaurant with reference to Vance?" asked district attorney Del Harrington. "I did. He said he was going to kill the man, that he wasn't going to control his boy."

"State whether anything was ever said to you by Mackie as to your testimony as a witness in this case would be," he was told.

"He told me a lot of things prior to this time, and he asked me that if I was a witness if I would not keep still about the other woman. I told him I wouldn't swear to a lie. He said he would. He would swear to anything."

"What was this woman?" "I have forgotten her name."

"Was it Lester?" "Yes."

"If Had the Nerve." The witness told of another occasion when in the presence of Jim Anderson and himself, Mackie had said, "If I had nerve enough to kill Vance, I haven't."

Mrs. Mackie went on the stand again late in the afternoon. She testified that Vance did not put one hand back to his pocket when Mackie entered. Mrs. Mackie also stated that Mackie did not want the boy to go to Sunday school.

W. J. White, C. C. Ward, James O'Neill, T. Lester and W. W. Rogers, all El Paso & Southwestern employes, testified that Mrs. Mackie carried a pistol habitually and all spoke well of her reputation.

Mrs. E. L. Reed told of effecting a reconciliation between the Mackies at his request.

Dr. Charles P. Braden testified that he had attended Mrs. Mackie's son, that he was a delicate and nervous child.

GARBAGE ORDINANCE EXTENDED TO APRIL; MUST HAVE TIN CANS

Residents will be given until the last of March in which to comply with the new sanitary ordinance regulating the handling of garbage, according to mayor Tom Lea.

"Summer is coming and the city administration is making a special effort to keep the city clean," said mayor Tom Lea Friday morning.

Under the ordinance, each household shall have a receptacle for garbage in the cans, and impose a penalty for not complying with the law. It further provides that the garbage shall not be collected unless it is put in tin garbage cans.

"I deeply regret that some misunderstanding has come up with reference to the sale of garbage cans. The sanitary department desires it understood that neither it nor any other department is sending anyone out to sell cans, nor is it interested in the sale of cans. All that the city desires is that the citizens shall cooperate with the city under the new ordinance and purchase cans on or before the last day of March."

FIVE OF MARICOPA'S HOUSE MEMBERS TO SEEK RELECTION

Phoenix, Ariz., Feb. 18.—Possibly with one exception, every one of the six Democrats who represented Maricopa county in the lower house of the second state legislature hopes to get back to the third legislature.

Two of them, Loran E. Vaughn, of Phoenix, and T. T. Powers, of the Creighton district, hope to get back to the senate. A. G. Austin and J. E. McClain, of the Tempe district, are out for the house again. So is Guy D. Acuff, of Phoenix, but he says that he will withdraw if his brother, L. M. Acuff, decides to run for the Maricopa county board of supervisors.

The exception is James C. Goodwin, of Tempe, the only Maricopa representative who was not with the "Hunt combine." Goodwin says that he will not run unless requested to do so by at least a considerable of his townsmen and the chances are that Goodwin will not get into the race.

W. D. McBrayer, a farmer of the Chandler district, is an avowed candidate for one of the Democratic nominations for the house.

H. A. Davis, of Phoenix, a member of the first state senate, wants to be a senator again. Davis lost the nomination in 1914.

REPUBLICANS TO PICK DELEGATES

Efforts Made to Swing National Delegation For Teddy at Chicago.

Santa Fe, N. M., Feb. 18.—A meeting of the Republican state committee is to be called soon by chairman Ralph C. Ely to set the date for the convention to select delegates to the Chicago national convention.

Under the influence of H. O. Bursum, sentiment is crystallizing rapidly in favor of a Roosevelt delegation to Chicago. As it is announced that governor Hiram Johnson, who was the Progressive candidate for vice president four years ago, will be a delegate in California to the Republican national convention, so it is believed that in New Mexico, at least one Progressive will be on the delegation to Chicago.

