Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MAKES OLD THINGS NEW

Liquid Veneer instantly restores the brilliant newness and finish of Pianos, Furniture, Picture Frames Interior Woodwork, Hardwood Floors, and all polished, varnished or enameled surfaces. It renews and redresses everything it touches. Revivifying is unnecessary, because scratches, stains and dirt instantly disappear, leaving a smooth, brilliant surface.

Liquid Veneer is not a varnish, but a surface food that is absorbed by the old finish, instantly restoring the latter to its original brightness. Easy to use—only a piece of cheese cloth is necessary. Dries instantly.

HOSPITAL PHYSICIANS SAID: "IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."

MR. E. W. ROSE, St. Louis, Mo. RICHMOND, IND., Nov. 20, 1905.

DEAR SIR: The charity patient in whom I am so much interested was seventy-five years old at the time that she began the use of "Zemo," and her weight was 130 lbs. Her health has been poor for some time past, suffering mainly from spinal trouble, according to the diagnosis of the doctors in attendance. She has been a hard worker all her life, having made the living for her family keeping boarders. Somewhat over a year ago eczema began to trouble her. It gradually grew worse and worse until her entire body was affected, the legs being a mass of sores constantly separating. The itching and burning sensation was so dreadful at times that it was impossible for her to sleep day or night. The doctors (two of our best) pronounced the case incurable, and when I asked permission to use "Zemo" promptly said, "It would delight us to find something to cure this dear old sufferer." "Zemo" was first used on the upper part of the body and soon relieved the patient of the terrible distress caused by the itching and burning. The doctors had been dressing the legs every day, but as soon as they saw the wonderful change in the skin where "Zemo" had been used, they gave consent to have it used on the legs. Gradually they began to improve and are now almost as smooth as the face. It was probably about a month before much relief was experienced in this part of the body, then skin scaled off, itching, burning and aching gradually ceased. It seems now as if a testimonial might be given, but the patient thinks that she had better use "Zemo" a few weeks longer before saying that she is cured. However, she is very grateful to all who have been instrumental in securing your wonderful remedy and thinks that it has a great future before it.
