For Neuralgia, nothing is better than

Dr. Miles' Anti-Pain Pills

Used by thousands for a generation

Those who have suffered from neuralgic pains need not be told how necessary it is to secure relief. The easiest way out of neuralgia is to use Dr. Miles' Anti-Pain Pills. They have relieved sufferers for so many years that they have become a household necessity.

"I have taken Dr. Miles' Anti-Pain Pills for five years and they are the only thing that does me any good. They have relieved neuralgia in my head in fifteen minutes. I have also taken them for rheumatism, headache, pains in the breast, toothache, earache and pains in the bowels and limbs. I have found nothing to equal them and they are all that is claimed for them."

THE NEALE INSTITUTE

In Three Days You Will Be Perfectly Relieved Of The Drink Habit and All Those Symptoms Which Seem to Require Liquor As "Medicine" Will Disappear.

NO MAN can afford to drink liquor—particularly a business or professional man, whose success and possibilities of achievement depend upon a strong brain—a brain that is always clear and ready for business. A whiskey brain sometimes "feels" clear and bright and capable—but it isn't; it is all wrong. The "feeling" of alertness and ambition is short-lived STIMULATION of an organ that is weakened and paralyzed by the most insidious of all poisons—the POISON OF ALCOHOL. Under the guidance of the liquor drinker the best business in the world will fail—executive ability, stamina and logic are lacking.

Why does a drink of liquor seem to quiet the nerves? Why do your nerves need "quieting?"

Your system has been accumulating alcoholic poison during your years of drinking. All these years you have been punishing your nerves with the worst possible kind of punishment you could inflict; they have come to demand alcohol and will not be subdued without it and you WHIP them into subjection by

additional doses of poison. There will come a day when the vital organs of your body will no longer respond to alcohol—it will be well for you to anticipate that time by coming to the Neal Institute NOW.

The Neal treatment cures the drink habit and does away with the evils resulting from alcoholic poisoning in THREE DAYS. A longer time would be superfluous. It drives every trace of alcoholic poison from the system, thus doing away with the CAUSE of continued drinking, the cause of drunkenness, the cause of craving, desire and physical demoralization. All these symptoms are but the EFFECTS of the accumulated poison—the CAUSE is stored in alcoholic poison.

There are no hyperdermic injections, no disagreeable features, no SUBSTITUTE STIMULANTS, no poison of any kind—a child could take the NEAL treatment with perfect safety.

For further particulars, write phone or call. THE NEAL INSTITUTE, 815 Center Street, Little Rock, Ark.
