## The Department of "Things as They Ought to Be." (As Seen Through the Editor's Glasses.)

The Democratic nominees for delegates to the Constitutional  
Convention are:

**A. R. LYNCH**  
**MIT SIMMS**

**LAMAR COBB**  
**A. M. TUTHILL**

**W. T. WEBB**

**TAKE IT OR NOT.**

The people of Arizona will write the kind of a constitution they want. These trust presidents and trust congresses have dominated the country so long and so thoroughly that they really believe it was created for their special use, but the people of the nation are taking a fall out of this arrangement.

They are in open rebellion against Taft and his horde, and Arizona will not coward-like desert the army of determined men who are battling for American liberty and submit to Taft or his congress a constitution not in harmony with our needs.

They tell us, get steeled first—play coward and poltroon to deceive the president, then amend your constitution later. No, sir. We will present to congress the kind of a constitution the people of Arizona are demanding, and let that rawhide gang of despoilers do what they damn please with it.

## HOLD FAST TO OUR RIGHTS.

The republicans are indulging in considerable criticism against the democrats of Maricopa county for what they term our "attempt to defeat statehood," and cite in support of their contention the censorship of our constitution by President Taft and a republican congress, and allege that if the people of Arizona don't fashion their constitution after the plans laid down by this autocratic power, that our constitution will be repudiated. In other words, the republican candidates tell us you shall not make a constitution along the lines demanded by the voters of Arizona—if you do, we will defeat it.

Think of that infamous proposition. Neither congress nor the president has an earthly thing to do with our constitution; that is, in no wise comes in contact with either in the performance of their public duty; and if the constitution conforms to the national constitution, what right, in all common decency, have they to defeat it?

Yet the Arizona republicans are trying to intimidate the voters into supporting their ticket on the theory that Arizona must present a constitution suitable to the trusts before she can secure admission.

The Democrat is not an anarchist, popular or a public disturber. We want statehood and would make any legitimate sacrifice to secure it, but we are unalterably opposed to surrendering every right that belongs to good citizenship in order to become a state. If Arizona has got to frame a constitution that will meet with the approval of the men who are and have been plundering the people of the nation for the past twenty years in order to secure what rightfully belongs to us, let us retain our self-respect and continue a territory till decency and justice rules at the national capitol.

## WHAT HAVE THE ARIZONA REPUBLICANS TO SAY TO THIS?

The platform adopted by the Republican convention of Los Angeles county contains the following: "The submission to the people of a constitutional amendment providing for direct legislation in state, county and municipal government, through the initiative, the referendum and the recall."

The attraction of Judge McFall and Senator Ives to the initiative and referendum at the present time is commendable. Both men are able and astute and realize that this principle in government is going to prevail, and they do not want to be with the minority. In other words, these gentlemen are coming in out of the wet.

The republican candidates are all reputable men, but the Hitchcock platform they are standing on will defeat every one of them. The people of Arizona are not yet ready to turn the affairs of the new state over to a horde of eastern political trusts.

The Democrats do not for a moment contemplate that President Taft will repudiate Arizona's constitution because it contains the initiative and referendum. No man big enough to sit in the presidential chair could be so bigoted or so small of caliber as to resort to such political jingoism.

With the republican constitutional convention of New Mexico and the democratic convention of Arizona, both presenting constitutions to Mr. Taft containing the initiative and referendum, the big president will be in a dilemma. That is about what will happen when congress convenes.

The initiative and referendum is not dangerous to the public welfare, and will not defeat statehood. This is a republican campaign cry and mead only for the purpose of influencing voters to support the republican ticket. It is another "full-dinner pail" cry, and is just as misleading.

Theodore Roosevelt, drunk with power and burning with ambition, is not only a dangerous man, but he is the arch-demagogue of the country.

This is the first time in the history of Arizona when the people—the real people—have had an opportunity to vote for themselves. And the way they are lining up is a caution.

## Democratic Club Meets.

Last Saturday night the Democrats of Clifton met at Casper's select officers. The meeting called to order, Chairman Cobb called on W. T. Webb, of Pima, and A. R. Lynch, of Safford. They discussed principally the rumor that the valley was being offered to the division of Graham county and its harmful effect upon the harmony of the democratic forces.

