**COUNCIL LETS HALF  
 OF CEMETERY CONTRACT**

Enough Money Is Paid in for Cemetery  
 Water System to Inspire Completion  
 of Project — City May Construct  
 Reservoir by Day Labor as Bids  
 Were All Too High—List of Those  
 Who Have Paid.

Neagle Brothers were last night  
 awarded the contract for the piping  
 for the proposed cemetery water sys-  
 tem. Their bid was \$2613.12.  
 This contract was only for the piping  
 and the contract for the reservoir  
 still remains unprovided for as the  
 council was of the opinion that all  
 bids submitted so far are in ex-  
 cess of the cost. It is possible that  
 the concrete reservoir will be con-  
 structed under the supervision of the  
 council as it was declared at the meet-  
 ing last evening that fully \$1000 could  
 be saved to the cemetery fund by so  
 doing.

Recorder Fitz Gerald reported last  
 evening that a total of \$1388 has been  
 collected in subscriptions so far. In  
 addition to this sum, the city has  
 \$763.71 available and Charles H. Car-  
 ter as trustee of the Sarah Fitz-  
 Thompson estate, announces that the  
 \$2000 left by the deceased for ceme-  
 tery improvements is now available.  
 It was upon these representations  
 that the contract for the piping was let  
 last evening.

The following are the subscribers  
 paying up thus far: Standard Gro-  
 cery company, \$25; John Gagen, \$25;  
 G. R. Demott, \$25; Baker & Folsom,  
 \$50; W. C. Kennedy, \$10; E. J. Mur-  
 phy, \$25; George D. Fell, \$5; Mrs. C.  
 E. Fell, \$10; R. O. Hawkes, \$5; E. F.  
 Terney, \$10; Otto Hohbach, \$2.50; E.  
 E. Ferguson, \$25; J. M. Ferguson,  
 \$25; Will S. Ferguson, \$25; W. S. By-  
 ers, \$25; J. S. Kees, \$2.50; J. P. Rob-

**COLDS**

The very hour a cold starts is the  
 time to check it. Don't wait—it may  
 become deep-seated and the cure will  
 be harder then. Every hour lost at  
 the start may add days to your suf-  
 fering. Take

**F & S**

**Cold Capsules**

Used in time they save all that  
 might follow—sickness, worry, ex-  
 penses. They never fail.

**THEATERS MUST BE  
 MADE FIRE-PROOF.**

Iron Boxes for Moving Picture Ma-  
 chines—Newports Must Repair  
 Court Street.

By the introduction of an ordinance  
 providing for the installation of iron  
 fire-proof boxes in each of the 10-  
 cent theaters in the city, the city  
 council last night took steps to pre-  
 vent danger of fire from this source.  
 As there were not enough members  
 of the council present to pass the  
 measure when it was introduced it was  
 referred to the ordinance committee  
 and will probably come up for final  
 action at the next regular meeting.

At present the only theater in the  
 city which has its machine and build-  
 ing protected by a fire-proof box is  
 the Oregon.  
 There has never been a fire in Pen-  
 dleton caused by one of the machines,  
 but they are regarded as dangerous in  
 the larger cities and by the insurance  
 companies.

Jerry Shattuck, a representative of  
 the Warren Construction company,  
 told the council last evening that his  
 company was ready to repair any de-  
 fects in the street paving which exist  
 at the present time.

The Newport Land & Construction  
 company was given one week more  
 in which to repair the macadam on  
 East Court street. If the work is not  
 done in that time, the city will repair  
 the street at the expense of the com-  
 pany.

**SPECIAL TRAIN TO SEATTLE.**

Northern Pacific Will Run Excursion  
 to the Sound, Leaving Here Tomor-  
 row Morning at 5:30.

The Northern Pacific will run a  
 special train from this city to Seattle,  
 leaving here tomorrow morning at  
 5:30 and arriving at Seattle tomorrow  
 night.

A large crowd will go from here  
 to see the fleet, which will arrive at  
 Seattle and special accommodations for  
 a large crowd will be provided.  
 The train will leave here at 5:30 tomor-  
 row morning promptly, in order to  
 reach Seattle in time to make ar-  
 rangements for accommodations in  
 the evening. It is estimated that from  
 150 to 200 people from Umatilla coun-  
 ty will go to Seattle to see the big fleet  
 in the Sound waters.

