The Department of "Things as They Ought to Be." (As Seen Through the Editor's Glasses.)

OUR SCHOOLS.

While this paper has always been a warm friend to the schools of our town it intends to take a deeper interest in them during the ensuing year. We believe it is the duty of every citizen to take a live interest in our schools. During the years that are part scores of diplomas have been handed out as class after class of our school life into life's school. Would that we could, in this issue of our paper place before its readers the familiar face of each and every one, but such is among the impossibilities, for Grim Death, on his white horse, has thinned the ranks and as "Death loves a shining mark," many of the most promising fell before reaching the noon-day of life, but we can assist in keeping green their memories. Our school home! What words fall upon the ear with so much music in their cadence as those which recall the scenes of school days now numbered with the memories of the past? Intervening years have not dimmed the vivid colorings with which memory has adorned those joyous days. While we all graduate in much the same manner how different has the wheel of fortune turned. Some with plaintive tongues have had to walk in lowly vales of life's weary way, others in loftier hymns, have sung of nothing but joy, as they have trodden the mountain top, but no matter how near the summit or base of the mountain of fame you meet with a graduate from our schools, you meet with one who is a credit to society. "As the twig is bent so is the tree inclined," and habits were formed under the moulding power of a moral atmosphere which seemed to permeate the schools of our little city which stays by one through life. Our school life is indeed the golden link that binds youth to age, and he is still but a child, however time may have furrowed his cheek or silvered his brow who can yet recall, with a softened heart, the happy school days passed in this city.

THE LESSON FROM MAINE.

Maine is a Democratic state, for the first time since 1881. The voters there spoke emphatically when they reversed a Republican plurality of 72,000, recorded two years ago, with upwards of 5,000 votes to spare.

There has been no Republican insurgency in Maine. The standpaters there, under the command of Eugene Hale and his followers, have enforced loyalty to the principles of Blaine and Reed. The rank and file of the party has been held intact, while the great mass of independent voters has been ignored. The result of the most stinging rebuke ever administered to a party in power. The battle was fought on clearly defined party lines. The contest was directed of all complex personalities. It was a test of strength between the tariff reform ideas of Aldrich and Cannon and those of the people. The result eliminates one Republican United States senator and at least three Republican representatives.

What loyal Republican, it is pertinent to inquire, is ready now to insist that the growth of insurgency or the spread of the progressive sentiment in Republican party ranks threatens the overthrow of that organization? The fact seems to have been clearly alone depends the future success of the party so long dominant. Maine has never been regarded as a doubtful state. It has been looked upon, among the September states, rather as a barometer. But now it has become a seismograph, indicating disaster rather than degrees of danger.

Usually the luckless losers in a contest are able to point out many contributing causes of defeat. Quite often Republican losses are attributed to the absence of "Republican weather." Then there is the old complaint of inertia, often a prolific cause of surprises. But in summing up the result of the vote in Maine those consoling elements are missing. Election day weather was ideal, and nearly a full vote was polled. The amazed captives, viewing the heavy losses among their routed forces, must accept the inevitable conclusion that they were licked in a fair fight.

It is more important now to consider the effect of the result in Maine upon the policies of the Republican party in the nation than in its more circumscribed effect upon the future of the state itself. It is not particularly important to the people as a whole whether that state's affairs are controlled by the Democrats or by the Republicans. The greater significance of the result lies in the emphatic renunciation of the claims of the standpaters that the insurgents are the enemies, and not the friends of the party.

LA FOLLETTE'S GREAT VICTORY.

Senator La Follette was nominated for re-election at the direct primary on the 6th by a vote of 100,000 and a majority over his Standpat opponent of 3 to 1. The Progressive candidates for all offices were nominated with him. It was a great victory, not for Senator La Follette alone, but for the people of Wisconsin and the progressives of both parties everywhere.

Senator La Follette deserves the congratulations of the progressives of all parties all over the Union, and in spirit he is getting them. He has made his fight long and faithfully, against disheartening odds, stubborn opposition from national leaders, and unspeakable treachery, but never once has he wavered.

Standpaters threaten now to defeat him in the legislature. Would to heaven they might succeed! What the progressives of both parties—democratic Republicans and democratic Democrats—now need most is a leader commanding their common confidence. They would get this if La Follette, after a popular mandate of 3 to 1 for his re-election to the senate, were thrust out by reactionaries in the legislature. That fatuous performance, for which we dare to pray, would put him into the White House with the certainty of Fate—the first truly democratic President since Lincoln.

