

Williamson does what he says—cost what it may. He said out by January 1st—take the tip!

The Third Floor is Now A Matter of History!

The Greatest Store Idaho has ever known, or will for many a day, is dying by the yard. Protect yourself while you can!

For it's gone. Williamson gave his thousands of friends and customers six weeks' fair warning. Hundreds availed themselves and bought furniture and carpets for less than any merchant could at wholesale. The opportunity is closed forever to those who said: "Oh, well, wait a while!" Now then the Third Floor is gone, and all its splendid well-bought merchandise. WILLIAMSON HAS MADE UP HIS MIND TO KILL THIS STORE—PUT IT OUT OF BUSINESS BY JANUARY 1ST. He has started the final wind up by beginning at the top and slashing, clearing the entire institution of everything. Now the Second Floor is next. THAT FAVORITE GREAT DEPARTMENT OF WILLIAMSON'S—known the country over as the finest, most select as well as practical stock of Women's Ready-to-Wear Garments—the Famous Art Department, all the Millinery, etc., IS DOOMED. The orders are signed. To close this floor in the shortest time possible, Williamson is going to give you all a last chance to buy SUITS, COATS, DRESSES, MILLINERY, ETC., for less than one-half of what you'll have to pay—must pay or go without—when it is gone. We give now last warning. We caution you for your own sake not ours to get busy.

375 Brand New Fall Suits of the very latest styles, plain tailored, fancy fur-trimmed, etc.; materials of gabardine, tricotine, velour, serge, silk, velvet and velveteens, in all the wanted colors; cheaper at regular price than any suits in the city. ALL GO AT JUST HALF PRICE. A complete line of regular sizes, 36 to 46, and complete line of stouts, 43 to 57.

All Evening Gowns AT HALF PRICE—complete line of sizes and a very good assortment of colors. Regular prices, \$12.50 to \$65.00. Sale prices, just HALF.

35 dozen Gingham and Percale House and Porch Dresses and Breakfast Sets—in all good colors; sizes, 34 to 44 bust; materials alone would cost you \$2.00 without the making. All go out tomorrow at98c Each

See window display tonight in entrance window.

WOMEN'S WINTER COATS

A special lot of 35 Winter Coats—all brand new styles and materials—placed on a rack to be sold in a hurry. Priced at \$9.75; cost not taken into consideration.

Just two of the Silk-Padded Japanese Bath Robes left—sizes 38 and 42; light blue color, at...\$5.00 All Japanese Novelties HALF PRICE, on display Second Floor.

No new account opened.
No exchanges.
No refunds.
Alterations at actual cost.

WILLIAMSON'S

The Store that always did make good—but now resigns to give others a chance.

Few old styles; 90 per cent of the entire Second Floor's merchandise is this Fall's Styles. See for yourself! Decide quick!

MOSCOW PEOPLE CARE FOR THE SICK

VICTIMS OF INFLUENZA ARE BEING CARED FOR BETTER HERE THAN ELSEWHERE

It is not an accident that there have been so few deaths and that so many of the influenza cases in Moscow are mild. It is due to the splendid care the patients are getting and the excellent system of caring for the men as soon as they show symptoms of the disease. Great credit is due Captain Felker, commandant and head of the entire military department here and to Lieutenant-Doctor Kotalik as well as to President Lindley and the entire university staff. But these men are too modest to take the credit due them and they give the credit to others. A statement sent to The Star-Mirror by the university gives great credit to the people of Moscow, who, no doubt, deserve all of the kind things said about them. The statement follows:

The mothers throughout the state who have sons in the S. A. T. C. at the University of Idaho need have no fear lest their boys are not being given the best and most tender care.

The citizens of Moscow with their customary generous and efficient aid are helping the military and University officials in every possible way to check the epidemic of influenza. Every woman in the city or surrounding country who has a boy in the service, or who feels for those who have, is tireless in her efforts to bring comfort and cheer to the sick lads in the hospitals.

The soliciting and preparing of the food for both the Inland and A. K. E. hospitals has been taken charge of by Miss Charlotte Lewis, daughter of Mr. and Mrs. M. E. Lewis, a government Red Cross dietician. Mrs. Lewis has placed her well equipped kitchen with all its modern utensils and supplies at the disposal of the hospital.

Mrs. and Miss Lewis aided by Miss Florence Richardson and all the members of the household have spent every day since the epidemic began, planning and preparing nourishing and dainty dishes to tempt the appetite of the sickest and most homesick boy. The kitchen has been a scene of great activity from morning to night. Ladies from the country arrive at early hours bringing the supplies of chickens, milk and cream for the day. Town ladies come with custards and puddings, orderlies arrive at noon and night to bear away the steaming kettles of fragrant broth and great pans of creamed chicken, junkets and jello.

The city of Moscow deserves the commendation of the state of Idaho for so ably "carrying on," both thru individual and organized effort, in the present difficult circumstances.

AVERAGE PRODUCTION OF THE FIVE BREEDS OF DAIRY CATTLE

For Ayreshires the average of the 2,598 cows that have completed yearly records for advanced registry is 9,555 pounds of milk, testing 3.95 per cent of butter fat, amounting to 377.5 pounds of fat.

In the Brown Swiss breed the average of 199 cows that completed yearly records for the register of production is 10,868.7 pounds of milk, testing 3.995 per cent, amounting to 433.45 pounds of butter fat.

In the Guernsey breed the average of 9,200 cows that have completed a year's record for advanced registry is 8,934.44 pounds of milk, testing 4.99 per cent, amounting to 446.01 pounds of butter fat.

