

VISION—the ability to look ahead and to prepare—this was the dominant trait in our first President, George Washington.

At sixteen he was a surveyor, mapping out the unsettled regions of the Middle West, discovering the vast richness of the United States and perhaps dreaming of the time when this section would enrich and sustain future generations.

Have you vision? Are you looking ahead and building up a bank account which will sustain and enrich your future? If not, we invite you to open an account with us.

February 22nd, Washington's birthday, this bank will be closed all day—Legal Holiday.

ATTENTION

Electrical appliances have been steadily dropping in price for several months.

We desire to announce the reduction in price of the famous "Westinghouse Electric Iron" from \$8.50 to \$7.50, approximately 12%.

Other things are dropping. Ladies who have gone without electrical conveniences on account of the high cost may now afford them, especially when we sell on a small deposit down and a reasonable balance monthly to be paid with the light account.

Official Proceedings of the Board of County Commissioners

At a meeting of the county commissioners, the hearing of the Colville Valley Electric Company to obtain a franchise to build a pole line along the county roads along the proposed line of the company in the Colville valley was set aside for March 4.

The county auditor was ordered to pay \$50 each to the Florence Crittendon Home and the Salvation Army Rescue Home of Spokane, for the care of Stevens county patients, inmates of same.

In the matter of the purchase of cordwood for Stevens county, the contract was let for 150 cords to Willard Fay for \$4.15 per cord. Bids were submitted from \$5 down to the price accepted, but this bid was deemed the best.

The petition of A. B. Campbell and others for a change in the Colville and Marcus road in Secs. 7 and 18, township 36, range 38, was approved and the engineer ordered to survey and report on same.

It was unanimously resolved to sell the personal and other property belonging to the county poor farm, after due consideration, to the highest bidder according to law. All bids will be given due consideration, but they reserve the right to reject any and all bids.

Bids will be advertised and accepted to care for the inmates of the county poor farm for the year ending March 1, 1923, also for a superintendent for the county poor farm for the year ending March 1, 1923.

A. J. Howard, proprietor of Van's Cafe, has purchased the residence property of I. D. Sill, including 2 lots, and will occupy the place March 1.

Why Not Let It Prove Its Merit in Your Home?

We want you to see a TORRINGTON in operation in your own home and use it yourself.

Then you will understand fully how it actually pays for itself over and over.

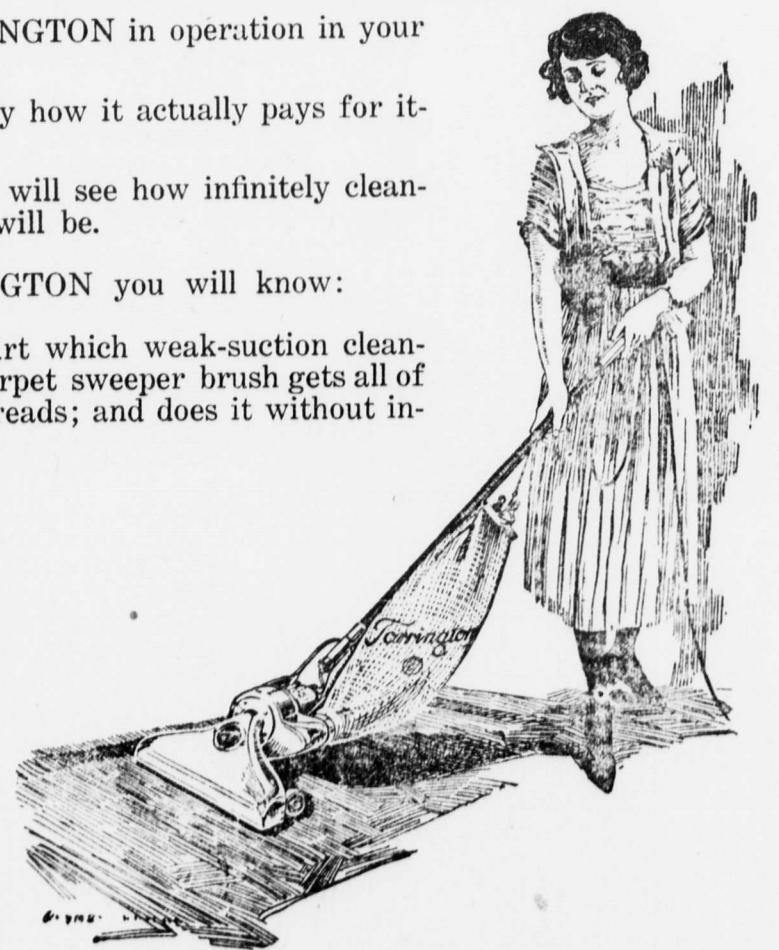

What is more important—you will see how infinitely cleaner and more healthful your home will be.

One you have used a TORRINGTON you will know:

That it gets deep introduced dirt which weak-suction cleaners do not get; how the capable carpet sweeper brush gets all of the surface litter, hair, lint and threads; and does it without injury to the rug.

You will realize fully the wide range of uses made possible by the attachments and know how the strong motor suction makes them really effective.

The TORRINGTON is light and easy to operate, and the cost of current is surprisingly low—less than 3c a day in the average home.

These are only a few of the reasons why NEARLY EVERY TORRINGTON SELLS ANOTHER.

We will gladly arrange for a demonstration of a TORRINGTON in your home.

We sell TORRINGTONS on easy payments.
