The reason you can get this trial free is because they cure Kidney Pills and will prove it to you.

WENT BRASER, Minn.—Doan's Kidney Pills hit the case, which was an unusual desire to urinate—had to get up five or six times a night. I think diabetes was well under way, the feet and ankles swollen. There was an intense pain in the back, the heat of which would feel like putting one's hand up to a lamp chimney. I have used the Free Trial and two full boxes of Doan's Pills with the satisfaction of feeling that I am cured. They are the remedy par excellence.

KEROSENE EMULSION.

In making the well-known kerosene emulsion it is an easy matter to make a mistake, so that the kerosene separates from the water. Kerosene will mix with milk or soapsuds, but in making the emulsion plenty of soap should be used, as it will be difficult to mix the substances unless such is the case.

TWO NEW SPRAYS.

The difficulty of killing plant and tree lice with the usual spray mixtures is well known. Good results are reported from the use of a new mixture containing one pound hard soap, one quart castor oil, one-fourth pound carbonate of soda, one gallon water. The soap and acid were boiled in water and mixed with the castor oil while heated; the mixture was then diluted with ten to twenty per cent. of water for spraying. In fighting tree lice it is important to apply the liquid used before the leaves begin to curl and enclose the insects. For scale insects a mixture reported as satisfactory is prepared as follows: Ten quarts boiling water, one quart carbolic acid, one quart soft soap. The mixture is stirred until an emulsion is formed and is applied by means of a brush.

A SPRAYING DEVICE.

A suitable device for treating graft union by spraying is here shown. Flax seed plants treated with this sprayer are also pictured. The two plants in Fig. 1 were thirty days old from sound seeds, but the seed from which the large plant grew was twice as heavy

as that which produced the small plant. The figure is one-half size.

Fig. 2 shows two wilted plants from internally infected scaly seeds.

Fig. 3 shows the type of pump one should have to treat grain with by the spraying and shoveling method. The nozzle may be set to throw a spray of any degree of fineness. The plants in Fig. 1 were regularly sprayed. In Fig. 2 the plants were neglected.—Indianapolis News.

THE GARDEN SHRUBS.

No garden can be considered at all complete without a good collection of flowering shrubs, and plans should be made to introduce a few even in the smallest garden. The carriage drive may be bordered with dwarf growing sorts, but they should never be planted so closely as to give a bushy, neglected air to the lawn. In order to emphasize the green of the turf a flower bed of set design may be introduced in the turf at one side. Its position here must be calculated with mathematical precision. Scarlet should be the predominant color. A fine effect may be produced by using canna for the centre of the bed. Italia is a fine sort for this purpose, having scarlet and yellow flowers. Next the broad band of scarlet may be produced by salvia, which may be purchased or grown from seeds started in March. Scarlet geraniums also give a fine glow of color. For the border row seeds of dwarf sweet alyssum, which will give a broad ribbon-like border of foamy white and cause even a faded turf to look normal by contrast. A carpet-like bed of red may be obtained by the use of colons, but will lack the air of tropical luxuriance of the other. These set designs may be varied indefinitely, but it is to be remembered they are for effect only, and do not admit the cutting of any flowers for vases.—Philadelphia Telegraph.

"Hills of gold" are reported to have been discovered at Arlunga, in Central Australia.

A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes: "I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation, which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."—John W. Meng.

The most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman:

House of Representatives, Washington, D. C.

The Peruna Medicine Co., Columbus, O.: Gentlemen—I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it to those who need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

FOR WOMEN

Much That Every Woman Desires to Know About Sanative Antiseptic Cleansing And about the Care of the Skin, Scalp, Hair and Hands.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itching, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and inviolated by these distressing ailments, as well as such sympathetic afflictions as anemia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard skin cures and humor remedies of the civilized world.

Millions of the women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations, and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

The Growls of a Grizzled Bachelor.

Old bachelors know a great deal about women. If they did not, they wouldn't be old bachelors.

Nobody knows why a woman when she trips over a rocking chair always blames her husband for it as soon as he comes home.

During courtship, he talks and she listens. After marriage, the order is reversed, or else they both talk, and the neighbors listen.—July Smart Set.
