

NORTH COAST OUT IN OPEN

McCrea & Merryweather, real estate agents who several months ago purchased Ide av. property, ostensibly for railroad purposes but who had always refused to tell what railroad company they represented, gave up the desired information to the council street committee yesterday afternoon in a letter from Robert E. Strahorn, president of the North Coast. It was at the conference between the property owners of Ide av. and the street committee. Since the railroad began to purchase lots along the avenue, the street improvement was held up by McCrea & Merryweather's request. But the insistence of other property owners, however, finally got the committee to work. For several times the agents succeeded in having the improvement postponed. But yesterday in a last effort it was forced to divulge its identity. The improvement was ordered notwithstanding, as no application for franchise has been made and the deal looks speculative. Strahorn offered to grade and sidewalk the north side of Ide from Cedar to Oak as a compromise.

BUSINESS CLUB IN UNION PARK

Property owners in the eastern part of the city last night perfected organization of the Union Park Businessmen's club, with a membership of 60. The officers elected are A. J. Ziv president, C. B. Bernard vice president, A. D. Galsford secretary, C. B. Hull treasurer.

urer. The object of the club is the advancement of all Union Park interests. Businessmen of that part of the city are actively interested in the organization. The next meeting is set for Monday evening at Improvement hall, Sprague and Napa.

FIREMAN QUILTS UNDER CLOUD

W. C. Hasbrouck, fireman at station No. 5, resigned this morning and the fire commissioners appointed H. A. Swett in his place on probation. Hasbrouck was mixed up in the recent fire department scandal over a young girl in which Glen Clark, of station No. 9, fled the city and several firemen resigned.

SCHOOL CENSUS COMPLETE

Completion of the school census shows a total of 16,300 pupils this year, an increase over last year of 825. In the number of children of school age the First ward leads with 4,430. The second shows a continuation of decrease owing to the enlargement of the business district, the returns showing 1030 against 1,209 last year. The Third ward gained 2,403, a gain of 43; Fourth ward 4,268, gain 288; Fifth ward 2,865, gain 142; Bisbee precinct 355, gain 35.

WOODEN MAINS MUST PASS INSPECTION

Hereafter all wooden water mains laid by realty owners in new additions must first be inspected and favorably reported by the city engineer before water rights will be granted. The action was taken yesterday afternoon at the meeting of the finance committee of the city council. The committee recommended that the wooden water systems of the Whitehouse Heights and Whitehouse Heights B. additions be taken over by the city. The city engineer reported that he had inspected the systems in 11 different places and found them to have been correctly laid and in good condition. The pipe was laid at a cost of \$4,500. The city is now deriving a 12 per cent revenue and will refund the cost of installation according to the agreement.

BANDIT LOOTS CHURCH

Some sacrilegious rascal last night robbed the Congregational church of a carpet sweeper, wheelbarrow, pick and shovel and buck saw, according to a report made to the police this morning by J. Henwood, janitor.

Many people like Box Ball better than bowling. Only 10 a game.

NEWSIES BUSY ON PICNIC

Arrangements for the newsboys' picnic to be held Thursday at Natatorium park were made last night at a meeting in the Y. M. C. A. building presided over by Arthur Prague, a former Portland newsboy, who is working up a movement to establish a newsboys' home here. A plan to organize a Spokane Newsboys' association similar to one in Portland was explained by Mr. Prague and adopted. Mayor Moore was elected chairman of the meeting to follow the picnic in the park theater Thursday evening, and Judge Humeke was made secretary. An athletic program has been arranged with a prize list for the afternoon. Mayor Moore, Judge Humeke and others will speak. Thursday morning at 10 o'clock the boys will parade on the business streets with their papers.

CENTRAL UNION LOOKS UP BREWERY STRIKE

The central labor union last night appointed a committee to investigate the trouble between the Schade brewery and the union bottlers, who are on strike along with the drivers and brewers. The committee will not report until tonight.

WANT CITY TO BUY MORE WOODEN PIPE

A. L. White and Fred Grinnell were before the board of works yesterday trying to secure a recommendation for the city to take over more of the wooden pipe laid in the vicinity of Manito park. The matter was referred to Commissioner Wetzel for investigation. White and Grinnell claimed that the system referred to was laid in accordance with specifications such as were satisfactory to the city. The pipes were laid several years ago. The city will be asked \$2,000 for them. But before a deal is entered into a thorough inspection will be made by Commissioner Wetzel.

