

Bedtime Stories For The Little Ones

UNCLE WIGGILY AND SAMMIE'S SKIPPER.

By HOWARD B. GARIS

OUT in the woodshed of the burrow house where the little family of rabbits lived Uncle Wiggily one day heard a pattering, banging noise.

BETTER THAN WHISKEY FOR COLDS AND FLU

New elixir, called Aspirinal, medicated with latest scientific remedies, used and endorsed by European and American army surgeons to cut short a cold and prevent complications.

Every druggist in U. S. instructed to refund price while you wait at counter if relief does not come within two minutes.

Delightful taste, immediate relief, quick warm-up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

.. HOROSCOPE ..

SATURDAY, FEBRUARY 14, 1920. While Venus and Jupiter rule beneficially today, according to astrology, Mars is in a menacing aspect.

It is a time that should be most promising to women, for Venus smiles not only on their love affairs, but upon their business ventures. Although women will more and more enter the professions and other vocations, the seers declare that they will be peculiarly susceptible to romance during the current year.

Business and commerce are subject to a good deal of making for prosperity, but there is a new foreign loan of magnitude.

College professors and leaders in education are now subject to the new influence. Appointment to a new office of distinction seems to be indicated for a teacher.

Religious matters now probably will be much discussed, and dissension seems to be indicated among widely differing sects.

Persons whose birthdate it is may have a year in which there is anxiety. They should avoid new enterprises.

Children born on this day may have many ups and downs in life. The subjects of Aquarius are usually very kind and generous.—Copyright, 1920.

THE GAMUT CLUB. The Gamut club is an association of very modern and professional women who are still feminine enough to choose becoming hats.

College professors and leaders in education are now subject to the new influence.

Religious matters now probably will be much discussed, and dissension seems to be indicated among widely differing sects.

Persons whose birthdate it is may have a year in which there is anxiety.

erally, those all her soft feminine charm. Surely as long as a woman takes an interest in becoming like the feminine dreamer for anyone, or unbecomingly in headgear is a peculiarly masculine trait, as witness the durbles, stovepipe affairs and round, hard straws.

But the members of the Gamut club have many more serious interests than millinery. They are all really doing things, writing, acting, painting, brokering and lawyering. Every Tuesday evening they meet for dinner in their most attractive clubhouse on 14th street, near Fifth avenue, in New York, wearing their becoming hats and talking in a most intelligent and clever way about very modern subjects. They are not allowed, but they do seem to be missed at all, in spite of their absence the air is pleasantly tinged with cigar smoke.

The club was founded six years ago by Mary Shaw, the well known feminist and actress; Lillian Russell and others. According to the director's secretary, Mary Rahan, it has no purpose. It is just a club for women, filling the same place in their lives that the average men's club fills. From time to time they put on plays or give dances. And every Tuesday evening they have a dinner followed by a talk by some well known woman.

Recently when Mary Shaw was introducing the speaker of the evening, Margaret Sanger, she said something which should be very reassuring to those who wish to keep women strictly in the home, fearing that otherwise posterity will die out or something.

She said: "Of course the real destiny of woman is and always will be motherhood."
