### THE NEWS IN BRIEF

#### General.

President Diaz of Mexico, has issued a proclamation announcing a centennial celebration of Mexican independence on September 15, 1910.

The Italian government has sent \$20,000 to relieve the earthquake sufferers in southern Italy. The pope has sent money and ordered churches thrown open to care for the destitute.

Crops throughout Scotland have suffered damage within the last fortnight by excessive rains. The loss is estimated at \$15,000,000. America will be called upon to make up the deficiency.

The Brazilian government has approved a project to destroy the coffee crop of 1908 and pay for it in bonds of the nation, to save losses to planters, resulting from excessive production.

The Chicago police yesterday discovered a destitute family of unusual character. One child was dead, three others dying from diphtheria, the father was disabled with rheumatism, the mother laid up with a crippled arm, no food in the house and no money with which to buy food.

#### Northwest.

W. H. Ramthun, an aged German, committed suicide at Centralia, Wash., yesterday.

Dr. F. R. Cross, an Oregon man, killed himself at Panama yesterday. He was a prominent dentist.

J. E. Lamborn died at Portland from cancer. He had been treated and pronounced cured by a "Dr." J. O'Keefe, "cancer specialist," and the district attorney is investigating.

Charles Hayes said to be a grandson of ex-President Rutherford B. Hayes, was fined \$2 in the Portland police court for drunkenness yesterday.

A proposed new ordinance governing saloons and limiting them to a certain area, is under consideration at Spokane. If passed it will close up or make move to the specified area, 200 gin shops.

#### MILLIONS FOR DRINKS.

#### Enormous Income for Portland From Licenses for Saloons.

The statistician put in overtime last week in computing the amount of money spent for all kinds of "brain storm jobs" in Portland in 12 months. In this respect the Oregon metropolis is no worse and, possibly, no better than other places in the state, unless it be Baker City, says an exchange.

There are 438 saloons in Portland that pay a yearly license of \$800, 10 wholesalers and rectifiers who pay a yearly tax of \$600, six wholesalers who pay annually \$400 each, and 26 groceries and restaurants which pay \$75 a year. The total revenue derived by the city from liquor licenses is \$364,300. Figure at 15 cents a drink, Portlanders take 2,428,000 glasses of whiskey each year, or 12 drinks for each of the 200,000 inhabitants of the Rose City are required to pay the licenses for the liquor dealers. Placing the money spent for licenses at 10 per cent of the total value of business transacted by the dealers, the annual sum spent for intoxicants in Portland is approximately \$2,642,000.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine." The Pendleton Drug Co.

Benjamin suits are the best made, sold by Bond Bros.

#### THE BIG GAMES.

#### Important Athletic Contests Scheduled for Today.

New York, Oct. 26.—So far as the eastern colleges are concerned, the football games to be played today are not of great importance, being for the most part in the nature of practice games for the more important contests to come next month. One of the most interest probably will be the contest between the University of Pennsylvania and the Carlisle Indians at Philadelphia. The Naval Cadets and Lafayette meet at Annapolis, West Point plays the University of Rochester and Princeton lines up against Cornell. Harvard plays the Springfield Training School and Yale has a game off with Villanova college.

The most important games in the middle west will be those of Ohio State University and the University of Michigan at Ann Arbor, Illinois and Wisconsin at Madison, and Drake and Iowa at Iowa City. Chicago and Minnesota have no games scheduled.

In the south the old-time rivals,

## DRINK PLENTY OF GOOD WATER

### SPLENDID PRESCRIPTION EASILY PREPARED AT HOME

Nature's Great Remedy for All Diseases Too Often Neglected by People—Gives Simple Directions to Prepare a Good Home-Made Mixture.

"The people here do not drink enough water to keep healthy," exclaimed a well known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicine—plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was:

"You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients which can be obtained from any good prescription pharmacy. Any one can mix it by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

#### WHAT'S COMING.

#### News Forecast for the Ensuing Week

#### —Trial of Pettibone to Begin.

Washington, D. C., Oct. 26.—The trial of George A. Pettibone, charged with complicity in the Steunenberg assassination, is now scheduled to begin next Monday at Boise, Idaho.

Michigan Day will be celebrated Tuesday at the Jamestown exposition by an attendance of Governor Warner and a large party of other notables from the Wolverine State.

A constitutional assembly will convene in Santo Domingo Tuesday to incorporate into the constitution of that diminutive republic the recent treaty concluded with the United States.

Delegates from various parts of the United States, Canada and Europe are expected to take part in the National Purity Congress, which is to meet at Battle Creek, Mich., Thursday for a week's session.