BIG STRIKE IN MAYFLOWER DISTRICT

The Twin Peaks Mining Company at 55 Feet Open Up A Ledge of 3-Foot Gold and Silver Ore.

For the past five years the Twin Peaks Mining company has been prospecting in the Mayflower district, about thirty-five miles south of Clifton and near the New Mexico line. They have had in use the most improved methods to work systematically, sparing no expense as the people on the ground, the Fraser boys, had faith in the district and their backers had faith in them.

Several shafts from 100 to 200 feet have been sunk on what is known as the Gold Lead with good results, but as work progressed a large amount of water had to be handled.

A short time ago a shaft started on a porphyry contact and the result is that as depth was attained the values increased, and last week the ore taken at a depth of 55 feet fairly bristles with gold and silver.

The writer has not seen a piece of the clear rock, but was shown a piece that had been furnace and it was covered with globules of gold and silver. We are glad to record the success of the Fraser boys as they have untiringly worked and boosted this now coming famous district.

Clifton Schools Opened Monday Last.

The various school houses of Clifton last Monday morning presented a pleasing scene as hundreds of bright happy children presented themselves to be enrolled for the coming nine months term.

Most excellent work has been accomplished by the school board and its efficient clerk, W. F. J. Weiss, and through their efforts the Clifton schools will have the most thorough teachers, and the best and most progressive term ever enjoyed by this city.

It is a matter of much labor and close attention upon the part of Clifton's school board and teachers to get all details of the school in perfect running order at once, for this year many improvements have been inaugurated, buildings renovated and completed and many other matters of importance that daily come up at this time, which in the future are obviated by the work accomplished this year. In a week more everything will be working smooth and it is hoped to the entire satisfaction of the parents and to the best welfare and advancement of the children.

Opening of Swastika Hotel.

On last Sunday the Swastika Hotel, in South Clifton, was opened to the public, when in the neighborhood of one hundred people partook of the delectable repast which burdened the tables.

The main hall and both dining rooms were tastefully decorated with streamers of green and white which added a very pretty effect to the neatly appointed rooms. The guests were given every attention by the proprietors and the charming young ladies in attendance and the opening day augurs well for the future success of this new enterprise. The management wish to thank the public for their liberal patronage and anticipate a continued appreciation of their efforts. They also exceedingly regret the non-arrival of the souvenirs expected for the occasion.

Don't forget to look over the menu for next Sunday which will be found in another column of this issue.

Mexican Accidentally Kills Himself in Patterson's Addition.

At 6:30 o'clock Monday evening Jose Gomez, an employee at the A. C. leacher, accidentally shot himself in the abdomen at his home in Patterson's addition. Medical relief was immediately summoned and the man removed to the A. C. hospital, where he died at 2 o'clock Tuesday morning. From the testimony elicited at the coroner's inquest he was cleaning a .38-caliber double action Smith & Wesson revolver, when it exploded with the above result. Accidental death was the verdict of the coroner's jury.

Baseball Sunday.

There will be a game of baseball at the park Sunday at 3 o'clock p. m. between the Clifton team and the grays. The two teams will be split between the regular team and grays. The old regulars have formed a scheme to coach and instruct the young tossers in the act of how to rattle an umpire, throw a game or quite before being whallopped too hard. The main object of the boys is however to advance the younger element so as to have an entire home team of good players next year, and if they can be picked up any where it is here in Clifton.

Bank Saloon Touched.

Thursday night the regular attaché behind the mahogany of the above dump was taken ill at about 10 o'clock and asked a friend, one will admit, with other aliases if he would "tend bar" while he laid down for a while. When he got up the so-called Adamite had vanished, as had \$75 from bell box on the sideboard. Not to be unarmored on his hike the light fingered artist also carried off the artillery behind the bar consisting of a .65 caliber Colt-double action, boot-leg gun used as a stomach pump on drunken Mexicans. Officers all over the territory have been instructed to look out for the thief.

MEXICO INDEPENDENCE DAYS AT CLIFTON.

Big Procession, Many Speeches, Dancing And Numerous Other Sports.

Thursday and Friday of last week were notable ones to the liberty loving Mexican people of Clifton preparations had been made for a good time and they certainly had one. A large pavilion was erected first below the Bazaar store on Chase creek which was handsomely decorated and numerous booths and stands surrounded it, and a merry-go-round was also in attendance. Ringing speeches were made by the patriots and Col. Egan, in his most happy mood and characteristic elaborate manner delivered an address that would have brought tears to a stone image and wild huzzas from a band of frozen Esquimaux. Anyhow his remarks were a crowning success and one and all greeted him with repeated applause.