Among Holsteins, 3,220 cows that had completed a yearly record for advanced registry averaged 14,622.7 pounds of milk, testing 3.424 per cent butter fat, amounting to 500.7 pounds of fat.

In the Jersey breed, the average of 5,244 cows that had completed yearly records for the register of merit was 7,792 pounds of milk, testing 5.35 per cent, making 417 pounds of butter fat.

SPANISH INFLUENZA IS EPIDEMIC HERE

Many Cases Develop Into Deadly Pneumonia. Easier to Prevent Than Cure. How to Avoid.

The constant daily increase of Spanish Influenza reported by local physicians shows clearly that many people are failing to take the simple ordinary precautions necessary to avoid infection. For, while influenza after its development, is sometimes difficult to cure, it is an easily preventable disease.

The best plan is to begin treatment before the first symptom starts. For no other disease will develop so quickly or spread so rapidly. You may feel fine today—be sick tomorrow and lose a week or more of work. You will indeed be fortunate if pneumonia does not develop.

The air today is full of influenza germs. Every breath you take is likely to draw them into your nose and throat. You can prevent the disease by killing the germs before they spread throughout your body. There is probably no safer or surer way to do this than to go to the nearest drug store and get one of the famous Hyomei Inhalant Outfits consisting of a bottle of the pure Oil of Hyomei and a little vest-pocket, hard rubber

inhaling device into which a few drops of the Oil of Hyomei are poured.

Just breathe this Oil of Hyomei deep into your nose, throat and lungs and every particle of air that enters your breathing organs will be charged with an antiseptic, germ killing balsam that will absolutely destroy the germs of Influenza that have found lodgment there.

You can't do this too often. No ordinary night and morning gargling or throat spraying will be sufficient so long as during the day you come in constant contact with infection. The Hyomei inhaler is small and can be conveniently carried in a hand-bag or vest pocket. Every half hour or so throughout the day take it out and draw a few breaths of its pure healing air into your nose and throat. By doing this you can prevent infection and check the further spread of the disease even though you are coming in direct contact with it. This is an inexpensive treatment as the Inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

NOTE: Oil of Hyomei, so strongly recommended above for the prevention of Spanish Influenza is not a new discovery but is the application of an old and time-tried treatment to a new disease. Hyomei has been a standard in the treatment of catarrh and colds for almost twenty years and is sold by druggists everywhere. Hundreds of people in Moscow and vicinity keep a Hyomei outfit with inhaler on the bath-room shelf for regular winter use. If you have one get it out now and use it. If you haven't one, go to the nearest drug store and get one today. It is the duty of every person, not only for his own sake but for the community to do all in his power to prevent further spread of this epidemic and to stamp it out.

Latah County Records.
Monday, October 28, 1918.
C. M.—Browning Warren to C. J. Hugo, \$580; one Buick automobile.
B. S.—Same to same, \$335; one Ford automobile.
W. D.—Jackson Bailey to Wm. An-

drew Baker, \$2300; S 1-2 SE 1-4 14; N 1-2 NE 1-4 23-38-3 W.

R. M.—Leonard H. Nichols to Henry C. Morris, \$200; S 1-2 SE 1-4 SE 1-4 26-39-2 W. 1 and 1-2 acre in SW 1-4 SE 1-4 26-39-2.
W. D.—Jesse W. Randall to Frances Randall, L. & A.; lots 2-3, secs. 7-38-4; SE 1-4 NE 1-4 NE 1-4 SE 1-4 12-38-5.

Grains worth \$1,168,074.50 were saved in Idaho this year by poisoning ground squirrels on 266,068 acres of land, using 208,549 pounds of poisoned oats, costing \$30,920.37. This information is compiled from the individual reports of farmers who used the poison.

3380 Garden Club members in Idaho this year are raising 640 acres of garden "sass," valued at \$50,000.

246 Franklin county boys and girls are members of Uncle Sam's pig club army. They will produce for market at least 500 pigs.

Make Next Washday Easy

Yes—Get the biggest washing out and on the line before 10 o'clock. No laundry required. Push a button and the THOR will do the work. No wages to pay anyone. No meals to serve. What a difference between this and the old wasteful way of wearing out the clothes on a washboard and rubbing and wringing most of the day!

Thor Electric Washing Machine

Does a good sized washing in an hour. Costs only 2c an hour for electricity. Positively the most economical way to wash. The THOR actually pays for itself as it goes along. It saves more than it costs. Over 130,000 women have already proved that in their homes. Come and we will prove it also. We will show you how to get better washing done for less than it costs you now.

\$5.00 BRINGS THE THOR TO YOUR HOME

Then \$5.00 a month until paid for, and it is yours. Sold on our guarantee that it will do all we claim or your money back. Come this week—come before next washday. Let us show you how it saves money and drudgery and gives a woman a day of leisure.

Washington Water Power Co.

The Words of Our President Are Potent Overseas! Shall They Have Less Weight Here?

READ THIS LETTER:

THE WHITE HOUSE
Washington

2 October, 1918.

My dear Senator:

I learn with genuine gratification of your nomination for the Senate and write to express my earnest hope that you will be elected. We have had a taste of your quality here which makes us all more certain than ever that Idaho could not have a more loyal or trustworthy representative or the administration a more generous supporter.

Cordially and sincerely yours,
(Signed) WOODROW WILSON.

Hon. John F. Nugent,
United States Senate.

President Wilson Tenders to Every Citizen of Idaho This Opportunity to Support Him in His Leadership in the Great Conflict for Humanity and World Democracy.
