ADAMS HAPPENINGS

TEDDY ROSENVELT MOVING FAMILY TO PENDLETON

Soft Drink Proprietor Sells His Establishment to Pendleton Man—Miss Daisy McIntyre III—Athena Minister Starts Revival Services in Methodist Church.

(Special Correspondence.) Adams, Ore., Feb. 19.—Teddy Roosevelt came up Tuesday from Pendleton to move his family down to Pendleton, where he has bought out John Gagen's old stand. Mr. Roosevelt has lived in and around Adams for the past six years. He has been engaged in the saloon business in Adams for the last two years by which he was burnt out some time ago.

H. Roble of Adams, has sold out his soft drink joint to Jess Saling of Pendleton.

E. Turgeson and wife went to Walla Walla Wednesday on business.

Moras Baker spent Wednesday in Athena.

Miss Grace Blake spent Wednesday in Athena.

F. B. Blake went to Walla Walla Thursday to attend a basket social.

Miss Daisy McIntyre has been confined to her home the last week with la grippe.

Miss Freda Carstrom of Adams, went to Pendleton Wednesday to work for G. O. Richerson.

E. G. Marquis went to Pomeroy Wednesday on business.

Rev. Geizer of Athena, started a revival meeting Wednesday night at

Adams in the M. E. church. Miss Grace Blake was visiting friends in Walla Walla Thursday. Mrs. J. Geiss returned to her home in Walla Walla after a few days' visit with her daughter, Mrs. J. Winn of Adams.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans have proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a gadsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c at Tallman & Co., and Pendleton Drug Co.

ASPHYXIATED BY BURGLARS.

Man and His Dog Perish When Slot Gas Meter Is Stolen.

New York, Feb. 8.—Detectives are searching Asbury Park for thieves who entered Robert Weil's bakery last night and, by carrying off his slot gas meter, caused his death by asphyxiation, says a dispatch to the Tribune. The police found Weil's body this morning and that of his St. Bernard dog, with which he lived alone in the building. Gas was pouring from the open pipe. The broken meter, from which several quarters had been taken, was found in a nearby stable.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

"SKY PILOT" BOSS CURLER

Ralph Connor's Hero Leads Winning Rink at Cranbrook.

Cranbrook, B. C., Feb. 12.—His reverence, "the sky pilot," Dr. Grant of Fernie, hero of Ralph Connor's book, "The Sky Pilot," showed the way for the curlers of the whole world. His ring won both the Corby and Gault cups in the annual meeting of the curlers here, and Dr. Grant himself was the star of the team.

Grant, a quiet, reticent man, bearing the appearance of a prosperous rancher, knows the game of curling as well as Ralph Connor thought he knew the knack of preaching.

McLean of McLeod, won the grand challenge cup. Fernie's rinks won both the Gault cup and the consolation.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. Wallding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

CARNEY & KENNEDY.

One unfurnished room for rent in the East Oregonian building. Electric lights and steam heat. Bath, hot and cold water on floor. Rate very reasonable. Enquire at E. O. office.

HERMISTON NOTES

DISTINGUISHED VISITORS INSPECT THE PROJECT

Famous Magazine Writer Will Contribute Articles to one of the Leading Periodicals—Miles of Sidewalk Being Built—Reclamation Official Transferred—New School Bell.

(Special Correspondence.)

Hermiston, Ore., Feb. 20.

Among Hermiston's visitors to the project this week were Jack O'Neil of the O. R. & N. company and George Wharton James, the noted magazine writer. The distinguished party were shown over the city and the project going to the reservoir and other points of interest.

Their expressions of approval and praise were in high favor of the project and the enterprise of the settlers.

It is understood that Mr. James will contribute an article on the Umatilla Government Irrigation Project to one of the leading periodicals of the country.

Expected to Return.

William Naepflin of Omaha, has been visiting several of the irrigation project of the northwest and personally inspected the Umatilla project the first of the week. Without doubt he classes it among the first on his list of favorites, and expects to return after a brief visit in Washington.

