

Today is "Made in Washington Day," an annual affair, and a time when everyone is expected to buy only home-made goods for consumption and are urged to send samples to Eastern friends and relatives as an inducement to them to come to this state. The home industry feature should be given the

support and endorsement of every citizen in Tacoma. It is being observed throughout the state, and big preparations have been made in many of the cities. Window displays of home products by Tacoma merchants are much in evidence today and very tempting.

The eloquent Tommy Vance came up from Olympia last night to open the local democratic campaign at the Temple of Music, and he kept the crowd shouting with his denunciation of Teddy Roosevelt. Tommy hardly thought Taft worth mentioning as being a factor in the contest.

"The coming battle is between Wilson and Roosevelt," said Vance. "The fight of a scholarly gentleman who is able, courteous and practical, a constitutional reformer, against a saucy-bottle politician, a cook-crowder and a bombast, who comes before the people and says, 'I am the 10 commandments, the slayer of lions, the conqueror of Cuba and my election alone can save the republic.'"

Vance said the election of Roosevelt might so puff up the already swollen ego of the strenuous ex-president that he would command the army and navy and attempt to emulate Napoleon and conquer the world to the undoing of the republic.

MY DEAR CONGRESSMAN: On behalf of the letter carriers of the United States represented in the National Association of Letter Carriers, I take this opportunity of expressing to you their thanks and appreciation for your efforts in passing legislation to improve their working conditions. The active interest you took assisting to get this legislation is thoroughly appreciated by our men and I wish to add my personal thanks for giving these matters so much of your time and attention. Wishing you every success, with kind regards, I remain, Sincerely yours, ED. J. CANTWELL.
