VOL. XI.

SEQUACHEE, TENN., THURSDAY, OCTOBER 1, 1903.

NO. 10.

GUSTAFSON BROS. SHOP LEASED.

To H. E. Cartland, of Athens, Tenn.

TO MANUFACTURE SHUTTLES.

New Enterprise for Sequachee Which Will Help Its Growth.

In an interview with A. S. Gustafson, Secretary and Treasurer of the Gustafson Manufacturing Co., Chattanooga, Tenn., who spent Sunday here, a News reporter learned that the plant, boiler and engine of the company, located in this city, has been leased to H. E. Cartland, who resides at Athens, Tenn., for the manufacture of the shuttles, used in cotton and woolen mills for which there is a great demand. Large quantities of gum, persimmon and dogwood will be used in manufacturing them, the two latter varieties being practically untouched in this section.

It is not known how many hands will be employed, but work is assured quite a number, which will assist the growth of our plucky little city materially.

Mr. Cartland is expected here next week to make preparations for manufacturing shuttles and will ship suitable machinery to this place from Chattanooga. It is expected the plant will be in operation in about thirty days.

SEQUACHEE WON.

Ridge Team Defeated in a Well Played Game.

Although the base ball season has closed in other parts of the country interest here is still high. Saturday a team was hastily collected and went to Victoria to play the Ridge team, and defeated them in an exciting and interesting contest, 11 to 5. Many close plays were made, and the cheering and coaching of the spectators was vigorous and enthusiastic.

Martin pitched a fine game for Sequachee and his delivery was ably handled by Campbell, who caught finely. Byrd at second carried off the fielding honors, making a double play unassisted, and also doubled again by a throw to Hill at first. A third double was also made by Campbell to Hill, and later by a lightning throw to Hill Campbell caught the runner off first. Good work was also done by C. Martin and Houts who made a fine catch of a high fly in center. Lee, Lofty and W. Martin did good work.

Lewis pitched a fine game until the fifth inning when Sequachee bunched his hits and won the game. He was succeeded by Miller. Shumake, Vinzant, Arledge and Alder made good plays. The umpire was Chas. Curtis, who officiated in good style.

The score:
Innings: 1 2 3 4 5 6 7 8 9
Sequachee.....10 0 0 7 0 1 1 1—11
Ridge.....1 0 0 0 0 1 3 0—5
The same teams meet on the local diamond Saturday, Oct. 10, and a warm game is expected.

Gained Forty Pounds in Thirty Days.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them and inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade in the Tablets—HOTLEY BROS., Merchants, Long Branch, Mo.
For sale by Coldwell & Chaudoin, and Whitwell Drug Co.

VERY LOW RATES FOR THE NASHVILLE HORSE SHOW.

W. L. DANLEY,
Gen'l Pass. Agent,
Nashville, Tenn.

WILL MOVE LATER ON.

Gustafson Bros. Contemplate Locating a Branch Factory Here.

Gustafson Bros., who have a big establishment at Chattanooga for the manufacture of mining cars and mining machinery, furnace coolers, tapers and other equipment, while not contemplating an immediate return of a part of their plant to this city, informed a News reporter this week that they were contemplating moving a part of their plant here some time later to resume the manufacture of such articles.

A large portion of the business of the firm was built up here, and necessarily a large portion of their trade came from this section, and hence they would find cheaper and more economical to supply it from a branch factory here than from Chattanooga. Their plant at Chattanooga will be employed in the manufacture of their finer grades of work, while the rough heavy work will all be done here.

The coal mines of this section are being so rapidly developed that Gustafson Bros. appreciate the fact that a branch factory will control the business better, and hence they will establish one here.

BARNUM & BAILEY

Coming With the Greatest Show on Earth.

