

GOOD NEWS

A Lady in Texas Tells How She Regained and Keeps Her Health.

Every household should have at hand all the time a dependable remedy with which to fight catarrh and catarrhal conditions.

The experience of Mrs. M. E. Berkeley, No. 1322 27th St., Galveston, Tex., is not unique, but her letter does carry a vigorous "safety first" suggestion to every American home: "I wish to tell you of the good Peruna has been to me. I have used it five years and have never found it other than satisfactory as a remedy for colds, catarrh, indigestion and many other ailments. I am never without Peruna."

Coughs, colds, catarrh, grip and influenza cannot safely be neglected. Any disease due to catarrhal inflammation of the mucous lining, whether of the nasal passages, throat, lungs, stomach, bowels, kidneys, bladder or other organs, is to be feared. Catarrh is always a menace to the general health and on account of its prevalence must be fought and fought hard all the time.

Thousands place their entire dependence upon the well known time-tried remedy, Peruna. Dr. Hartman began selling Peruna for catarrh forty-five years ago. Try Peruna first and avoid possible disappointment and expense.

Tablet or liquid form. Sold everywhere.

Her Title.

Bacon—I understand his wife has a position now?

Egbert—Yes. She's working at a ribbon counter in a department store. "And does he call her his better half?"

"No; his counter-part."

KIDNEY SUFFERERS HAVE FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. According to verified testimony it is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Otherwise Peaceful.

"Was it a military dinner?"
"Just a suggestion of the military. We shelled the nuts."

"True love seldom finds it necessary to express itself in words."

Acid-Stomach Ruins Health of Millions

Besides those painful attacks of indigestion; that awful bloated, lumpy feeling after eating and downright stomach misery that you who have experienced it know so well; besides disgusting belching, food-repeating, sour stomach and distressing heartburn—besides all this, ACID-STOMACH undermines the health and saps the strength of millions.

If you don't get rid of those stomach miseries there is no telling where your stomach troubles will end, for it is a well known scientific fact that many serious ailments have their start in an acid-stomach.

Start now—this very day to get rid of your stomach miseries—take EATONIC—the wonderful remedy that absorbs the excess acid from the stomach and brings INSTANT relief. You simply have no idea how much better, stronger and brighter you feel at once. It drives out all the gas and bloated, puts an immediate stop to belching and heartburn, ends stomach suffering and makes it cool, sweet, comfortable and strong.

There can be no further excuse for you to allow acid-stomach to wreck your health—pile up misery upon misery until you get to the point where you feel down and out and that life has lost all its joys. Remember, just as acid-mouth ruins teeth, so acid-stomach ruins health.

Take EATONIC. It's good, just like a bit of candy and makes the stomach feel fine. You can then eat the things you like and, what is more, every mouthful you eat will count in creating power and energy. You'll feel so much better—have punch and pep—the power and will to do things and get results, and your stomach misery will be gone.

Take our advice. Get a big box of EATONIC from your druggist today. It costs so little. If it fails to remove your stomach distress, he will refund your money. That is guaranteed, you are to be satisfied or money refunded.

Magic Relief for Bad Stomachs

W. N. U., Salt Lake City, No. 50-1918.

TO PROBE AFFAIRS AT UTAH S.A.T. CAMP

ARMY OFFICER TO FIX RESPONSIBILITY FOR HEALTH CONDITIONS.

Discharge of Student Soldiers Is Expected in Near Future; Governor and University Head Act.

Salt Lake City.—Major Edward W. McCaskey, U. S. A., district inspector of the western department for this district, has been ordered by the war department to proceed immediately from his headquarters at San Francisco to Salt Lake to take charge of affairs of the influenza-swept student army training corps at the University of Utah.

A telegram received by Governor Bamberger from Senator W. H. King at Washington states that this officer has been ordered here by the war department, in response to request, to conduct an official investigation of conditions affecting the university training corps to fix responsibility for the unbridled ravages of influenza, alleged poor feeding and improper housing and clothing, and failure to furnish men and demobilize the corps at the time of and in accordance with war department orders previously issued.

Another telegram from the education committee in Washington in charge of training corps, to Lieutenant C. A. Emmett, acting commanding officer of the corps, states that Major McCaskey has been ordered to assist in rapidly demobilizing the organization. The same telegram authorizes the commanding officer of the corps to furlough all men necessary and directs him to expedite all discharges.

GERMANS OBEY ORDERS.

American Generals Plan Temporary Government.

With American Army in France.—While the marching forces are bringing more villages under American control, General Brown, the military governor at Treves, and General Smith in charge of civil affairs, are completing plans for their temporary government. Philosophically, the inhabitants both here and in the smaller towns continue to accept the situation, and the local officials are co-operating with the Americans as well as they can. Few rules have been laid down as it is expected that the broad admonition contained in General Pershing's proclamation that regulations promulgated by the military must be obeyed without question, and unhesitatingly will be respected.