The Northern Pacific ticket office  
 will be open after 4:30 this evening for  
 the purpose of accommodating those  
 who desire to go on tomorrow's ex-  
 cursion. This will enable those who  
 desire to go to secure tickets this  
 evening and thus avoid the rush early  
 tomorrow morning.

This afternoon it looks as though  
 a very large crowd is going on the  
 excursion and everything is favorable  
 for a pleasant outing.

**MARRIED FIFTY YEARS.**

Mr. and Mrs. J. H. Gibson Celebrate  
 Golden Wedding Anniversary.

Mr. and Mrs. J. H. Gibson of Tu-  
 tullia, celebrated their golden wed-  
 ding anniversary yesterday, though no  
 formal or elaborate ceremonies mark-  
 ed the event. Only a part of their  
 family of eight children, the oldest  
 of whom is 49, was present.  
 The children are Mrs. W. T. Porter,  
 C. E. Gibson, Mrs. T. P. Hunter and  
 Mrs. Floyd Anderson of this city; W.  
 L. Gibson of Ontario, J. H. Gibson of  
 The Dalles, and T. S. Gibson of Pilot  
 Rock.

**Ruby Goes to Europe.**

A. C. Ruby, president of the Com-  
 mercial National bank of this city and  
 the well known horse importer, will  
 leave in a few days for Europe from  
 where he will bring to Oregon another  
 shipment of Percheron, Belgian and  
 Shire horses for the northwest mar-  
 kets. The shipment which he will  
 bring over this time will include about  
 100 head of high grade horses and  
 will arrive sometime during the com-  
 ing summer. Mr. Ruby will exhibit  
 this shipment of horses in the fall fair  
 circuit and has leased a portion of  
 the famous Ladd stock farm near  
 Portland as headquarters.

**Will Speak on Single Tax.**

H. W. Stone of Portland, a well  
 known Y. M. C. A. worker and a ca-  
 pable young man, will address the citi-  
 zens of this city on the tax amend-  
 ment to the constitution on Tuesday  
 evening, May 26, at the court house. Mr.  
 Stone is a prominent worker along re-  
 form lines and his address promises  
 to be interesting and instructive and  
 he reserves a good attendance. He  
 will make a tour of eastern Oregon in  
 the interest of the tax amendment.  
 All are cordially invited to attend the  
 address, which will be made from  
 the court house steps, if the weather  
 will permit.

**Fire Alarms Needed.**

The need of a fire alarm system  
 was once more demonstrated this  
 morning when the department was  
 called out to quench a chimney blaze  
 at the home of Jesse Saling on Cos-  
 bis street between Court and Alta. Not  
 knowing exactly where the fire was,  
 the department kept on west on Alta  
 until the limits of the city were  
 reached. They then turned and came  
 back and were still looking for the  
 conflagration at last reports. A long  
 hard run would have been avoided  
 with an up to date alarm system.

**O. R. & N. Officials Through.**

A party of O. R. & N. officials  
 passed down the line today in private  
 car '02 attached to No. 1. Those in  
 the party were General Superintendent  
 M. J. Buckley, Division Engineer  
 William Bollons, Superintendent of  
 Telegraph, E. A. Klippel, Travelling  
 Passenger Agent Jack O'Neill and  
 other department officials. They had  
 been on a tour of the lines in eastern  
 Oregon and were returning to Port-  
 land.

Exports of iron and steel from the  
 United Kingdom for the first three  
 months of the current calendar year  
 show a decline compared with the  
 corresponding months of last year of  
 279,000 tons in volume and of \$9,-  
 195,251 in value.

**MONSTER ROCKS  
 TO GUARD TRACK**

**O. R. & N. MAKES PERMANENT  
 IMPROVEMENTS TO LINE.**

Summer Season Will Be Used in Pro-  
 tecting Roadbed Along Meacham  
 Creek With Rock Weighing From  
 One to Five Tons—Would Prevent  
 Periodical and Disastrous Washouts  
 —Heavy Rails Being Laid on Moun-  
 tain Division.

If rocks weighing from one to five  
 tons each are able to resist the waters  
 of Meacham creek, the O. R. & N.  
 company will be troubled no more  
 with washouts of its grade along the  
 creek in the Blue mountains.  
 A steam shovel and work train are  
 now employed in getting out massive  
 rock weighing all the way from one  
 to five tons as foundations for the  
 grade which is being built at the  
 washouts and practically all of the  
 grade recently destroyed will be re-  
 placed with this heavy material in the  
 hope that a permanent foundation  
 may be secured.

