THE BATTLE FOR PENNANT IS ON

BATTERIES: M'CAMMENT AND BYRNES KILLILAY AND SHEA

A fairly good crowd was present this afternoon at the opening game of the series that is largely to determine who gets away with the pennant.

From the cries of the fans it was evident that they were base ball hungry and eager for the fray.

First Inning. Tacoma 2 Spokane 0

Second Inning. Tacoma 0 Spokane 1

The Indians blanked the Tigers in short order in the second. In their half one of the Indians drew

base by being hit. A triple to right brought in one run.

Third Inning. Tacoma 0 Spokane 1

Tacoma-In the third Warren got a hit and Mott walked, but it was of no avail, as the next three men went out in one, two, three order.

Spokane-Spokane evened things up in the third. Killilay walked, went to second on Netzel's sacrifice, to third when Mott fumbled Cooney's drive and scored on Nor-dyke's long fly to center.

Many School Girls Meet Death in Frightful Train Wreck.

ROXAN, France, Aug. 15.-Thirty-two persons were killed and 100 were injured yesterday as the result of a passing train from Bordeaux, carrying 1200 excursion-ists, crashed into a freight train at Sauton, while running 50 miles an hour.

Many of the victims were school-girls. Several of the passenger cars were torn to splinters. A split switch caused the accident.

Did You Know? Did you know that seven years ago you could "cut" cross lots from the court house to Natatorium park, there were so many vacant corner lots. Now the whole section is densely settled.

That John W. Graham, whose store was burned last week, sold newspapers on the street when he first came to Spokane, and that later he sold periodicals in a tent.

That the writer of these reminiscences would feel deeply grateful for communications of your own, to further embellish the little column.

That some years ago the people owned the right to all the water power in the Spokane river, and that they gave most of it away to a private corporation.

"Who is that woman you tipped your hat to this morning?" "Ah, my boy, I owe a great deal to her."

"Oh, your mother?" "No, my washerwoman."

LEADS THE BUNCH IN BIGGEST AUTO RACE OF THE YEAR

What do you think of it? Here's a green, tank outside coming in and nosing the champion binglers out of first place in the greatest automobile race ever pulled off.

There's something besides glory in being the champ hitter in major league base ball this year—a big touring car is the prize that the best batter will receive no a silver platter.

And it looked like Ty Cobb and Nap Lajoie would have the race all to themselves. Nobody in the National league seemed to have a stand-in. And then Larry Slumped and the swatting Tiger began to sulk, while recruit Snodgrass of the New York Nationals began hustling to the front like a real auto racer.

Snodgrass is so near the 400 mark that Larry and Ty get cold chills every time they think about that auto that they ought to win.

"Snod" was picked up from a Los Angeles college team last season. He used to be a catcher, but Muggsy figured it out that a man who could rap the ball on the nose at such frequent intervals ought to get every chance to face the pitcher, so he made a crackjack out of fielder out of "Snod."

Speakers did not mince their words

Good Government League Rally a Grand Success—Candidates Make Talks.

Fully 1200 people, among them a good sprinkling of candidates, attended the good government rally Saturday afternoon at Marquette park, under the auspices of the farmers' club and organized labor.

No doubt the ears of some of the candidates now out for county office burned during the progress of the meeting, as some pretty hot shots and plain truths were handed out by the speakers.

H. A. Jarvis, president of the Central Labor council, presided over the meeting. R. B. Martin of Opportunity, the first speaker, paid his respects to Fred C. Pugh, prosecuting attorney, and Cal Atkinson, county clerk, who are candidates for reelection. He charged Mr. Pugh with the failure of the grand jury to get to him he would not be filling an office in the courthouse today.

Mr. Martin said that Allan Scott, who is trying to beat Commissioner Phillips for renomination, is but an understudy of George Collins, president of the county machine. Martin urged joint action by the farmers and the union men until the courthouse is freed from the last representative of the old gang.

Mrs. Minnie J. Reynolds made a fine and scholarly plea as to why women should be given equal suffrage. She told what women had accomplished where they have the ballot and of the great work yet to be done.

R. C. Coates talked along the line of principles and said that measures were more needed than men to bring things to a proper head in this county. He endorsed the movement for good government and said that the labor unions of Spokane are found in the van of every movement for the betterment of their fellow men.

John L. Wiley, candidate for prosecuting attorney, said that if he is successful in November the law will be enforced without fear or favor. He registered a firm protest against the sweating of prisoners and the methods of the "third degree."

County Commissioner J. S. Phillips pledged a continuation of the policy of good government, by the board of county commissioners. "Look at the books; they are open," said the speaker.

A. W. Swenson told of the effort of the Central Labor council to get a grand jury, and how the superior judges turned down the plea. He

to destruction, had been controlled, but the damage wrought will be irremediable.

Twenty-one pavilions housing the fruits of artists and scientists of by-gone days, containing precious canvases and fabrics, were consumed.

