Columbus, Ind.—The Columbus Evening Republican has recently contained editorials reflecting on the administration of the laws in Brown county, and yesterday the entire working force of the paper, including the printers, was summoned to appear before the Brown county grand jury at Nashville.

Columbus is in another county, and this will cause the paper to miss one issue at least, and perhaps more, depending on the length of time the staff is held by the grand jury as witnesses. Eleven persons altogether have been sent for, including Judge Marshall Hacker, the editor, and the woman who gets the society news.

### Chaffee Relieves Corbin.

Washington, Oct. 2.—General Chaffee was today relieved of the command of the department of the East and assigned to duty as first assistant on the general staff, relieving Corbin who at his own request was placed in command of the department of the East.

This afternoon General Young gave out a statement relative to the transfer of officers in which he said he wanted General Chaffee to have an opportunity to acquire a knowledge of the duties of chief of staff, and the president therefore directed that he be made assistant to the chief. The assignment of Corbin to the command of the department of the East is in accordance with his own wishes and in recognition of his eminent services rendered as adjutant general during the war with Spain and the subsequent operations in China.

## ONLY THREE LEFT

Whitman Handicapped for  
Veteran Debaters.

### BROWN TEMPORARILY IN CHARGE

Both Inland Empire Debates Will Be  
Held in Walla Walla This Year—  
News Around the College.

Whitman is as badly handicapped for want of veterans in the debating line this year as she is in football. She will have three debates to win again this year with the University of Oregon, the University of Idaho and the Washington Agricultural college. Of the old men who have fought her battles on the rostrum the past two years there will be missed this year Marquis, Chittenden, Ringer, Campbell, Price, Cox and Guy Gallo-way. Of the eight men who handled these three debates last year only Brown, Palmer and Baldwin are back. Brown is a host in himself, however. For five years he has won victories for the blue and the gold and is in shape to go into two of the three contests this year. He has never lost a debate and is probably one of the very best college debaters to be found west of the Mississippi river. Palmer who was in the contest against the University of Idaho three years ago and again last year, is a ready and eloquent speaker. Baldwin was in the Pullman team last year and a member of the Idaho team two years ago.

"Hez" Brown has been given temporary charge of the arrangements for the year's debates by the executive committee and at a meeting of the old men which he called last night a provisional schedule of try-outs was arranged.

It was decided that the try-out for the Oregon team which will debate with the University in Eugene on the 16th of January next, should be held under the brief system about the 1st of December. Any member of a literary society is allowed to compete under the constitution of the Associated Students. The three getting the most points on the brief submitted and the ten minute speech made from it will constitute the Oregon team and will also probably handle one of the Inland Empire contests. The judges of this contest will be the coaches of Whitman's teams who will probably be Rev. Austin Rice, Professor Hendrick and Professor Lyman.

The Inland Empire debates will both be held at Walla Walla this year some time in the spring.

The team to handle the remaining debate will be gotten from the speakers in the annual inter-society debate between the Athenaeum and Phrenakosmian literary societies to take place sometime near the first of February.

Work in the literary societies is very active and much of splendid new material is being developed. It is expected that Whitman will give her usual good account of herself on the rostrum this year, notwithstanding the discouraging outlook at the first of the year.

The oratorical contest this year will take place in Moscow. F. Nelson Cole of the senior class is Whitman's representative. A large number of the new students are joining the literary societies. The Athenaeum received twelve applications for admission at their last meeting and the Phrenakosmian, two. The Libetharian and Philolothian societies have also organized and elected officers for the year.

## WEDDING TONIGHT

Blushing Groom Seeks  
Auditor's Office Today.

### PAID FOR AND GOT HIS LICENSE

Children's Day Today and Hundreds  
Attended the Fair This  
Afternoon.

Unless Providence wills it otherwise, there will be no hitch in the wedding at the fruit fair tonight. The groom-to-be, Carlos Colby, a flaxen-haired, handsome youth, employed by the John Stack company, sought the auditor's office early this morning with a friend and obtained his license. The young lady named in the license, who will become Mrs. Colby, is Miss Ida M. Phanes.

Despite the happy little smile that played over the groom's features as the request for a license was made to Deputy Auditor Hart, there was a suggestion of determination apparent in the square chin that bespoke little fear in facing the curious crowds at the fair this evening to wed the girl of his choice.

Probably the sly glances of admiration cast his way by the lady-copyists employed in the auditor's office while the necessary documents were being prepared were a trifle disconcerting, as Deputy Hart took especial care in making out the important papers.

Mr. Colby passed over a couple of excellent cigars to the male members of the force and received a hearty "good luck to you" as he and his friend sought the open air.

The ceremony will take place on the band stand and will be performed by Justice J. J. Huffman. The bridal couple will leave the handsome booth of the Davis-Kaser company in the northern part of the building and march through the crowd to the band stand. Immediately following the ceremony an informal reception will be held in the reception room.

Use Peacock Patent flour. Every sack guaranteed.

### COMPANY GETS RIGHT OF WAY.

Oregon and Washington Power Company Secure Valuable Rights on the Little Walla Walla River.

Papers were filed in the office of the county recorder this morning transferring to the Oregon & Washington Power company the right of way for a ditch, flume and pipe line on the little Walla Walla river. There are several papers in the transfer, but the gist of the matter is that the owners of the right on the river have sold to the company the right to operate a power plant on the river, and use the water for the same. The land and water right was first transferred from T. J. Kirk et al to C. A. Barrett for the sum of \$10,000, and was afterward turned over to the company by him for \$10 and other valuable considerations.

This is the first step in the definite location of the new plant that is to furnish the power for the lighting of Pendleton, Walla Walla and the intervening towns.

## The Pinnacle of Success

"THE SENATOR"

Has been reached in our superb collection of Fall and Winter apparel for men and boys. Are you aware that a great majority of the best dressed men in this part of the country have long been customers of ours? They have received the same satisfaction when buying clothes here ready-to-put-on that they formerly did when they patronized a custom tailor and paid him twice as much for each garment. It is a fact, and a practice that you would do well to emulate, if you have the slightest care for your personal appearance and where your dollars go to. In connection with this, and in full proof of our statement, we want to show you the Suits and Fall Top coats that we have marked

\$10, \$12, \$15  
...and...  
\$18.00.

A custom tailor would charge you at least double these prices for identically the same quality, yet give you no better style and no better fit; but he would make you a lot of trouble in trying on before you finally got your clothes.