A monster steam shovel is at work  
 in a rock quarry near Meacham and  
 the side of the mountain is being  
 blasted out in securing rock for the  
 work.

The work of repairing the grade in  
 this substantial manner will require  
 practically all of the summer season  
 and a work train will be kept busy  
 hauling rock and other material for  
 the repairs.

If it were possible to change the  
 grade to higher ground at the places  
 where the track was damaged, this  
 would be done, but there is no room  
 in the narrow canyon for a change.  
 Consequently the company is deter-  
 mined to make a permanent grade  
 and will use every device known to en-  
 gineering to prevent the periodical  
 washout in the Meacham creek can-  
 yon.

The work of laying heavier steel on  
 the mountain is also progressing rap-  
 idly and soon the roadbed of the O. R.  
 & N. on the Blue mountains will be  
 a model of railroad building.

**BASEBALL SCORES.**

Portland, 6; Oakland, 3.

Portland, May 20.—Portland won  
 the first game from Oakland today. It  
 was marked by heavy hitting with  
 honors about even. Killian was knock-  
 ed out of the box in the first inning  
 and McFarland, who took his place  
 pitched good ball. Groom was wild  
 for Portland, but his curves were  
 working well and he struck out 12  
 men. Oakland nearly tied the score  
 in the fifth inning when two men  
 scored before Portland could tighten  
 up.

Score— R H E  
 Oakland ..... 3 9 3  
 Portland ..... 4 5 2  
 Batteries—Killian, McFarland and  
 Slattery; Groom and Madden.

College Baseball.

At Princeton—Princeton, 3; Penn-  
 sylvania, 1.

**Northwest Games.**

Spokane, May 20.—Ex-Spokane  
 players figured in the defeat of the  
 Spokane team today at the hands of  
 Butte. Masterful pitching by Clafin  
 and Swain's well timed drive to the  
 right corner of the lot did the work.  
 Score— R H E  
 Butte ..... 3 0 0 0 0 0 0 0 3 6 1  
 Spokane 0 0 0 0 0 0 0 0 0 5 0  
 Batteries—Clafin and Kretz; Kil-  
 lilly and Rogers.

**Aberdeen One Best.**

Seattle, May 20.—Aberdeen batted  
 Allen for 11 hits and six runs in four  
 innings. Seattle did not have a look  
 in. Thompson pitched fine ball.  
 Score— R H E  
 Seattle ..... 10 0 0 0 0 0 0 0 1 7 6  
 Aberd'n 2 0 2 2 1 1 0 1 0 9 14 2  
 Batteries—Allen, Ehms, Stanley  
 and Fortier; Thompson and Boettin-  
 ger.

**LOOT SAFE AT ARLINGTON.**

Robbers Work Combination and Get  
 \$70 from Balfour Guthrie.

Arlington, May 21.—On entering the  
 office of Balfour Guthrie & Co. this  
 morning, Henry Thissen, local man-  
 ager of the company, discovered the  
 safe open and the cash drawer gone.  
 That the perpetrators of the deed  
 were experts is shown by the fact that  
 they worked the combination. They  
 then pried out the cash drawer con-  
 taining about \$70 and made good their  
 escape. Checks were not taken.  
 Marshal Gray was notified as soon  
 as the robbery was discovered, but at  
 a late hour had not succeeded in find-  
 ing any trace of the thieves. The only  
 clue so far is the fact that some boys  
 saw two suspicious characters near  
 the warehouse at dark yesterday eve-  
 ning.

**DISCRIMINATING LADIES.**

Enjoy Using Herpicide on Account of  
 Its Distinctiveness.

The ladies who have used Newbro's  
 Herpicide speak of it in the highest  
 terms, for its quick effect in cleansing  
 the scalp of dandruff and also for its ex-  
 cellence as a general hair-dressing. It  
 makes the scalp feel fresh and it allays  
 that itching which dandruff will cause.  
 Newbro's Herpicide effectively cures  
 dandruff, as it destroys the germ that  
 causes it. The same germ causes hair to  
 fall out, and later baldness; in killing it,  
 Herpicide stops falling hair and prevents  
 baldness. It is also an ideal hair dress-  
 ing, for it lends an aristocratic charm to  
 the hair that is quite distinctive. Sold  
 by leading druggists. Send 10c. in stamp  
 or sample to The Herpicide Co., De-  
 roit, Mich.  
 Two sizes—50 cents and \$1.00.  
 A. C. Koeppe & Bros.
