CARS UNLOAD AT LIBERTY STATUE

No More Unloading in Front of Mills Building Or The Sheldon.

Rearrangement of the loading and unloading system of street cars was put into operation by police chief J. P. Montgomery and traffic sergeant Joe Stone, on Friday.

Regular safety zone signs, such as are used in Los Angeles, Kansas City and other large cities, have been made and set alongside of the car tracks in Pioneer plaza, opposite Liberty monument.

All island cars—cars that would pass the point bound south—will hereafter unload their passengers in this safety zone instead of stopping in front of the Mills building or the Sheldon hotel to unload.

A program of music will be given at the luncheon, this being a part of the campaign which will have four minute speeches at the moving picture theaters and downtown luncheon next week.

COWBOYS PULL FOR BIG VICTORY

'Y' Workers, Gingered to High Pitch, Pulling in New Members.

The popular meeting of the entire roundup was had at the central Y. M. C. A. Thursday night and with the two final days to go, the reports showed nearly one half way.

The psychology of campaigns shows that those last two days ought to yield more than the three preceding ones and with this assurance, the workers are bending every effort to go "over the top" by Saturday night.

The "Lary U" ranch, senior section, H. H. Fries, ranch boss, and Eric Alund, junior section, took 240 so berries their names and Fries is contending with H. P. Haddock of the "Double X" ranch for leadership.

Some slight singing was done in the contest yesterday and when ranch boss A. A. Martin called for reports, the ranch boss received 2 genuine demonstrations.

ARKS \$20,000 DAMAGE FOR SELF; \$15,000 FOR CHILD. Arguments in the \$25,000 damage suit against the Rio Grande & El Paso railroad, on trial before Judge Ballard

RECORD BROKEN. World's Largest High Gravity Oil Well DISCOVERED AT HOMER, LOUISIANA. MAKES 30,000 BARRELS OF 42 GRAVITY OIL DAILY. OFF-SETS MAKE 20,000 BARRELS.

What are likely the world's largest high gravity oil wells, making from 20,000 to 30,000 barrels of high gravity test oil, have been brought in at Homer, Louisiana.

THE LOUISIANA OIL AND REFINING COMPANY NEXT DRILLED THE REAL "WORLD'S CHAMPION INFANT," CLOSE BY—IT MAKES 10,000 BARRELS OF HIGH TEST OIL FROM A "SHALLOW SAND" AT 1,233 FEET.

The Porterfield and Smith interests sent both a geologist and a scout to the field early after the discovery. As a result they have secured one of the best pieces of acreage in the field—forty acres half a mile from the 30,000-barrel discovery well.

They also have four other large tracts "CHECKER BOARDING" the field on four sides, from one-half to a mile distant. Every tract seems to be a winner.

Operators are "wild" over the new discovery. Burkburnett and Oklahoma oil men are abandoning the old fields. Prices are soaring skyward.

The Porterfield and Smith interests and associates announce the organization of the HOMER UNION PETROLEUM CO., a Louisiana corporation, to take over these holdings.

WE RECOMMEND THIS ISSUE AS A PEER TO OCEAN AND HANGER CENTRAL.