PROTESTS AWARD OF JUNIOR LEAGUE CUP

As manager of the Giants, Tom Clancy protests the claim of the St. Joseph's team to the cup in the Junior league. He says that the St. Josephs and Giants were to play three games for the championship, whereas they have played but one, which the St. Josephs won. Clancy on behalf of his team insists that the remaining two games be played before the cup is awarded.

FALSE ALARM REWARD

An ordinance authorizing payment of \$25 rewards for persons who send in false alarms will be introduced tonight in the council. Sending in alarms for the fun of seeing firemen risk their necks for nothing has been a popular form of amusement in this city for some time and a determined effort will be made to stamp it out.

COL. WHARTON VERY ILL
Col. S. M. Wharton, age 60, a wealthy realty owner, is ill at his home, 710 Superior st. He was recently operated on at Rochester, Minn. He got well and was apparently in good health on a recent trip to Georgia. En route home he took sick again and went to Rochester for a second operation.

Dawes For Treasurer

CHICAGO, June 23.—Charles G. Dawes, president of the Central Trust Co., was the first choice of the Taft leaders for treasurer of the national committee.

CHARLES G. DAWES

lius N. Bliss, who has long held the place. Dawes, however, was busy with the affairs of the bank and other business interests, and was not ambitious to gain the honor. He laid down conditions of acceptance so hard that it placed his selection in doubt and led to the consideration of other names. Dawes became a political star in 1896, when he successfully led the movement to win Illinois for McKinley. The latter appointed him controller of the currency.

FINNISH WOMAN HAS VANISHED

The disappearance of Sanna Luoma, age 29, a domestic who was employed by Mrs. Peter Morrison, 1928 Second av., has been reported to the police by Otto Hyden. She is a Finnlander and has been in America only about eight months. On Saturday she showed signs of dementia and then disappeared. She is described as medium height, brown hair and blue eyes.

PIONEERS' PICNIC SATURDAY

Old timers of the county plan a great time at Liberty Lake next Saturday when they will hold their annual picnic. Only those who were residents of the county prior to Nov. 29, 1884, are eligible as members. A special round trip fare of 50 cents for adults and 25 cents

for children has been arranged with the Inland Empire railroad. Program of music and addresses has been arranged. Talks will be made by Pres. George Hollway, Judge L. H. Prather, Fred Pugh, J. E. Gandy, Stanley Hallett and M. M. Cowley. Special trains will leave Spokane for Liberty Lake at 6:20, 8:30, 10 and 11:40 a. m.; 1:15 and 6:45 p. m. Returning specials will leave the lake at 2:12, 5, 6:12, 8:30 and 10:30 p. m.

PILES WILL TRY TO DELIVER THE GOODS

SEATTLE, June 23.—Sen. Piles has declared his intention to take the stump and do his best to deliver the state to Ankeny, as he agreed to do when Ankeny made a deal to put Piles in the senate. A desperate effort has already been made by McGraw to bind King county to this agreement.

PREACHERS HIT LINCK

TACOMA, June 23.—The preachers of this city have taken a hand in the fight on Mayor Linck over the licensing of disorderly houses, and after giving the mayor a hearing passed resolutions condemning his course. The mayor explained that he had tried to keep vice restricted to one district and regulated so far as possible, but the ministers refused to accept this as an excuse.

NEW PARK AT LIBERTY LAKE

The Inland Empire system is planning an expenditure of \$10,000 at Liberty lake. A diving float and pier will be built. The pier will be 75 feet wide and extend into the lake 300 feet. Thirteen acres on the lakeshore have been acquired for park purposes.

DEAL TO HELP HEALTH BOARD

There is a deal on between the crematory department and health department whereby it is expected that hereafter all inspection of dirty alleys and vaults will be done by a man of the crematory department. This will relieve the health department of two inspectors. The health department had contemplated asking the council for the right to appoint three additional inspectors tonight, but since the crematory department negotiations are on in all probability the health department will withdraw the request.

There are at present five health inspectors, and according to Health Officer Grieve if the crematory department will look after alleys and vaults the department can get along with that number for some time yet.

The crematory department last month was self-sustaining, and the probabilities are that in another month it will be making some money and can afford to put on inspectors, thus relieving the health department of the added expense.
