## Land Jumper Killed.

Boise, Idaho, Sept. 2.—A special from Mountain Home says: Bill Little was shot and instantly killed by Sam Calloway, of the firm of Fletcher & Calloway, sheepmen. The tragedy occurred at a point on the South Boise, about eight miles below Dixie.

There has been trouble over a ranch occupied by Little. This morning Calloway, in going to his camp started across the ranch, that being the only way to reach it. Little appeared and ordered him off. He emphasized his command by flourishing a revolver, finally taking sight at Mr. Calloway and trying to shoot him. The revolver missed fire. Little snapped it four or five times and then started for his cabin to get his rifle.

As Little reappeared at the cabin door Calloway fired with a rifle, killing him instantly. No inquest has yet been held. Mr. Calloway is on his way to this place.

The ranch trouble arose over the jumping of the property by Little. The latter located it and some time ago sold it to Fletcher & Calloway. The land was undeeded, however, and Little took advantage of this fact to jump the ranch.

## TRUMPET CALLS.

Ram's Horn Sounds a Warning Note to the Unredeemed.

THE book that has inspired the race does not need to prove its own inspiration. The wealth of a life will sometimes depend on its wastes. Some think they are sinless because they are godless. You cannot follow Christ without confessing Him. Peace with God gives power with men. He who gives his body to sensuality gives his soul to suicide. No safer harbor is gained by tacking before the wind of truth. Happiness even in misery is the hallmark of the heavenly man. If your life is hid with Christ, Christ cannot be hidden in your life. If men would have God's rest they must be weary in God's work. Salvation by self-examination is like sweeping a room with a searchlight. The beauty of earth comes from the showers as much as from the shine. You cannot appraise a man apart from his soul, and that is invaluable. There would be few slandering tongues if there were no listening ears. If you have God's work in your work you can get along without man's worry.

J. A. SIMPSON.  
[Sec'y Board of Education, San Francisco.]

Hon. J. A. Simpson, secretary of the board of education of San Francisco, Cal., writes: "I have found Peruna an ideal tonic. Some months ago I suffered with neurasthenia (systemic catarrh), caused by too close application to office work. My system seemed worn out and I felt far from well. I found Peruna benefitted me very much. It built up the entire system and made me feel like a new man. I believe it is well worthy the high praise bestowed upon it."—J. A. Simpson.

## TURKEY APPEALS FOR AID

### SULTAN WANTS THEIR HELP.

**Trouble With France Growing—Sultan Will Be Advised to Settle Indebtedness as Soon as Possible—Uprising Is Reported in Armenia—Ambassadors Leave.**

Constantinople, Sept. 3.—The report that the sultan has appealed to Germany to use her good offices to settle the dispute with France is confirmed. Germany, it is understood, will advise the porte to settle with France as soon as possible.

Munir Bey, Turkish ambassador to France, has returned to Switzerland, where he will remain until the controversy between the two countries shall have been settled.

### Turk Requested to Leave.

Paris, Sept. 3.—The result of Munir Bey, the Turkish ambassador, coming to Paris, in spite of the rupture of Franco-Turkish relations, and holding a fete at the Turkish embassy in honor of the anniversary of the sultan's accession to the throne, has been that the French government sent him the same afternoon a request to leave France immediately, and Munir Bey departed for Switzerland that evening.

### Left Constantinople.

Constantinople, Sept. 3.—M. Babst, councillor of the French embassy, and the other members of the embassy's staff took the guardship Vauteur on an excursion up the Sea of Marmora, in order to avoid dressing the vessel as the other warships in the harbor were dressed in recognition of the anniversary of the sultan's accession to the throne, which was celebrated yesterday. The members of the embassy did not participate in the congratulations of the diplomatic corps, nor was the embassy illuminated.

Turkish officials received only 40 to 60 per cent of their salaries on the anniversary of the sultan's accession.

### Internal Troubles.

Paris, Sept. 3.—Advices received here from Turkey indicate a disquieting internal situation. Disorders and military uprisings are reported in Armenia, Macedonia and the neighborhood of Messa. The son of a high functionary was carried off by brigands near Adrianople, who fought a bloody engagement with the troops sent out against them.

A dispatch from Salonica says that Mouri Bey, aide de camp of the sultan, who was sent to investigate the brigandage in Albania, has been killed by Albanians. It is also said that the Turkish troops at Priserand, Albania and Uskub are rioting because they have not been paid.

M. Constans, the French ambassador to Turkey, had another conference with the French minister, M. Del Casse, today. The government of France is determined to compel Turkey to fulfill her entire obligations. Unless the sultan yields shortly he will find the bill against him increased by a number of other outstanding claims of Frenchmen, which will add an appreciable sum to that now demanded.
