School Entertainment.

The exercises at the Institute Monday evening closed the work for this scholastic year. The pupils sustained the excellent reputation of the school and their efforts showed the careful training and painstaking attention of the efficient corps of teachers. The two drills, The Chinese Lanterns and the Vestal Virgins, in which the older girls took part, were pleasing spectacles, and the bright and sparkling Cantata, Fairy Land, gave the smaller girls as well as some of the larger ones, an opportunity to display their careful training. It was astonishing, the ease and grace and self-possession of some of the little tots in their first appearance on the stage.