Thousands of circus-loving people will undoubtedly take advantage of the opportunity to visit the famous Barnum & Bailey circus which exhibits at Chattanooga, Oct. 13. This is the only place in this vicinity where the big show may be seen during the present season, and special cheap excursion tickets will be sold on all railroads and other lines of travel. The home-coming of the greatest show on earth, after a five years' triumphal tour of Europe, has been signalled by the organization of the most novel and gigantic circus ever seen in America. There is a costly and elaborate spectacle and hundreds of thrilling aerial, acrobatic and equestrian acts never before presented in this country. Cyclo, the Kinetic Demon, creates breathless excitement by his daring bicycle ride on the inside of a mammoth perpendicular circle; the hippodrome presents the races of old Rome with an exhilarating "gro" that excites boundless enthusiasm, and human "curiosities" from all parts of the world, with a remarkable display of miniature American warships, combine with an unequalled zoological display to interest and instruct the show's thousands of daily visitors. The free street parade, which is brilliant beyond all precedent this year, takes place at 10 A. M., prior to the opening performance. Coupon tickets and a foot rest for every seat are innovations that make a visit to the Greatest Show on Earth especially enjoyable.

DYNAMITE EXPLOSION.

Shockingly Injures Two Railroad Builders Near Tracy City.

Tracy City, Tenn., Sept. 25.—A Stoneking, a contractor, and D. S. Thompson, foreman of a construction gang working on the Nunnally Ridge extension of the Nashville, Chattanooga & St. Louis Railway, were terribly injured by a premature explosion of dynamite which they were preparing to set off. Stoneking received wounds in the chest that are painful but not fatal, while Thompson lost both hands and was so badly injured about the eyes that it is believed his sight has gone forever.

STANLEY.

Special to the News.
Visiting is the order of the day regardless of the dusty roads.

John E. Ritchie and family were visiting Mrs. Polly Davis on Waldens Ridge Sunday.

T. H. Ritchie and three of his children were visiting relatives at Albion-Vew, Hamilton County, Sunday.

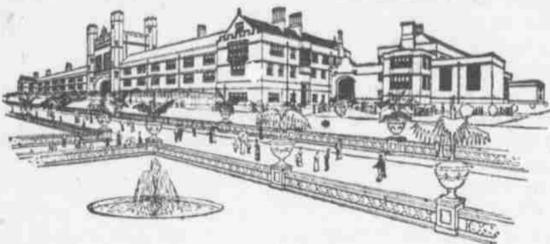

Our school teachers, Misses Eliza and Jennie Hale, of Whiteside, returned Saturday to their home.

We regret very much that our schools have been so short. Our schools have been very satisfactory, only they are too short.

Several people from this section attended the Sunday school picnic at Mountain Creek in Hamilton County Saturday and report a nice time.

RECIPROCITY AND TARIFF

is the title of a new document of thirty-two pages just issued by the American Protection League, and includes all of the reciprocity treaties now under consideration by Congress, the editorial opinions of the late Speaker Reed on the Cuban treaty, and an exhaustive treatise on the Constitutionality of reciprocity treaties by former Representative Sheldon of California. Sent to any address for four cents. Address W. F. Wakeman, General Secretary, 339 Broadway, New York, N. Y.

The new grounds and buildings of Washington University, which are to be used for exposition purposes at the St. Louis World's Fair in 1904, comprise 110 acres of land and ten buildings.

All these buildings are in the Tudor Gothic style of architecture as exemplified in the college buildings of England of the time of Henry and Queen Elizabeth. All are built of red Missouri granite, with quoins or corners and ornamental courses of cut stone. The granite is laid in what the architect calls "broken range rubble." The masonry is hammer-faced granite with two level beads and four irregular faces. This makes the courses of the granite level but breaks the blocks into irregular shapes.

The principal building is University Hall. Its plan resembles the capital letter "H." It stands facing squarely to the east so that Lindell Boulevard runs directly up to the main entrance in its centre. This centre entrance is the most noteworthy architectural effect of the building. It consists of a massive tower 77 feet high, topped by four octagon towers, one at each corner. The tower itself, as well as the octagon corners are battlemented, with elaborate moldings in cut stone encircling the embrasures. The door way in this tower is a magnificent arch with a depressed archvaul of Gothic style. Through the entrance appears what architects pronounce one of the most magnificent groined vaults in the United States, 25x38 in size. The vault is formed entirely of cut stone crossed by a number of elaborately moulded ribs with grotesque bosses at the intersections. Most groined vaults of large span are built of wood or plaster—this is all stone.