Colossal Fortune in Art Treasures Destroyed—Cross Wires Did It.

BOOSTING FOR THAT PENNANT

Thousands Welcome the Fast-Fighting Indians Back Home.

Jack Killilay, alias "Hand-some Jack," will do the flinging for Spokane this afternoon. The game begins at 4:30 and there'll be plenty of time to see most of the circus and the game too.

Just to show Joe Cobb and his ball-bling aggregation that their pennant-striving efforts are appreciated, and just to prove to the other cities in the Pacific states that, baseballically speaking, Spokane is still on the map, several hundred fans and fannieses swarmed about the Great Northern station this morning when the train from the Sound drew in, and gave the returning Indians a right royal reception.

The city was officially represented by Mayor Pratt and Commissioner Mudgett, while Councilman Andy Cartwright was also to be discovered in the crowd. Henry

COMPELLED TO KILL OR BE KILLED

Youth Gives His Version of Killing Near Lewiston.

(By United Press Leased Wire.) LEWISTON, Ida., Aug. 15.—Fourteen men, known to be dead and 50 are buried under a fallen concrete wall at Messina, N. Y., according to a dispatch received here today. Frantic rescuers are trying to tear away the ruins and save those imprisoned beneath.

The men who were killed were working on the wall which was intended as the foundation for a power house. Without warning the wall gave way, pitching forward on the working men. A score of injured have been taken to Cornwall, Ont., and Ogdensburg, N. Y. It is believed that fully 50 men are still under the tons of concrete.

Thomas stated that he and Lavery left a picnic yesterday and stoned for the Odum cabin. When they reached the cabin, according to Thomas, three men were found there, and as the door was opened, one of these men placed a shotgun in the hands of the boy and at the same time leveled a revolver at him, directing him to shoot Lavery, who was near by. The boy says in his fright he obeyed the command. He states he then returned to the picnic grounds and reported the occurrence. Parties returned to the cabin and found Lavery's dead body outside.

Officers are questioning Thomas in an effort to secure a further statement which may throw light on the killing.

GAYNOR IMPROVES

NEW YORK, Aug. 15.—Gaynor's condition this morning is satisfactory, according to the attending physicians. He slept well last night and was able to take more stable nourishment.

This bulletin was issued early today, signed by Doctors Arlitz and Dowd. All the medical men in attendance on New York's wounded executive agree that his condition is excellent. In private they admit that they confidently expect their patient's recovery.

MURDERS CONNECTED IN STORY

Deaths of Edith Woodill and Mrs. Charlton Linked in Paper's Report.

(By United Press Leased Wire.) BALTIMORE, Md., Aug. 15.—The death of Edith May Woodill in the secluded bungalow of "Lame Bob" Eastman, at St. Michaels, Md., and the murders of Mrs. Mary Scott Castle Charlton of Lake Como, Italy, are linked together today by the Baltimore Sun.

The Sun suggests the possibility that Mrs. Charlton was the woman referred to in Eastman's letters as having killed Mrs. Woodill with a champagne bottle. It is stated that the residents of Talbot county, Maryland, recognized pictures of Charlton and his wife as those of the couple seen with Eastman before Mrs. Woodill was murdered.

"Persons professing to have seen the party at the bungalow say that the pictures published of Charlton's wife and of Porter Charlton were those of the man and woman seen at Eastman's bungalow," says the Sun.

Charlton worked for the National City bank here in June, 1909. The Sun continues:

"It is possible that he may have left here and gone to St. Michaels, where he met his future wife, Charlton visited St. Michaels four or five times and liked the place."

The bank records show that Charlton was not absent from duty any business day in June, 1909. Mrs. Woodill was murdered June 21. Eastman shot and killed himself shortly afterward while being pursued by deputy sheriffs.

The Sun recounts the riotous scenes at the bungalow as described by neighbors, and refers to the temper of Mrs. Charlton and the fact that she drank heavily.

The coroner's jury returned a verdict that an unknown person killed Mrs. Woodill, ignoring circumstantial evidence that indicated that Eastman was the slayer. Many people still believe Eastman was innocent of the woman's death, and attribute his suicide to the fact that he was a fugitive from justice.

WALLACE, Idaho.—Several hundred pounds of dynamite were exploded in the air here yesterday, on the theory that the concussion would bring thunderstorms, and that the rain would help in fighting the forest fires. The scheme worked, and a heavy thunder shower resulted.

WILL TOUR WEST TO HELP END WHITE SLAVE TRAFFIC

(By United Press Leased Wire.) LA CROSSE, Wis., Aug. 15.—In the near future a notable array of purity workers, members of the American Purity federation, will make a tour of the west, the chief purpose being the suppression of the white slave traffic.

The tour is being arranged by B. S. Steadwell, president of the federation. It is said the trip will be the biggest movement of its kind against vice ever seen in the west.

The itinerary will include all leading Pacific coast cities.
