

OPEN WIDE YOUR EYES!

FOR HERE IS SOMETHING WORTH READING

We are beyond a doubt the largest buyers of every thing handled by us than any store in Union county Ark. or in Union parish Louisiana.

**OUR STORE IS AN OASIS
FOR SEEKERS OF EX-
CELLENT MERCHANDISE.**

We buy from the houses with reputations for honest goods in such large quantities that we can undersell others and make money.

In this advertisement we merely mention some of the different lines carried to give you an idea of what we have to offer and request that you look at our goods before purchasing elsewhere

Dry Goods Department.

We have purchased for the Spring and Summer trade many new patterns and weaves in dress materials which it will pay you to look over.

Shoe Department.

Here we have on display the newest conceits in both high and low cut shoes manufactured by firms of national reputation such as Manss Shoe Co. of Cincinnati, and Roberts, Johnson & Rand Shoe Co., of St. Louis.

Gent's Furnishing Goods.

The most complete and carefully selected line that money could purchase at prices to suit all. An inspection of this department will convince you that it is larger and better than any in this part of the country.

Clothing Department.

Here you will find on display a full line of tailored garments for men and women made by the famous Schloss Bros. & Co., of New York who employ only skilled workmen and use the best materials. Many novelties in two-piece suits for Summer

wear.

Furniture and Hardware.

Our furniture and hardware is so complete that we can sell you every article necessary to start housekeeping. Also builder's hardware with which to build the house.

Drug Department.

A complete line of drugs and drug sundries also pharmaceuticals in charge of a registered druggist. Prescriptions carefully and accurately compounded at all times.

Grocery Department.

Every line of goods carried in this line are purchased in one to five car lots direct from the manufacturers. Canned goods direct from the canning factories; sugar direct from the refineries; packing house products direct from the packer and grains in open market from elevators thereby, saving

brokerage and middleman's commission. From this you can readily see that we are able to sell you any of these goods at the lowest jobbers prices and still make a profit.

Millinery Department.

This part of our business is under the personal supervision of Miss Lucile Nipper, assisted by Miss Jovet McIntyre, both experienced milliners who will be pleased to have you call and let them make you a hat at any time. We also carry many dainty creations in ribbons and feathers in ready-to-wear hats that we are selling at very low figures.

WE WANT YOUR TRADE and from time to time will offer special inducements to secure it. Keep your Eye on this Page as it means money to you. "A dollar saved is a dollar earned"