The facade of the tower is elaborately ornamented with canopied niches and with strong courses on which arrear the heraldic shield bearing the University Coat of Arms.

In front of this monumental entrance stretches a terrace 50x264. Leading up to the terrace are steps of cut granite 35 feet wide. The terrace is surrounded by cut stone balustrade of refined composition.

On the two wings of University Hall battlements, oriel windows are placed which accentuate the wings effectively. Over all the windows, both in University Hall and in the

subsidiary buildings, appear hood mouldings of cut stone.

Busch Hall, the two Cupples Halls and Jiggett Hall, are built of the same material and in the same style, though not so large as University Hall. They open on a quadrangle of considerable size, which is overlooked by a clock tower seven feet in diameter, which holds a place on the rear facade of University Hall.

The buildings are fire proof throughout, concrete flooring material being used instead of tile. Through the centre of nearly every building is a wide corridor on each side of which are rooms which will be used by the University for lectures and recitations. Jiggett Hall is the men's dormitory, and is divided into "houses" to be occupied by parties of students.

The Boiler House, where the heat and light for the buildings will be produced, is reached by an underground tunnel or subway, about eight feet square in section. This subway carries the steam pipes that heat all the buildings and the big wires that carry the lighting current. This subway makes a number of mysterious turns to avoid buildings which will be constructed later by the University.

This Boiler House is to receive a boiler and generator equipment, built at a cost of about \$50,000 to be supplied by the General Electric Co., and to be an exhibit during the exposition.

In the western end of the University ground will be located a large amphitheater and gymnasium, which will be used for the Physical Culture Exhibit and Exercises during the Exposition.

Following are the names, dimensions, cost and purposes of the several buildings:

University Hall, 325x118, \$250,000, Administration Building; Busch Hall, 292x100, \$115,000, Department of Works; Cupples' Hall No. 1, 263x113, \$115,000, Anthropology; Cupples' Hall No. 2, 207x80, \$115,000, Jefferson Guard; Work Shop, 207x63, \$80,000, and Jiggett Hall, 90x63, \$100,000, use undetermined; Power House, 120x50, boilers and machinery; Library Building, 258x144, \$250,000, Educational Congresses; Dormitory and Dining Hall, 269x150, Service Building; Gymnasium, 94x181, \$140,000, Physical Culture Exhibits.

AGREEMENT MADE.

Miners and Operators Fix the Terms for District 19.

Knoxville, Tenn., Sept. 27.—The miners and operators of Kentucky-Tennessee district, No. 19, have reached an agreement, and the wage scale which was submitted to the committees of the two has been ratified.

Three main concessions were secured by the miners: An advance 7 1/2 per cent for pickers' wages and for day laborers, semi-monthly pay days, and the Jellicoe scale for the entire district.

The miners are pleased and the operators satisfied. This agreement covers more operators than any former agreement in the district.

The scale which was fixed to-day applies from Sept. 1, as had been agreed between the miners and operators.

The increase of 7 1/2 per cent to miners and day laborers is based on the Jellicoe day scale, which it is understood was the highest schedule in the district.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 35c.

OLD SOLDIER DEAD.

Jackson Lee Dies Suddenly from Heart Disease.

Jackson Lee died at his home Thursday night very suddenly. He had gone to bed about 7 o'clock when he was seized with coughing and went outside to get air. His wife heard him and got him into the house, but he went out a second time, and with great effort his son-in-law, Wm. Cruze, got him back into the house and bed, and he died about 7:45. Dr. Turner, of Jasper, was sent for, but on his arrival found him dead.

