Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedying the cause, which is an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by local applications. Send for circulars free.

### Harry Edgar Gibson.

Little Harry Edgar Gibson, the 3-year-old son of Mr. and Mrs. Eugene Gibson, died Monday afternoon at 4:15. The funeral was held at the home on Walnut street this afternoon at 3 o'clock and was conducted by Rev. W. P. Chalmers, assisted by Rev. B. L. Wilford, burial following at Walnut Grove. The little babe was horribly burned Monday morning, while playing with matches, and only lived six hours. His suffering was intense and his untimely death has cast a gloom over our people, whose sympathy knows no bounds for the parents, whose hearts are almost broken over the loss of their bright and attractive little boy.

Storage room for rent at Bowen's Cash Store. 75dlm.

### Clash of Contrast.

"What is that terrible noise?" asked the pedestrian. "That," replied the policeman, "is caused by an ordinary innocent safety pin sticking into a large million dollar baby."
