THE CITY COUNCIL.

ANOTHER BLUFF ON THE WEST-SIDE RAILWAY.

Routine Business Transacted at Last Meeting-Lstimates for Grade Gravel, Contracts Awarded.

There was a special meeting of the council last night, but the Westside Railway company is still at a standstill. It would be a long story to tell how many different committees have juggled with this propocommittees have juggled with this proposition, and at last a special committee is appointed, of which Sickels is a member. There was a very apparent lack of business instinct for Mr. Sickels to sign such an important document without reading it. It read as follows:

portant document without reading it. It read as follows:

"Gentlemen! Your special committee on the improvement of Grant avanue from West Fourth street to a connection with Harrison avenue, beg leave to report that we have carefully considered the subject and find first, that the improvement of Grant avenue directly north to Harrison axenue would cost from \$4000 to \$7000, according to the plan of improvement adopted, whether by trestles, bulkhead or otherwise; that the end sought can be reached by improving Grant avenue to about midway of block 48 (as shown in sketch herewith) thence we at through said block to Farragut avenue, thence north on Farragut avenue to Harrisen; that C. M. Moore will, for use of the public for street purposes, dedicate a strip of land 60 feet wide through said block (as shown upon sketch) for \$1000 and exemption from expense for present improvement of the street so dedicated; that the total cost of grading from West Fourth sireet over the line last men tioned is roughly estimated at \$1000, of which about one-half would remain assessable against abutting property, making a total cost to the city, including dedication, of \$1500.

"Your committee also find, as per state ment from Mr. Woodruff herewith, that he will accept the above change in lieu of the more expensive improvement of Grant avenue, and still hold good his ofier to deed to the city as a park two valuable blocks o, land in his addition.

"Wherefore, your committee, in view of pressing necessity for the improvement and the advantages to accrue to the city on condition that it is made, recommend that the edication be accepted on the terms named; that the city engineer be directed the necessary survey and that bids be asked for the execution of the work."

Mr. Sickels declared that he had signed the report without reading it and was not aware tha it contemplated the purchase of any lots. He therefore asked that his name be withdrawn. Mr. Ward said, too, that he was not anxious that the city should purchase the lots, but he thou

should purchase the lots, but he thought it better than expending \$1,000, than \$3,000 or \$4,000 as would be required otherwise.

Mayor Horr said: "The council is bound to provide something for the railway there. This seems to be a favorable offer and will save a big expense."

A resolution to gravel Union street, from Main to Franklin, was passed, and also to bear onehalf of the expense of laying a walk in front of the Sisters' property on Ninth street.

For graveling Sherman avenue, I. Liberman bid 40 cents per yard. Referred. The same contractor receives the contract for grading Washington street, from Union to Fifteenth.

Mayor Horr thought that the expendi-Mayor Horr thought that the expenditure of so much money for graveling streets without a contract, would result seriously, and the resolution to gravel Columbia street, from Seventh to Tenth, was referred to the city attorney.

The work of graveling Franklin street from Tenth to Maple Park was awarded to O. E. Stickler.

Assessments on various streets were expensed.

O. E. Stickler.

Assessments on various streets were approved as follows: Grading Franklin, from Third to Second, \$446.80; grading Fifth, from Columbia to Main, \$265.40; graveling Fourth, from Cherry to Pear, \$308.25; graveling the north half of Eleventh, from Main to Columbia, \$82; graveling Main, from Sixth to Twenty-third, \$3384.80; graveling Washington, from Third to Fourth, \$277.55.

Superintendent Phelps, of the Port Townsend Southern, argued for the retention of the arc light at the railroad tracks. Granted.

WHERE IS BALLARD?

He Can Not be Found and is Wanted Badly.

D. P. Ballard, the well known lawyer of this city, has been missing for some time with funds of Geo. H. Thomas Post of the G. A. R., of which he was a member. The Post discussed the matter last night and would like to have some trace of Ballard would like to have some trace of Ballard but that is more than his wife and daughters have. He was pretty deeply in debt and when he went away over a month ago he gave no clue as to his future wherea bouts and left his family in destitute circumstances. Mrs. Ballard, a devoted wife who has, it is said, had trouble with him before, went to Vancouver their former home to find some trace of his whereabouts. His two daughters, both young ladies, left for the same place last evening. Ballard is considered a bright lawyer, but too aggressive. He was disbarred three years ago and re-admitted to practice by the supreme court of the state.

Farming on the Prairie.

Thurston county wiil be up with and excel some of her neighbors this year in crops. They are good all over the county, but particularly so here. Oats, wheat and potatoes are plentiful, with a big surplus. Owen Bush says his crops are improving each year. He has 200 acres under cultivation out on Bush prairie, and is just as systematic in the management of his farm as any merchant with his basiness. He settled on the prairie forty-five years ago, ever since which time he has been raising crops better and better each year. Some of his land has been under cultivation forty-five years and never had a load of manure on it. There have always been fair crops on it, but this year it averages sixty bushels to the acre. crops. They are good all over the county,

Only One in the United States

Out of 1357 cough syrups manufactured in the United States, but one has been found to be entirely free from opiates, and that is the California Positive and Negative Electric Cough Cure, which is the best on earth for coughs, cold, croup, etc. Sold at Marr & Ross drug store.

Worse Than Leprosy.

Catarrh, and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Liniment. Sold at Marr & Ross' drug store. It also cures neuralgia, rheumatism, headache, sprains, burns, and all pain. Try it and tell your neighbor where to get it.

Oculist and Anrist. Dr. Kibbe, of Seattle, oculist and aurist, can be consulted on Sunday afternoon, October 18th, at Dr. Armstrong's office. 1t