Jackson Lee was born in Monroe county, Tenn., in 1840. He enlisted March 15, 1862, in company H, 4th Ky. Inf., was wounded at Jonesboro, Ga., and discharged May 15, 1863, having served 3 years and 2 months. In 1867 he was married to Miss Caroline Parton at Ball Play, Monroe county, and to them were born two sons, Wm. M. Lee, and John Lee and one daughter, Mrs. Wm. Cruze, who with their mother survive him. He was a charter member of Post 33, G. A. R.

His funeral was held Friday at Owen Cemetery, Rev. J. W. Robertson, of Jasper, joining in the G. A. R. ritual which was performed at the grave by Post 33 under Commander Hill. A very numerous assemblage was present, the service was solemn and impressive.

The sudden death of Jackson Lee is sincerely regretted by his fellow citizens who esteemed and respected him.

WILL ENTER ALBION COLLEGE.

Miss Elin Gustafson left yesterday for Albion, Mich., where she will enter Albion College as a student in German, elocution and fencing, in order to continue under the instruction of Dr. Chace, who resigned his position as organist and choir director at Christ Church, Nashville, in order to accept a similar position with Albion College. Dr. Chace gets a salary of \$3,000.00 per year for this position, and is considered a leading organist of the country. Albion College is under the control of the Methodist Episcopal Church and was founded in 1861. Last year 425 students attended, and were under the care of twenty-six instructors. A library of 15,000 volumes is attached to the institution. There have been 850 graduates of the institution.

Cures Winter Cough.

J. E. Gover, 101 N. Main St., Ottawa, writes: "Every fall it has been my wife's trouble to catch a severe cold and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough and she is able to get up and well. 35c, 50c, \$1. For sale by Sequachee Supply Store, and Whitwell Drug Co.

MARRIED.

Eldridge Roberson and Miss Emma Byrd, two well-known young people of this city, were happily united in the holy bonds of matrimony Sunday at 12 m. "Squire Harris officiating. The ceremony took place at the home of the brides parents, Mr. and Mrs. R. F. Byrd. The happy couple left for Chattanooga Monday morning on their honeymoon trip.

NON-RESIDENT NOTICE

Mathews, Hoke & Co., et al., vs. E. T. Robards, Executor et al.
To E. T. Robards, Executor, Mrs. Mary T. Robards, E. T. Robards, Jr., Julia Robards, Frank Robards, Catharine Robards, David Robards, and Ida B. Robards.

It appearing from the allegations in complainant's bill, which is sworn to, that the above named are defendants to said bill, that they are non-residents of the State of Tennessee so that the ordinary process of law cannot be served on them, and their property in Marion and Grundy Counties, Tennessee, is attached in said above stated cause. It is therefore ordered that publication be made for four consecutive weeks in the Sequachee Valley News, notifying said defendants to appear on or before the 1st Monday of Nov. next, and make defense to said bill, or the allegations therein will be taken for confessed as to them, and the cause set for hearing *ex parte*.

This Sept. 21, 1903.

A. L. ROBERSON,
Clerk & Master.

NON-RESIDENT NOTICE.

J. W. Miller vs. Amanda Miller.

Divorce Bill in the Circuit Court of Marion County, Tenn.

It appearing from the allegations of complainant's bill, which is sworn to, that the defendant's, Amanda Miller's, residence is unknown after diligent search, it is ordered that publication be made for four consecutive weeks in the Sequachee Valley News, a newspaper published in Marion County, Tenn., requiring the said Amanda Miller to appear before the Judge of the Circuit on the first Monday in December, 1903, next, to make defence to said bill, or same will be taken for confessed and proceeded with *ex parte* as to her.

This Sept. 14th, 1903.

L. R. LAYNE, Clerk.

SHERIFF LAND SALE.

In the Circuit Court at Jasper: WHITWELL SAVINGS BANK, vs. W. H. WHITE.

By virtue of the order of sale which has been issued from the Circuit Court of Marion County, Tenn., in the case of the Whitwell Savings Bank vs. W. H. White, commanding me to sell the said W. H. White's land to satisfy a judgment that the said Whitwell Savings Bank obtained against him before F. L. Price, J. P., and the said land being condemned in the Circuit Court and ordered to be sold, I will, on the

21ST DAY OF OCTOBER, 1903,

sell the same to the highest and best bidder for cash in hand on date of sale, the said land set out in the levy, in front of the south door of the court house in Jasper, Marion county, Tenn., between the legal hours as prescribed by law.