Firearms of all descriptions and ammunition have been ordered turned in with the warning that if this is not done a search of the houses will be made. Late today hundreds of the inhabitants appeared with guns ranging from the German army rifle to ancient fowling pieces.

As the army advances the necessity of food relief appears less urgent. Food is not abundant, but there is enough. The absence of pepper in the restaurants, it is learned, is due to the fact that the Germans used all the available stocks of this condiment in the manufacture of mustard gas.

Tenders Tribute to Farmers.

Washington.—Tribute to the part played by the nation's soil tillers in winning the war is paid by Secretary Houston in his annual report for 1918, transmitted to congress. Bumper crops were grown both this year and last, in spite of adverse weather, the secretary says, and the millions of men and women and boys and girls on the farm, with the organized agencies assisting them, performed satisfactorily the supremely important task of sustaining their own country and those associated with it in the war.

Emphasizing the difficulties and the absence of dramatic glamor in the war job of the farmer, Mr. Houston speaks with satisfaction of the change during the past year toward giving agriculture a larger place in the newspapers and magazines and the world's thought and bringing the great urban populations into closer touch with rural life.

Trucks for Parcel Post.

Washington.—Plans for an assault on the high cost of living by extension of rural parcel post through the use of army motor trucks are being urged by Assistant Postmaster General Blakeslee to the house postoffice committee. Mr. Blakeslee is asking for \$8,000,000 for the rural mail service for the year beginning July 1 next, said trucks for the proposed service would be turned over by the war department without charge. Truck trains, he added, could make postal rates compete with freight rates.

Salt Lake Lifts Influenza Ban.

By unanimous action of the state and city health boards, at a joint meeting December 6, orders looking to the control of the Spanish influenza epidemic were modified to raise the ban against the opening of churches and places of amusement. The former were permitted to open Sunday December 8, for all regular religious and Sunday school sessions, and the latter may give performances beginning Monday, December 9. The order is operative in Salt Lake City only.

(Special Information Service, United States Department of Agriculture.)

HOW ONE SOUTHERN COUNTY DID IT

Young People Took a Great Interest in Carroll County's Red Cross Pig Club.

FAMOUS AS RED CROSS PIG CLUB

Cotton County in State of Mississippi Converted Into General Farming Section.

IS HARD FOR COUNTY AGENT

Hogs and Other Live Stock Now Making Money for Farmers—During Short Period of Two Years Agriculture Revolutionized.

Carroll county's (Mississippi) now famous Red Cross pig club sent to the St. Louis market the other day 24 cars of hogs aggregating 1,690 head. Ten per cent of the net proceeds from the sale were contributed to the Red Cross. The best load of hogs in the consignment consisted of 71 head, averaging 250 pounds, and sold for \$19 a hundred-weight. Other hogs, ranging from shot weighing 63 pounds to well-fattened porkers, averaging 279 pounds, sold for \$15 to \$18.75 a hundred weight.

This novel Mississippi method of contributing to the Red Cross attracted a great deal of attention at the National stock yards. Motion pictures of the various phases of the marketing, both in Carroll county and at the sale in St. Louis, were taken by representatives of the United States department of agriculture.

But the Red Cross pig club is only an incident in a rather remarkable experience of this southern county during the last two years. During that short period its agriculture has been entirely revolutionized. The transformation dates from the arrival of a county agent in 1916.

Once All-Cotton.

Carroll county, Mississippi, used to be an all-cotton county; it did not grow enough corn, hay or meat to supply its own needs. Farmers generally were in debt and the conditions were as distressing as those in any other section where cotton is king, and where, since the advent of the boll weevil, the inability to produce cotton economically has made cotton farming hazardous.

In the fall of 1916 O. F. Turner was appointed county agent by the Mississippi Agricultural college and the United States department of agriculture. It isn't an easy job to convert a cotton country into a general farming section, but the situation in Carroll county demanded an immediate answer. When the county agent talked diversification, farmers and business men told him that there was no market for anything except cotton. This is a stock answer throughout the South; Turner had to disprove it. He answered it with stock. In December, 1916, he put on his first demonstration in the co-operative shipment of hogs, a carload picked up from the farmers of the county. He knew that if he demonstrated that there was money in other things besides cotton, it would be easy to put the county on a safe basis with general food and feed crops and live stock as well as a reasonable acreage in cotton. The first demonstration was a success. Prior to 1916 not a single carload shipment of hogs, cattle, corn, hay or other farm products, except cotton, had been made from Carroll county. The county agent pushed the production of hogs and the growing of crops on which to raise the hogs, and then he pushed cattle, corn, hay and peanuts. From September, 1917, to the first day of October, 1918, Carroll county shipped 67 cars of hogs, 118 cars of cattle, 155 cars of corn, 50 cars of hay, 20 cars of peas, 25 cars of Irish potatoes, 32 cars of molasses, 2 cars of peanuts, 2 cars of sweet potatoes and 1 car of sorghum seed, a total of 472 carloads of live stock and farm products other than cotton. The shipments culminated in the trainload of hogs from what is known as the Carroll County Red Cross pig club.

