STOCK MARKET IS STILL DULL

New York, Aug. 17.—Professional shorts dominated the stock market again today, their enlarged operations being influenced mainly by conditions in easted Europe. Sales approximated 400,000 shares. The closing was weak.

Shorts were less aggressive at the opening of the market, overnight advices from abroad making that element more cautious. Prompted firmness was shown by the independent steels and high grade petroleums and some of the shipping, chemicals, textiles and motor specialties were higher by large fractions to a point. Among rails, the feature was St. Louis & Southwestern preferred, which was 1¾. The entire list improved within the first half hour under lead of Royal Dutch, American Ship and Commerce, Crucible and Vanadium Steels.

The early rally was generally maintained or extended during the first hour, save for further weakness of low priced motors and kindred issues. Heaviness was shown by the Virginia-Carolina Chemical Co., Coca Cola and Chile Copper, while Standard Oil preferred of New Jersey fell 1½ points to 89¾. A 9 point rise in Delaware, Lackawanna & Western suggested further accumulation. Reading gained 1 point and Jersey rails, including Baltimore & Ohio, New Haven, Missouri Pacific and Texas & Pacific were fractionally higher. An irregular reversal ensued before noon however when selling of oils and equipments was resumed. Call money again opened at 7 percent and exchanges on London were steady.

Liberty bonds closed: 3½s, $99.60; first 4s, $84.70; second 4s, $84.20; first 4¼s, $84.80; second 4¼s, $84.20; third 4¼s, $87.84; fourth 4¼s, $84.86; Victory 3¾s, $98.84; Victory, 4¾s, $96.54.

MORRIS TO COAST TO BUY OIL FOR T. & P. LOCOMOTIVES

C. G. Morris, road foreman of engines for the Texas & Pacific railroad, left Tuesday on a trip through the California oil fields to make arrangements to get oil from California to burn on engines used on the Texas & Pacific roads. The railroad recently converted their engines into oil burners.

The railroad, according to Mr. Morris, will soon make some extensive improvements in their yards and shops.

Mrs. Morris accompanied Mr. Morris on the trip. She will visit friends and relatives on the coast.

GRAIN DEMANDS STEADY PRICES

Chicago, Ill., Aug. 17.—Reports of a liberal export business yesterday firmed up wheat prices quickly today, after opening 1c lower to ¼c higher, with Dec. $2.26 to $2.26¼ and March $2.32.

Wheat prices hardened later because of the export business reported with Sweden, Germany and Holland yesterday. This caused considerable exchanging of futures, which sent the market upward, the close being strong and near the high point of the day, prices ranging from 1¾c to 2¼c higher at the finish, with Dec. being $2.26¼ to $2.26¾ and March $2.30¾.

Fair buying of December corn by several strong commission houses since the reduction in the visible small receipts and a need of rain in some sections were bullish influences which strengthened that cereal today. First quotations ranged from ¾c lower to ¼c higher, with Sept. $1.45¾ to $1.46 and Dec. $1.22 to $1.23¼, but soon became higher than the previous finish.

Corn prices averaged higher, due to scattered commission house and lobby buying, but the best prices were not maintained. This was due to profit taking and selling on the improved situation in Poland. Closing quotations, however, were strong, showing a net gain of 2c to 2¾c, with Sept. $1.44¾ to $1.44¾ and Dec. $1.25 to $1.25¼.

Oats opened ¼c to ½c lower, with Sept. 68¾c to 68¾c and Dec. 68¼c to 68½c, the market strengthening.

Provisions were easy at the start.

SALESMANSHIP CLUB TO HAVE A "MYSTERY" NIGHT

Six-thirty this evening is the hour for members of the Salesmanship club and their wives and sweethearts to gather at the chamber of commerce for the "Mystery Night" celebration. Ray Shelton, president, and Mrs. Shelton will head the receiving line and lead the grand march to the basement for dinner. After the dinner and the program they will lead another grand march back to the main floor, where there will be a dance.