On Friday about noon, the procession started from upper Chase creek and came down to and crossed the bridge to the eastside, and from thence it proceeded to Hills addition, circling about that part of town, taking the same route back to the starting place.

At night dancing was carried on at the pavilion and at the opera house in north Clifton.

In the procession, there were many emblems displayed partaking of the history of these patriotic people and a noticeable and appropriate one was a golden star numbered 48, our place among the galaxy of stars on the national flag, tipped off with a smaller one representing the new county of Greenlee, at which all the aspiring candidates lifted their hats.

They were two great days for Clifton's Mexican population, and so orderly and peaceful that that the police had nothing to do but smoke cigars and look wise. Only five arrests were made that day and three of them were Americans. Viva Mexico.

METCALF NEWS.

Mrs. Ida W. Booth is teaching the school.

E. C. Heck was greeting friends on the hill to day.

Mrs. H. I. Thorpe and son left this week for an extended visit to her old home in Topeka Kansas.

The Shannon and A. C. mines were shut down on the 10th, so that those who wished could attend the Celebration exercises.

Mr. Kane, of the S. C. store who has been out in the hills for the past two weeks, came into Metcalf the 19th, en route to Clifton.

School opened on Shannon Hill last week with a good attendance the new house is going to be nice as well as comfortable and will be ready for use within the next few days.

C. M. Callicott and Mr. Harris started on an extended hunting trip on Black River. It is the supposition that they have made arrangements with the Double Circle pack train to bring in the slaughtered game.

Quite a crowd were in attendance at the Ball on Shannon Hill Saturday night among them were Miss Davidson and Mr. Heck of Clifton, Misses Ester Bonnell, Josephine and Estela Stephens, Priest, Porter, Mr. and Mrs. J. L. Freeman, Mr. and Mrs. Perkins, Misses Metcalf, Lanford, McKay, Man Halmer Rohan, Irvan, McIntosh, Beals and Gelter, of Metcalf.

Death of Louis George.

At the A. C. hospital Thursday morning, Louis George passed to his long rest after a lingering illness of nearly six months duration. Louis had been a trusted employee of the A. C. store department for many years and had a wide circle of friends. He was a member of the Odd Fellows and Sons of Hermann lodges here. Funeral services will be held at the Odd Fellows hall this afternoon, Friday, at 2:30 o'clock.

A Musical For Clifton.

Next Tuesday night September 27th Prof. Walter Bond, formerly of Clifton, will give a musical recital aided by his most representative pupils from the valley. The selections will be taken from the master's masterpieces. As yet no place has been determined on for presentation. Notice advertising later. Mr. Bond has met with all success in the valley presenting his musicals to packed houses.

For the Public Benefit.

A petition is being circulated among the residents of Clifton, with the object of contributing the sum of \$75 for the purpose of repairing the road leading to the Catholic cemetery, which is in very bad condition. All who are interested therein should not fail to donate a little something toward this public good; the funds shall be deposited with the First National Bank of Clifton.

A. T. THOMSON, Secretary.

NOTICE.

The annual meeting of the Stockholders of the Arizona and New Mexico Telegraph and Telephone Company will be held at the Company's Office in Clifton, Graham County, Arizona, on Wednesday, October 5th, 1910, at 2:45 p. m. for the election of Directors for the ensuing year and the transaction of such other business as may properly come before the meeting.

Every stockholder is requested to be present in person or by proxy. By order of the Board of Directors. A. T. THOMSON, Secretary. 9-1-9-22 First publication September 2, 1910.

NEARLY ELECTOCUTED - MONDAY MORNING.

Johnny Garnet Grabs Live Wire and Receives 500 Volts—Badly Burned and Hip Injured.

Early Sunday evening John Garnet, furnace foreman at the A. C. smelter, while at the powerhouse looking after the circuit to the furnace floor when the lights were out, accidentally took hold of a live wire and received a shock of 500 volts of electricity. His left hand had the middle finger almost burned off, and in falling injured his back and hip badly. He was taken to the A. C. hospital and made as comfortable as prompt medical attention would provide, and is recovering nicely, although it will be some time before he resumes his position at the smelter.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials from Sold by Druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.
