## The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the King of  
them all. It is creating a sensation all over the country. It is  
the result of 78 years of experience of the famous J. I. Case  
Threshing Machine Company.

It pulls three plows in hard plowing—four plows under  
favorable conditions. It has abundant reserve power. It  
burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and  
belt work. It drives a 26x46 Case Thresher with Feeder and  
Wind Stacker. Its pulley is properly placed for convenient  
"lining up."

It is small and compact and built for accessibility. No tractor  
is finer. You should become acquainted with its many  
superiorities, which we will be glad to explain. Don't buy  
before you see this better tractor.