Norman Walker is general chairman of the ceremonies. W. C. Hepburn will be in charge of the souvenirs. Robert Mullin will have charge of the selling demonstrations. R. B. Twyman will do the decorating. Lee Burdick will have charge of floors and arrangements. J. W. Biggy will be "boss of the lights and lanterns." James Quinn will father the entertainment. "Tex" Griffin will have charge of the music and Mrs. Kate Rives will serve the dinner.

Plans are being made for 200.

PROBATION OFFICER WANTS HOME FOR OKLAHOMA BOYS

Mrs. Emma Webster, county probation officer, has two boys in her charge who are able to work and whom she wishes to place "somewhere" in El Paso.

The boys are Billie Wendel, 12 years old and George Jones, 14 years old. When apprehended 10 days ago, they said their homes were in Tulsa, Okla. Each declared he left home "just to look around the country," and had been gone nine weeks. They gave addresses at which they said their families lived, but investigation failed to locate their relatives. Mrs. Webster will confer with local scout organizations in an effort to provide work for them.

NORMAN B. WOOD, 15 YEARS OLD, DIES IN SAN ANTONIO

Norman B. Wood, 15 years old, son of John Wood, a San Antonio newspaper man, died Monday morning in San Antonio following an operation for appendicitis. The body will be brought to El Paso for burial. Funeral service arrangements have not yet been completed. He is survived by his father, four brothers, John Wood, jr., Charles Wood, Leslie Wood, Marvin Wood, and a small sister, all of El Paso. Fuller Swift will conduct the funeral.

COPPER PRICES DROP FRACTION

Although the opening renewal rate for demand money was 7 percent, there was a general expectancy on the part of the "street" that there would be an increase in rates due to expected heavy government withdrawals. This produced some selling of the market and on extremely light trading stocks declined with the largest losses recorded in the specialties. In the coppers Anaconda, Kennecott and Utah were down 1-8 and Chino was down 1-4.

Losses in the steels were 1 point in United States steel common, 1½ in Republic steel and 2½ in Crucible with losses of 2 and 3 points in the Equipment issues.

The rails were fractionally lower.

In the oils, Mexican petroleum showed a decline of 4 3-4 points, Pan American 2 1-4.

Sales for the first three hours 263,000 shares.

COMMERCIAL BODIES BEAT DEPOT CLOSING PROPOSAL

Through the efforts of the El Paso chamber of commerce and other chambers and traffic bureaus over the country the recent proposal of the American Railway association to close all freight depots three days a week to less than carload shipments has been defeated. The railway association proposed that as an alternative to closing freight depots three days a week that the old sailing day plan that caused so much trouble during the war be returned to.

At the chamber of commerce it was said Tuesday that the association's idea was to conserve equipment by designating three days of the week as days on which to accept small freight shipments from local merchants. Carload shipments would be accepted and forwarded just the same as usual. The three-day plan would not work, A. U. Tadlock said, for the reason that it would result in an overloading of cars. In other words, three cars could not take the place of six.

COTTON MARKET STIFFENS AGAIN

New Orleans, La., Aug. 17.—After hesitation on the opening call and losing six to seven points on the near months as the result of poor cables, the cotton market today rose on a somewhat better feeling regarding European politics and reports of too much rain in the belt.

At the end of the first hour of business prices were 21 to 29 points over the close of yesterday. October fell off to $28.65 and then reacted to $29.00.

Opening: October, $28.85; December, $28.12; January, $27.87 flat; March, $27.50 bid; May, $27.20, each 25, steady.

Many points in the belt wired that the crop was deteriorating because of too much rain and insect damage and the demand increased because of them, sending prices 22 to 41 points over the close of yesterday; October reached 29.10c. Later in the morning less strength was displayed and realizing by shorts reduced the gains 18 to 22 points.

Spot cotton was steady to 10 points lower. Sales on the spot, 942 bales; to arrive, 1100 bales. Low middling, 23.75c; middling, 24.50c; good middling, 27.15c. Receipts, 1434; stock, 210,338 bales.

NEW YORK COTTON FUTURES.