Pig Club Propaganda.

Late in the winter of 1917 the county agent took up with business men

and with farmers in his county the problem of helping the Red Cross and at the same time helping hog production. This was talked in every schoolhouse and in every rural church in the county. Practically every merchant, every banker, in fact, most of the business men, raised pigs for this shipment. Of course, the vast majority were raised by farmers. Nearly 500 negroes belonged to this club. The shipment attracted a great deal of attention not only in Mississippi, but in the St. Louis market. The bureau of markets of the United States department of agriculture assisted in calling the attention of the buyers to these hogs.

This interesting shipment is, therefore, but the culmination of a piece of constructive work accomplished by the close co-operation of the farmers of Carroll county with a good county agent. It has made the farmers of Carroll county independent; they have "lived at home"; they have paid off as many mortgages as in seven years previous; they have made 50 per cent fewer chattel mortgages. Eighty-five per cent used to farm on credit; now only 15 per cent need this help. It has added to the food supply of the nation in time of need; it has revolutionized the farming of a county; it has made the lot of the average farmer of Carroll county infinitely more tolerable and has brought him a degree of economic safety impossible under a one-crop system.

THE TRANSFORMATION

Prior to 1916 not one carload shipment of hogs, cattle, corn, hay or other farm products, except cotton, had been made from Carroll county, Mississippi.

In 1916 a county agent arrived. From September, 1917, to October 1, 1918, Carroll county shipped 67 cars of hogs, 118 cars of cattle, 155 cars of corn, 50 cars of hay, 20 cars of peas, 25 cars of Irish potatoes, 32 cars of molasses, 2 cars of peanuts, 2 cars of sweet potatoes, and 1 car of sorghum seed—472 cars of live stock and farm products other than cotton.

Tractor Production.

An investigation of the tractor situation in this country recently was completed by the office of farm equipment control, United States department of agriculture.

Reports were received from every tractor manufacturer in this country concerning the number of tractors manufactured and their distribution between January 1, 1916, and July 1, 1918.

A summary of these reports is given below:

Number of Tractors Manufactured.
1916 23,670
1917 62,742
January 1 to June 30, 1918..... 58,543

Total for 1916, 1917 and first half of 1918 150,955

Number of Tractors Sold.
1916 27,815
1917 49,594

To Exporters.
1917 14,834
1918, first six months..... 15,610

Number of tractors in hand, in transit or in hands of dealers at time of report (August, 1918).....11,838

Briefs About Birds.

Birds migrating at night average longer flights than the day migrants. The night hawk performs the longest migration journey of any land bird. Its trip is 7,000 miles, from the Yukon to Argentina.

The files of the United States department of agriculture contain more than 1,000,000 cards concerning the distribution and migration of North American birds.

The arctic tern holds all records for length of migration. When the young are full-grown the entire family leaves the arctic regions and several months later is found skirting the edge of the antarctic continent.

Farmers should remember that damage to winter wheat is done by the alternate freezing and thawing.

WRIGLEY'S

All Now in Pink Wrappers

To save tin foil for Uncle Sam, WRIGLEY'S is now all wrapped in pink paper and hermetically sealed in wax;

1. The tangy flavor of mint
2. The luscious different flavor
3. The soothing flavor of peppermint

All in pink-end packages and all sealed air-tight. Be Sure to get WRIGLEY'S because

CURES THE SICK

And prevents others having the disease no matter how exposed. 60 cents a bottle, \$5.50 and \$11.00 a dozen bottles. All good druggists and turf goods houses. Spohn Medical Co. Goshen, Ind., U. S. A.

Cruel Treatment.
Yeast—The Germans in the internment camps in this country say we are treating them cruelly.
Crimsonbeak—How so?
"They claim we're taking all the 'kick' out of the beer we let 'em have."

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Haarlem Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful. Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. The best known, most reliable remedy for these troubles is GOLD MEDAL Haarlem Oil Capsules. This remedy has stood the test for more than 200 years since its discovery in the ancient laboratories in Holland. It acts directly and gives relief at once. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. Accept no substitutes. Look for the name GOLD MEDAL on every box, three sizes. They are the pure, original, imported Haarlem Oil Capsules.—Adv.

To Some Extent.

"Mrs. Gaddy claims that she made her husband."
"So she did; she made a fool of him."

How's This?

We offer \$100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system.
