60 CENTS WILL BUY TREES FOR YOUR LOT

State College Makes Offer of Splendid Shade Trees For Next To Nothing

How would three fine silver maples look growing along your parking strip?

And how pleasing would be the effect if each of your neighbors also had a row of trees along the whole street?

Sixty cents a fifty-foot lot is the small sum that will do the work, thanks to the co-operation of the Washington State College.

Information concerning the trees is given as follows by the State College:

Tells About Trees
In furtherance of the policy of the Forestry Department of this institution to encourage the planting of trees on the farms of Washington for windbreaks, shelter belts, wood lots, and ornamental purposes, our planting stock is again made available to the people of the state in limited quantities at the low prices mentioned.

It should be understood that our costs include only seed, labor of production and packing charges and do not include capital outlays, interest or overhead expenses. Therefore, when you have had as many trees of each species as our limited supply will permit us to ship to you, you must expect to pay a larger price to the commercial nurseries for similar stock.

Must Furnish Reports
We will be glad to furnish a list of desirable nurseries from whom planting stock may be purchased if you so desire.

You will, sometime in the future, be asked to report to us on the condition and the progress that the trees we have shipped you have made in order that we may have a better basis for recommendation as to what to plant in the different sections of the state. This material will eventually be published in bulletin form.

ASKS PATRONS TO AID MAIL SERVICE

Postmaster D. L. Beckes Requests Assistance for Rural Route Carriers

A request that patrons of the rural routes co-operate with the mail carriers to the fullest extent to improve the service given, was made today by D. L. Beckes, Lynden postmaster.

Mr. Beckes, on instructions from Washington headquarters, offered the following suggestions: "It is the desire of the Department, and its purpose, to provide adequate and convenient service, so far as may be possible to all persons residing in rural communities."

Patrons of rural delivery can greatly help themselves by helping their carrier, seeing to it that roads are kept in good condition and promptly opened after storms, by keeping the approaches to their boxes clear, and by promptly and willingly correcting any irregularities affecting their boxes when asked to do so.

Another great assistance that patrons can render carriers is by keeping themselves supplied with and using stamps instead of placing unposted mail, with money for the purchase of the required postage, in the boxes. This delays the carrier and sometimes imposes a great hardship on him, especially in cold or stormy weather.

Money for the purchase of stamps should not be left in the boxes, but should be handed to the carrier and a receipt obtained.

The patrons are further instructed to see that their boxes are regulation boxes, properly erected and maintained. The regulations now require that each rural mail box must have the owner's name on it. Those maintaining boxes now, without the name being on it, will kindly see that the owner's name is put on it without delay.

TO RAISE FUNDS FOR LEGION MEMORIAL

Lynden Post To Conduct Campaign For Subscriptions For Centralia Building

The Lynden American Legion Post voted last night to lend its aid to the drive being conducted to erect a memorial to honor the martyred dead of Centralia and express the country's faith in Americanism.

A total of \$150,000 will be raised by popular subscription, and of this total \$450 has been apportioned Lynden.

A subscription list has been started at the First National Bank, and those who desire to contribute are asked to make their donation before Feb. 27.

The Lynden Post issued the following statement today in regard to the Memorial:

"The American Legion, because it believes in Americanism first, last and all the time, has undertaken the collection of these donations. In asking your support, it desires to bring home the fact that this memorial is for the purpose of furnishing a lasting and concrete evidence of our belief in American ideals, the American constitution, and the American people's faith in democracy as a means of solving the world's problems."

"The local post believes that Lynden people would prefer to donate whatever they care to rather than to be interviewed and asked to subscribe. Think this matter over, and if America and Americanism means a dollar to you, say so at the First National Bank before Monday, Feb. 27."

Dr. F. L. Wood has been named Lynden chairman for the campaign here.

GIVES INFORMATION ABOUT NEW LUXURY TAXATION

With the repeal by the revenue act of 1921 of the so-called "luxury tax" on articles of men's and women's wearing apparel and other changes in tax legislation, the Bureau of Internal Revenue has issued new regulations (47 and 48) relating respectively to the excise tax on sales by the manufacturer of certain articles—automobiles and accessories, cameras, candy, fire arms, cigar and cigarette holders, liveries, hunting garments, carpets, rugs, trunks, etc., and the excise tax on works of art and jewelry.

The principal changes in the latter taxes are that the tax on works of art is reduced from 10 to 5 per cent and that the tax on jewelry and similar articles, which remains at 5 percent no longer includes gold or silver ornamented glasses and spectacles. The tax on works of art attaches on all sales except the original sale by the artist, a sale to an educational institution or public art museum and sales by dealers for resale.

While the tax on musical instruments has been repealed, certain instruments such as cornets, clarinets, etc., if made of or ornamented with silver or other precious metal are taxable.

Monthly returns and payments of the tax on works of art and jewelry are required of the vendor.

Section 904 of the revenue act of 1921, which in the revenue act of 1918 included the tax on certain articles of wearing apparel, provides only for a tax of 5% of the amounts paid for the following articles in excess of the following prices: Carpets, \$4.50 a square yard; rugs, \$6 a square yard; trunks, \$35 each; valises, traveling bags, suit cases, hat

INTERNATIONAL GAME FOR FANS

Lynden Team Will Play Mohawk Champions of Westminster Here Wednesday

The Lynden Athletic Association will endeavor to give the fans another fast game of basketball next Wednesday evening at the high school gymnasium, when they will play the Mohawk Club of New Westminster, B. C.

This team won the championship of the City League of New Westminster this season, and have not been defeated. Another interesting feature of the game will be to see the class of game the Canadians play. It is said that they play somewhat differently than the teams in the U. S.

The Association is under considerable expense in bringing this team here, but they believe that the fans enjoy good fast games, and that their continued good support will more than offset the expense of the undertaking.

On Tuesday evening, the Association team scored a glorious victory over another all-star team from Bellingham, winning 24 to 22.

The visitors were one of the cleanest playing and fastest teams that ever played on the local floor. While they played under the name of the Alaska Business College, they were picked players from the best teams in Bellingham. Basketball critics who saw the game said that they did not think that any better team could have been brought from the city.

The game started off the same as the last one, with the visitors taking the lead early in the contest, but Lynden gradually crept up and the first half ended 14 to 13 in favor of the Lynden team.

There is little doubt, but what Lynden has one of the fastest teams in the Northwest this year, and the boys certainly deserve a lot of credit for their hard work in getting their team in such first-class condition.

The line-up of the teams was as follows:

Lynden—Dunker and Bentley, forwards; B. Vander Griend, center; W. Meurer, and Rathbone, guards.

Bellingham—Jenkins and Olman, forwards; Smith, center; Jepson and Dawson, guards.

Substitutions—Hickey for B. Dunker; Dunker for Bentley.

The Blaine district will further agree to furnish free books if the districts will increase their attendance so as to guarantee the Blaine district \$2500 for the year's attendance.

The Blaine school directors also decided in favor of free text books for next year, the pupils in the grades to be required to make a deposit of \$1.00 and in the High School a deposit of \$2.00 to protect the district against misuse of the books.

Word has been received from La More, Cal., that Ernest Meenk is improving slowly, but will have to remain at the Hanford hospital for about three weeks. The Meenk family will not be able to return by the end of the month as planned.