In the above styled cause Execution came to my hand the same day issued and I made diligent search and did not and could not find any personal property in my county subject to execution, I therefore have no hereby levy the execution in this case, hereto attached, upon the following described real estate, the same being and lying in the 3rd civil district of Marion County, Tennessee, and more particularly described as follows, viz:

TRACT No. 1.

Beginning on the east corner of A. W. White's tract, thence northwardly with M. J. Burnett's line to the forks of the ditch to the Burnett line, thence with Grayson and White's line to the north corner, thence with said White and Grayson's line to the south corner, thence a straight line to the beginning.

TRACT No. 2.

Beginning on a stake in the centre of the lane on the Roberts and White line, thence north 63° W. 7 1/2 poles to a stake, thence west 22 poles to a stake, thence north 67 1/2° W. 7 1/2 poles to a white oak, thence north 23 poles to a stake and pointers, thence with W. H. and G. W. White's line 147 1/2 poles to a stake at the gate, thence south 19 degrees east 22 poles to a stake, thence south 31 deg. West 17 1/2 poles to the beginning.

TRACT No. 3.

Beginning on a white oak corner, thence 80 deg. W. 18 poles to a stake and a water oak and post oak pointers, thence north 2 deg. E. 73 1/2 poles to a stake at the road, thence south 78 deg. W. south 87 1/2° W. 17 1/2 poles to a red oak, thence 30 1/2 deg. W. 18 poles to a hickory, thence north 24 1/2 deg. W. 18 poles to a corner with persimmon, sweet gum and dogwood pointers, thence a straight line 66 poles to a stake with red oak pointers, thence with Grayson's and White's line 11 poles. Thence south 7 deg. E. 24 poles to the road at gate, thence east a straight line 9 poles to a large sweet gum corner, thence south 8 deg. W. 6 poles to a large sweet gum corner, thence south 8 deg. W. 6 poles to a stake and pointer to W. H. White's north corner of another tract and G. W. White's west corner containing 6 1/2 acres more or less.

The same being described in Book FF, pages 571 and 572, in the Register's Office of Marion County, Tenn.

The following described tract of land being deducted from the above tract of land in making this levy and return:
Beginning on a sweet gum corner at the edge of the public road, thence north 71 1/2 deg. west 9 poles to a stake at the gate, thence north 73 deg. west 24 poles to a red oak, thence north 11 poles to a stake, thence south 75 deg. west 60 poles to a sweet gum, persimmon and dogwood pointers, thence southeast with the meanders of the road 35 1/2 poles to a hickory corner, thence south with Jane Burnett's line to Joe Grayson's corner (a rock), thence eastwardly a straight line to a rock corner in G. W. White's line, thence north to a sweet gum corner, the beginning.

Said Real Estate being levied on subject to whatever homestead rights the said Defendant may be entitled to under the law.

This Sept. 9, 1903.

F. M. McCULLOUGH,
Printer's Fee, 20.00. SHERIFF.

NON-RESIDENT NOTICE.

State of Tennessee, Marion Co., Whitwell Savings Bank, vs. W. H. White, G. N. Vanhoosier, and B. M. Doyle.

Before F. L. Price, a Justice of the Peace in and for Marion County, Tennessee.

In this cause it appearing by affidavit that W. H. White is justly indebted to the plaintiff as joint maker of a note and is a non-resident of the State so that the ordinary process of law cannot be served on him and an original attachment having been levied on his property, it is therefore ordered that publication be made in the Sequachee Valley News, a newspaper published in the town of Sequachee, Tenn., for four consecutive weeks commanding the said W. H. White to appear before me, or some other Justice of the Peace, at my house in the 3rd civil district of said county on the 10th day of October, 1903, and make defense to said suit against him, as it will be proceeded with *ex parte* as to him. This Sept. 1st, 1903.