They assured us that the valley was not offered to division, knowing it to be the inevitable, that it must come sooner or later and so they accepted now as the time. The valley has always stood by this end of the county giving candidates from this end a majority vote over candidates from their end. The rumor that the valley ever did officially oppose division is erroneous, the only feeling to be shown or felt at all being that of regret. After division Graham will easily be democratic while this end is in question. The speakers urged the club to put forth its best efforts to organize and pointed out the fact that in the campaign this fall the opportunity lies. If the politics of Greenlee are thoroughly organized and go on record as a democratic county the battle is won. Further to show the feeling existing between the two ends of the county, the speakers pledged the solid support of the valley to our candidates. Again they pointed out the fact that the republicans had taken refuge behind a platform so ambiguous, so meaningless that they were compelling good votes from their party to hunt up a party with a definite, popular platform and this they would find in the democratic platform embodying the Initiative, Referendum and Recall.

After the speaking the business of the election of officers was taken up and without any discord the following selections were made by committee and approved: J. B. Murphy, president; C. O. Billingsley, 1st vice-president; J. J. Kelly, 2nd vice-president; J. M. Bunch, 3rd vice-president; R. J. Dunagan, 4th vice-president; McNeil, 5th vice-president; Anier, secretary; M. E. Casford, treasurer.

It was the popular wish to put the young democrats into the harness therefore the unanimous choice of James B. Murphy for president is an energetic young fellow, who, after that speech of acceptance, we feel positive will be able to hold down the job.

The meeting as an index to the party's conditions show it to be solidly united and harmonious.

## Tully-Miltonburg.

(Continued.)  
A quiet and elegant wedding took place at the beautifully decorated home of our friend, Manuel Baron, in West Clifton on the evening last week, when Miss Adela Tully arrived from Tucson, with her graceful sister, Miss Hortense. On the same evening Frank Miltonburg, who is at the present time a clerk in the Chase creek store, and an old sweetheart of the bride, repaired to the home of Mr. Baron and the handsome young couple were united in the holy bonds of matrimony. Judge Neff performed the ceremony. The Tullys are the nieces of Manuel Baron and Mrs. Ed. Gomez of this city, and daughters of Mr. Chas. H. Tully, a prominent newspaper man of Tucson. The bride was attired in a beautifully tailored silk gown, which was most becoming to her, making her appear in her stately form most majestically and queen-like. The ceremony was performed very privately, being present only the nearest friends and relatives of the couple. Following were the parties: Mr. and Mrs. Baron, Mr. and Mrs. Ed Gomez, Mr. and Mrs. Rafael Valdez, Mr. and Mrs. J. Clifton, Mr. and Mrs. Ricardo Rodriguez and Mr. Barault, manager of the Chase creek store. After partaking of a splendid wedding supper the parties stepped across the street where they were entertained by music and songs, the two sisters being highly accomplished in that art; before departing Mrs. Valdez served splendid ice cream and cake, and at 12 o'clock the newly-wedded couple, with many congratulations from their numerous friends repaired to their new home in West Clifton, where they have decided to live in the future. "May Dame Fortune ever smile upon them, but never her daughter, Miss Fortune."

## W. D. Whipple Sells His Dairy.

Last week W. A. Lines & Co. bought the Whipple dairy to take possession immediately. Mr. Lines plans to remodel the whole establishment making it answer every requirement of the inspector and also to add some ideas of his own. It is his idea to make it second to none in sanitation. Customers of the dairy may continue to receive their milk from the Whipple branch or may change to the other. The prices remain the same and the patrons may expect every consideration. Present back bills to W. D. Whipple.

"How do you like this oatmeal soap?" inquired the barber. "Suits me nourishing," replied the customer; "but I've had my breakfast."

## Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in the U. S. by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. I further proclaim that under said Act of Congress such election for delegates shall be held and conducted, the returns made, and the certificates of persons elected to such convention issued, as nearly as may be in the same manner as is prescribed by the laws of said Territory regulating elections therein of members of the legislature existing at the time of the last election of said members of the legislature; and the provisions of said laws in all respects, including the qualifications of electors and registration, are hereby made applicable to the election herein provided for.

Provided, however, that there need not be a re-registration of the qualified electors whose names appear on the great register of said county for the year 1908, but all such names, together with such as may be registered under the provisions of this section shall constitute the great register of said county and be used at the election herein provided for; and so far as the same is consistent with the provisions of said Act, such registration as also the making up, printing, distribution, and use of such great register, shall in all respects conform to and be governed by the provisions of Chapter 3 of Title XX, Revised Statutes of Arizona, 1901.