Miles of Sidewalk.

Property owners in the western portion of the city are showing the practical spirit by living up to a sidewalk ordinance passed by the city council a few weeks ago, demanding over three miles of six and eight foot walks to be laid as soon as possible, on certain business and residence blocks. For the past eight weeks several gangs of men and teams have been kept busy by the Maxwell company, M. Dishon & Son and several other property owners on Second, Third and Fourth streets, putting down a six-foot walk.

It is reported that when Engineer Warren returns from Seattle he will establish the grades on Gladys and Hulbert avenues, Main street, First, Second, Third, Fourth and Fifth streets, and sidewalks will be laid for five or six blocks along all of the above named except Main street which will probably extend as far out as the Skinner addition east of town.

Reclamation Official Transferred.

Although not officially announced, it is a well known fact that A. N. Burch, who has been irrigation manager of the project for more than a year, is about to leave for Orland, California, where he will hold a similar position in the service of the government.

Mr. Burch has proven that he is an able man along his particular line, and in his leaving, the project not only loses a thoroughly competent irrigationist, but Hermiston loses one of her highly respected citizens.

Mr. Burch will be succeeded by R. W. Hawley, who has held similar positions in the Reclamation service at the Truckee-Carson project, Hanford and others. Being so thoroughly experienced it is believed that Mr. Hawley is in every way capable to fill the responsible position and meet with the unqualified success of his predecessor.

Big Shiner for Livery Stable.

W. J. Emory of the Pioneer Livery stable has a "hum dinger" of an outdoor lamp which shoots its rays out over the project so far that the jack-rabbits and coyotes are complaining of sore eyes. The new shiner is a Herz gasoline lamp of 30 candle power and was installed by M. W. Sharfard. Its searching propensities are so well developed that the watermelon field will have to look for more secluded fields than can be found on the project next summer.

New Bell for Public School.

The days of the call bells are over for the pupils of the public school of Hermiston and our young Americans, in the future will be assembled by the loud, clear tones of a Blymyer bell which the school board have purchased and received, and will have placed immediately.

The bell is an immense one, weighing 800 pounds and when in action can be heard for miles. Owing to its heavy weight the belfry of the school building will have to be reinforced to stand the strain of this swinging clanging monster.

Hermiston Locals.

Frank Therault is here from Idaho visiting his brother, W. J. Therault, who is a recent settler on the project.

L. W. McAdams, formerly in the hardware business at Echo, was a Hermiston visitor Thursday from Portland.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

J. F. McNaught, president of the Maxwell Land and Irrigation company and Attorney R. B. Johnson left Wednesday for Seattle in the interests of the company.

E. E. Crawford returned Thursday morning from Echo where he addressed a large and appreciative audience in I. O. O. F. hall Wednesday evening. Mr. Crawford is a thinker along advanced lines of thought and is interesting to all who have the privilege of hearing his discourses.

Mr. and Mrs. E. P. Dodd were passengers to Pendleton Sunday, accompanying their guest, Miss Bertha Alexander, who was here on a brief visit. J. H. Chislin has been among the land seekers in the city this week. Mr. Chislin comes from Felon, Idaho, and has had years of experience in irrigated sections and claims that all opportunities are presented here which point to absolute success if utilized.

Dr. M. V. Turley has returned from a several weeks' visit to Athena.

Mrs. H. R. Laughlin was a passenger Thursday to Hot Lake for a few weeks of rest and recuperation. Mr. Laughlin accompanied her as far as Pendleton where he transacted business, returning Friday.

Mrs. C. K. Bland left Tuesday for a several weeks' visit with friends at Knappton, Mont.

F. Darall who was in the city this week for the purpose of purchasing implements owned by the government which are at the dam site, left Wednesday for his home in Rupert, Idaho.

Mrs. R. F. Williams, mother of Miss Jessie Williams and Mrs. W. E. Putnam, a sister, left Thursday for their home at Milton after a few days' visit.

