

## BELIEVE FOUR BAD MEN CAUGHT

Believed to be guilty of a series of crimes perpetrated in eastern Washington within the past three weeks, four men giving their names as James Smith, Ed Wheeler, George Garing and Harold Holcomb, are in custody at Chevelah, having been captured by Town Marshal H. W. Hood and a deputy sheriff of that place last evening. Wheeler, who is also known under the aliases of Diamond and Lawler, is known to be a desperate criminal, he having been released only a few months ago from Walla Walla penitentiary, after serving a five year term. The men were attempting a holdup when captured, and are believed to have been implicated in a bank robbery at Springdale, a similar robbery at Post Falls and the dynamiting of a safe at Deer Park.

## CANDIDATES FOR THE COMMITTEE

W. C. Gray of 414 Sixth avenue, and Edward C. Meyer of E1913 First avenue have filed with the city clerk declarations of their intentions of becoming candidates for selection as members of the committee of 15 which is to be selected at a special election on September 27 for the purpose of preparing a new charter for the city of Spokane.

## S. F. POLICE CHIEF TO RESIGN

(By United Press Leased Wire) SAN FRANCISCO, Sept. 14.—As the result of charges of grafting in the tenderloin by members of the police department, it is expected that Chief of Police Martin's resignation will be tendered at the meeting of the board of police commissioners tonight. Martin denies that he intends to resign, but officials of the district attorney's office say that this is the program.

## SPEAKS FOR THE CHARTER REVISION

Rev. Herbert S. Bigelow addressed a considerable gathering of business men and the members of the commission government committee in the hunter's room of the Hotel Spokane at noon today, the subject of his remarks being the commission plan of government. Among those who attended was Hon. Miles Poindexter.

## WHAT THE WEATHER MAN SAYS TODAY

Normal to moderately high pressure obtains eastward from the Rockies, with crests advanced to the lake regions. Moderately low pressure prevails between the Pacific and over western Canada.

Rain fell in the lower Mississippi valley and on the south Atlantic coast.

Morning temperatures were moderate excepting over Arizona and from Texas to the south Atlantic coast. Conditions are somewhat unsettled in the extreme west but give a probability of fair weather in this vicinity.

## BEGIN LAYING WATER PIPE TO NORTH SECTION

Some of the residents of the northeastern part of the city are to shortly to secure relief from the water famine which has troubled that section for so long. General Superintendent Simpson of the water construction department will tomorrow set a gang of men at work on Crestline avenue digging ditch for a 10 inch pipe which will be laid north from Empire avenue for a distance of 800 feet. This amount of pipe is now on hand and it is expected to have water in the mains within a few days. The Lyons school for boys will be among those to receive water from this main.

(By United Press Leased Wire.) WINNIPEG, Sept. 15.—The Countess Antrim, who is a guest at the Royal Alexandra hotel, today told the police that she was robbed last night of jewelry valued at many thousands of dollars. Among them were many which had been in her family for hundreds of years.

## PRESSOGRAPHS

Money was certainly floating about the voting polls Tuesday. The men working for Burke stood around handing out \$5 and \$10 gold pieces to the men who would distribute cards bearing photographs of the candidate. Sure, the fellows took the money, but the cards were found in packs lying about the streets or in an alley.

A certain promising young doctor is somewhat of an automobile enthusiast, but he hasn't forgotten the time he had trying to make his auto climb the hill the other evening while on a trip to St. Luke's hospital. The car waited at the foot of the hill at the corner of Sixth avenue and Bernard street until the doctor made his visit and came back.

Men in Spokane have the habit of flitting. Maybe they don't always stand on a corner and make eyes. They sometimes use the telephone. The other day a telephone rang at a family residence. The small boy answered the phone. "Is Marie there?" came from a deep voice.

## TAFT WILLING T. R. SHOULD RUN AGAIN

Regards Colonel's Activity  
Sorrowfully, Not  
Angrily.

(By United Press Leased Wire.)

BEVERLY, Mass., Sept. 15.—President Taft is convinced that Colonel Roosevelt is planning to be a presidential candidate in 1912, and he is determined to give the colonel a clear field. The president does not want a second term.

This information came from an authentic source. It is stated that Taft will not move against Roosevelt, no matter what tactics Roosevelt may adopt. He regards the colonel's activity sorrowfully, not angrily.

The president has been advised that the administration has not been advertised properly, and what it has accomplished has not been brought to the attention of the people vividly enough. A press agent has been recommended. Taft has not been convinced, however, and the "soft pedal" policy now in effect undoubtedly will continue.

## CAN'T MISS ANIMALS' PEDIGREES AT THE FAIR.

The fact that you may be city bred and correspondingly ignorant of the fine points of live stock will not prevent you from knowing all about the prize animals that will be exhibited from all parts of the country at the Spokane Interstate fair this year. Realizing there are thousands of admirers of live stock, without expert knowledge of the subject, the fair management, for their particular benefit, has arranged this year to have every thoroughbred animal on exhibition labeled with a detailed description of the particular breed to which it may belong.

## URGES LABOR TO GET TEN MEN ON COMMITTEE

Editor The Press: The labor element represent 67 to 75 per cent. of the voters in this city. But why do they only get one-third of the charter commission committee? And this committee is headed by ex-City Attorney Blair and ex-Alderman Ostrander.

Te former, in cahoots with Judge Mann, gave labor some good lessons last winter, and the latter ordered the labor committee thrown out of the city hall when they asked for increase in their wages. And a large real estate firm is represented by one of their salesmen, a firm well-known around Hillyard.

Working men, set up five more of your own men and then elect all ten; then you will have what you are entitled to. And don't let the saying come true, that "the masses are asses."

JOHN ERIKSON.

COLUMBUS, O., Sept. 15.—Governor Harmon has called upon Attorney General Denman to take up a grand jury investigation of the Columbus street car strike.

## Theatrical

### "ROSE OF RANCHO"

"The Rose of the Rancho," to be presented next week at the Spokane theater by the Baker Stock company, is the most notable success of that organization since their inauguration in Spokane.

Mr. Franklin Underwood will have the part of Richard Kearney, the young government agent, and Miss Slosson will play that of the Spanish-American heroine, Juanita. Owing to the magnitude of the production the curtain will rise promptly at 8 o'clock for evening performance, and at 2 for the matinees on Sunday, Wednesday and Saturday.

### "WITCHIN HOUR" SATURDAY.

John Mason, heading an excellent cast, will be the next attraction at the Auditorium theater, which has for four performances, "The Witchin Hour," opening Saturday night, Sept. 17.

Without attempting to be academic, Mr. Thomas has taken for the motive of his play the all-absorbing subject of telepathy and dynamic thought and weaved it into a story that holds the attention of

the playgoer from the very first line until the final curtain.

TOLEDO, O., Sept. 15.—Two hundred agents, clerks and telegraph operators have demanded a 20 per cent increase in pay from the Toledo, St. Louis & Western railroad.
