is in trying conditions like that below by Mrs. Geo. L. North, of Chamberlain's Cough and Diarrhoea Remedy. Two years ago "summer" she says "our little boy" in the country eight miles from doctor. Our son was taken ill suddenly and was about the sickest child I saw. He was in terrible pain at the time and passed from one condition into another. I sent my husband for the doctor and after he was thought of a bottle of Chamberlain's Cough and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived he was out of danger."

## Chronic Catarrh.

Our manner of living makes us very susceptible to colds and a succession of colds causes chronic catarrh, a disease with which it is estimated that ninety-five per cent of our adult population are afflicted. If you would avoid chronic catarrh you would avoid colds and having contracted a cold get rid of it as quickly as possible. Chamberlain's Cough Remedy is highly recommended as a cure for colds and can be depended upon.

## "HATS OFF TO THE BIG HAT"

By Violet Moore Higgins

This is to be the summer of the big floppy, flowery summer hat, the utterly feminine, wholly adorable big hat, that we have seen so little of for years. "Now the war is over," says Billie Burke, the charming little Paramount Artcraft star, "we want to forget completely, for a while anyhow, those awfully stiff

military hats we were all wearing, even if the only hard war work we did during the war was to buy liberty bonds. But things are different now. "Really, don't you like this new hat of mine? I've just acquired it, and even when one takes it off and puts it on one's knee, it still has an air. It's one of those new imported leghorns in a soft, creamy tone. Billie Burke's next picture is "Away Goes Prudence."