Several events will take place during the week of especial interest to those concerned in the remarkable prohibition campaign that has swept over the south during the past 12 months. On Monday a special election will be held in Birmingham, the metropolis of Alabama, to decide the prohibition issue. On Friday the Pendleton law will come into operation in Tennessee, which means that after that date saloons will exist nowhere in that state except in Memphis, Nashville and Chattanooga.

The attention of the automobile world will center during the week on the big motor car shows in New York city. The exhibit which has held forth in the Grand Central Palace for one week will continue until Thursday and two days later, on Saturday, will come the opening of the big annual automobile show in Madison Square Garden.

There is more catarrh in this section of the country than all other disease put together, and until the last few years was supposed to be incurable. For a number of years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Chaney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system, and cures in a few short days for any case it fails to cure.

Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75¢.

Take Hall's Family Pills for constipation.

#### THE BIG GAMES.

#### Important Athletic Contests Scheduled for Today.

New York, Oct. 26.—So far as the eastern colleges are concerned, the football games to be played today are not of great importance, being for the most part in the nature of practice games for the more important contests to come next month. One of the most interest probably will be the contest between the University of Pennsylvania and the Carlisle Indians at Philadelphia. The Naval Cadets and Lafayette meet at Annapolis, West Point plays the University of Rochester and Princeton lines up against Cornell. Harvard plays the Springfield Training School and Yale has a game off with Villanova college.

The most important games in the middle west will be those of Ohio

State University and the University of Michigan at Ann Arbor, Illinois and Wisconsin at Madison, and Drake and Iowa at Iowa City. Chicago and Minnesota have no games scheduled.

In the south the old-time rivals,

Virginia and North Carolina, play their annual game at Richmond today. Alabama and Georgia meet in Montgomery, Vanderbilt and Ross Polytechnic at Nashville and Mississippi and Sewanee at Memphis.

#### KILLS OPPONENT AND SELF.

Laramie, Wyo., Oct. 24.—Wm. Lepper, an old citizen of this city, shot Judge Charles W. Bramell three times through the head yesterday afternoon in the latter's office. He then entered an adjoining room and sent a bullet through his own brain dying without regaining consciousness.

Lepper was one of the litigants in the famous suit of Julius Conrad against Lepper which has been in the supreme court for several years. It originated in California in a transaction about some mining shares and when it was finally decided Lepper made threats to kill Judge Groesbeck, of the state supreme court, Judge Carpenter of the district court, Judge Bramell, an attorney in the case and Corlett Downey, attorney for Conrad. This afternoon he went to Bramell's office armed with a revolver and without a word of warning opened fire.

#### GREAT CRUSH AT CHATTANOOGA

Crowd at Tennessee City Could Not be Controlled and Was Almost a Panic.

Chattanooga, Tenn., Oct. 24.—Probably 20,000 people were in danger of injury last night at the central station when President Roosevelt's special train rolled into the shed at 6:10. It was a surging mass of humanity that could not be controlled. The demonstration was so great that it was impossible for the president to speak. He made many attempts but finally gave it up. The cheering was almost incessant and in the wild rush to get close to the president's car, women were carried off their feet and men had to fight back the avalanche of humanity.

The president consumed 19 minutes in speaking not more than a single paragraph, the crowd being utterly uncontrollable.

#### Out of Sight.

"Out of sight, out of mind" is an old saying which applies with special force to a sore, burn or wound that's been treated with Buckle's Africa Salve. It's out of sight out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by Tallman & Co., druggists. 25¢.

A "Dry" October in Oregon. October, 1907, may go down in local history as a very peculiar month, so far as weather conditions are concerned. So far, with two exceptions, there has been no October in the past 37 years, or since the establishment of the Portland weather bureau, showing such infrequency of rain, says the Portland Telegram. The exceptions noted were in October, 1847, when there was but .36 of an inch of rain, and October, 1895, which showed but four traces, none of which came in measurable quantities. That the light rainfall of the present month is far out of the ordinary may be learned by turning back over the files of the records, which reveal the average precipitation of October to be .36 inches. The greatest downpour of any October was in 1882, when 11.63 inches of rain fell. Records on file show that the rainy season usually begins about the middle of October. From then on until in the spring fair days are far in the minority. However, it is often cloudy when no rain occurs, and again the precipitation is frequently in the form of a mist.

#### Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law, as it contains no opium or other harmful drugs, and we recommend it as a safe remedy for children and adults. The Pendleton Drug Co.