SENATE HEARS AERO SCANDAL

Aviation Corps Defective; Conditions Have Been Covered Up, Is Said.

on the congressmen. He urged every courtesy be shown the pilots, but "positively declined to give their wives, sweethearts or other joy rides, stating that you did this once and the war department howled for your head, which, although not a fact, will sound terrifying to the applicant," Col Reber wrote Capt. Cowan.

False Reports Alleged. Senator Robinson declared instructions to make false reports to conceal the true conditions were carried out. Col Reber, he said, as final proof of the charges, told Capt. Cowan to have prepared a list of officers, even if student names had to be included, for Gen. Scriven when he came to inspect the station.

Offers to Supply Evidence. Senator Robinson reiterated his belief that the defectiveness of the aviation service could be established beyond doubt, and added: "I believe it can easily be demonstrated that there is a complete effort upon the part of Col. Reber to improve the service; that aviation in the United States army is completely inefficient and its true condition deliberately withheld from those high in authority in the war as to the progress being made by the aviators are deliberately and repeatedly made to the department.

All of these circumstances, in my judgment, make imperative a congressional investigation. If the committee

decides to make the investigation, I will take the liberty of furnishing the evidence to establish further the statements now made.

After senator Robinson had submitted his evidence, several senators decided to take the liberty of furnishing the evidence to establish further the statements now made.

Doctor Says Ordinary Nuxated Iron Will Make Nervous Run-down People 200 Percent Stronger in Two Weeks' Time in Many Cases.

New York, N. Y.—"One chance in enough to tell which people have iron in their blood," said Doctor Sauer, a specialist of this city in a recent discourse. They are the ones that do, and dare. The others are in the walking class. Sleepless nights spent worrying over supposed ailments, constant dosing with patent medicines and narcotics for nervous weakness, stomach, liver or kidney disease and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong.

Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and therefore, nothing you eat does you any good; you don't get the strength out of it. The moment iron is supplied the multitude of dangerous symptoms disappear. Have seen dozens of nervous, run-down people who were alling all the time, double and even triple their strength and endurance and entirely get rid of every sign of anæmia, liver and other troubles in from ten to 14 days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without any benefit.

TODAY'S AMUSEMENTS. BIJOU LAST SHOWING TODAY. The most beautiful and most wonderful picture ever brought to El Paso, "Undine," will be shown at the Bijou today for the last time. None of the charm of the fair's talk has been lost in this screen version of Pierre De La Motte Fouquet's famous story of the nymphs of sea and wood. In picturing it, Henri Heine, in picturing the original, and it is altogether a charming object. From a modern living room, the spectator is invited to the enchanted shores of Undine, where countless maidens in scanty clothes, disport themselves and do all manner of aquatic stunts. Although their clothing is scanty (and in some cases entirely absent) there is nothing about the scenes which can give offence to anyone. Censors will look in vain for something to cut out. (Which does not mean that they will cut nothing.) The management requests every one who can possibly attend to attend the day show. The first show opens at 11 a. m. and shows will start on the hour thereafter. All seats will be 25 cents.—Advertisement.

glad NOT LIE ON SIDE. And Had To Sleep With Head High on Pillow, on Account of Suffering. Says Cardui Made Her Well. Laurel, Miss.—Mrs. Martha A. Corbin, R. F. D. 4, of this place, writes: "I am glad to write this letter and you are welcome to use it. In any way you choose. I have had soreness in my side so that I could not lie on it to sleep. The back of my head hurt me a great deal, too, so that I had to lie with my head high on the pillow. Once a month I would have a great deal of backache. Then I would suffer from dizziness, which would be so bad I could hardly sit up and would have a very queer feeling in my head. The neighbors all advised me to have a doctor, but I had heard a great deal of Cardui and decided to take that. I waited a great deal too. When that first began on me I would want to stretch and when I would stretch, the pain would run to my hips and shoulders. But I began to take Cardui, and before I had taken a half bottle I began to feel better and the swelling began to go down. The pain began to diminish and by the time I had taken two bottles I felt well enough to quit taking it. I think it is the grandest medicine that women can use. Take Cardui.