W. M. Wilkinson was among the guests at Hotel Hermiston this week while looking after business affairs.

L. D. Lay, brother of Mrs. A. C. Crawford is here from Tacoma looking after his property interests under the government ditch. Mr. Lay says it is astonishing to note the rapidity with which the town and project is building up. Since his visit here last August he states that he believes the number of houses has been doubled and there are five homes established to every one that was on the project five months ago.

Miss Harriet E. Agnew is here from Seattle visiting at the home of her parents, Mr. and Mrs. J. I. Agnew.

J. M. Hays visited many points on the project Friday before returning to his home in Pendleton. Mr. Hays intends to purchase land in this locality as he believes the future holds much in store for this section.

Miss Mona Irvin and Miss Rena Callback left Friday for a few days' visit with Echo friends.

R. Mackwait of St. Johns, Ore., has been an enthusiastic visitor to Hermiston, and the project this week and is looking over the lands with expectations of locating, having several friends who are settlers here.

Among those from Portland who have been making personal investigations of the project lands this week are August Severt and Chris M. Kuch. These gentlemen are convinced that they want an orchard tract under the government irrigation system and for the last day or two have been looking over various pieces of land upon choosing from among the best.

Miss Barringer of Fosters is the guest of her sister, Mrs. J. W. Brackenberry.

Lame Shoulder.

This is a common form of muscular rheumatism. No internal treatment is needed. Apply Chamberlain's Liniment freely three times a day and a quick cure is certain. This liniment has proven especially valuable for muscular chronic rheumatism. For sale by all good dealers.

PENDLETON GIRLS ARE VICTORIOUS

DEFEAT RIVALS FROM WALLA WALLA IN CONTEST

Basketball Game Last Evening One of Best Exhibitions by Girls Ever Seen in This City—Close and Interesting from Starting to Closing Whistle.

The girls of the Pendleton high school are the champions of eastern Oregon and eastern Washington basketball. This championship was won last night when the local team defeated the girls from the sister city by a score of 16 to 12.

The game was close and interesting from start to finish and much enthusiasm was manifested. Each team played both a good defensive and offensive game. Miss Nona Johnson, as forward for the Pendleton girls, was the particular star of the evening, as she threw the most goals, both from the field and the foul line. Miss Eunice Vogel also did some good work at passing the ball, making it possible for the goals to be thrown.

At center Miss Gertrude Jordan and Miss Daisy McPherson each played an excellent game at center, while Ruth Gibson and Lucile Rader, in their work at guard, prevented the Walla Walla girls from making winning scores.

The lineup for the Walla Walla team was: Forwards—Margaret Hunt and Irene Steele. Centers—Jesse and Jennie McMay. Guards—Veva McGrew and Luella Lindy.

Miss Armstrong, coach of the Walla Walla team and Professor Porter, of the local high school, were the officials.

Chamberlain's Cough Remedy the Most Popular Because it is the Best

"I have sold Chamberlain's Cough Remedy for the past eight years and find it to be one of the best selling medicines on the market. For babies and young children there is nothing better in the line of cough syrups." says Paul Allen, Plain Dealings, L. This remedy not only cures the coughs, colds and croup so common among children, but is pleasant and safe for them to take. For sale by all good dealers.

MUNICIPAL BONDS PAY NO TRIBUTE

Salem, Ore., Feb. 19.—All bonds issued by cities, towns, or any other municipality are to be exempt from taxation, according to Senator Mull's bill which passed the house this morning. The bill provides that all bonds hereafter issued are to be exempt from taxation. The purpose of the bill is to increase the value of municipal bonds by removing the tax charge made against them. It was argued that no bonds issued in the past should be exempt, as this would increase the value of securities that had been bought under the taxation system. If the governor approves the bill, it will become a law.

Revolts at Cold Steel.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from several rectal troubles, lies in an operation," then I used Dr. King's New Life Pills," she writes, "till wholly cured." They prevent Appendicitis, cure Constipation, Headache. 25c at Tallman & Co. and Pendleton Drug Co.
