The Massachusetts Legislature has just passed the following law for the licensing of persons to carry pistols or other weapons. Why would not such a law be good for Tennessee and stop a nuisance—that of carrying pistols and dangerous weapons?

Section 1. The justice of a court or trial justices, the board of police or mayor of a city, or the selectmen of a town, or persons authorized by them, respectively, may, upon the application of any person, issue a license to such person to carry a loaded pistol or revolver in this Commonwealth, if it appears that the applicant has good reason to fear an injury to his person or property, and that he is a suitable person to be so licensed.

Section 2. Whoever except as provided by the laws of this Commonwealth carries on his person a loaded pistol or revolver without authority or permission as provided in Section 1 of this act or whoever carries any stiletto dagger, dirk, knife, slung shot or metallic knuckles shall upon conviction be punished by a fine of not less than ten nor more than one hundred dollars or by imprisonment for a term not exceeding one year or by both such fine and imprisonment. Approved March 16, 1906.

Unionism means more money in your pocket on account of the higher wages you receive. With more money in your pocket, no matter if the prices of things do go higher you have more chances of buying what you want. Under a small wage the worker must buy only the bare necessities, and sometimes that supply is very meagre. Unionism undoubtedly means better conditions for everybody.

The effectiveness of a preacher is not measured by the amount of "ye'll" he puts into his discourse. The best preachers we ever heard were effective because of the simplicity of their discourse, and we will wager a cocked hat that when the books are opened on the final day the quiet but forceful preacher will have a deal more souls saved to his credit than the one who indulges in rhodomadone and noise.

Since the Chicago stock yards investigation we have almost been ashamed to put compression grease into the compression cups of our gasoline engine. Gas engines, you know are so sensitive, we were afraid it would "catch on." See?

Big emprovement in our office! We have got a brand new vice, so we can get a hole into anything we want. Would like to get a hole into a few more cash subscribers—corn, taters or most anything except lady pups.—Buntown, Ga., Buzzard.

#### A Bad Stomach

Lessens the usefulness and mars the happiness of life.

It's a weak stomach, a stomach that can not properly perform its functions. Among its symptoms are distress after eating, nausea between meals, heartburn, belching, vomiting, flatulence and nervous headache.

#### Hood's Sarsaparilla

Cures a bad stomach, indigestion and dyspepsia, and the cure is permanent. Accept no substitute.

#### NASHVILLE MERCHANTS COMING.

Tomorrow the Nashville merchants will be here in a special train arriving here about 10:30 and making a stop of fifteen minutes. The party will consist of about 100 of Nashville's leading citizens, who are making the trip in the interest of Nashville's trade, this being the third annual trip of the kind.

This place has been favored a little and the schedule gives them five minutes longer stay in our city than other places in Sequachee Valley. They will call on our merchants and business men, and of course they will visit our peerless Blowing Spring.

Nashville capital is interested in the construction of the Chattanooga-Nashville electric line, and as this will be headquarters for the inter-urban system in this section possibly there may be some in the party who are interested in the scheme. The electric line would build up more territory for Nashville's trade and Nashville is making a strong lead for increased business.

Let us hope the trip of Nashville's merchants will be productive of increased business for them as well as increased development for us. Without our business increasing they can hardly look for increased business from us. During their short stay let every effort be made to make it a pleasant one, showing them that we are a wide-awake people.

D. M. Parry, of anti-union fame, praises the condition of the Chicago stock yards. That fixes it. Parry has proven himself so unreasoning and prejudiced that praise coming from him is of doubtful quality.

Bridgeport has a Book Club, which from the reports published, has an active membership. There is a decidedly literary flavor about Bridgeport society, which is gratifying.

#### Letters to the Editor

##### Grades of Union Men.

Editor News: There are three kinds of union men, or rather there are three different grades. There is the first class, second class and third class. The first class are naturally born union men. In the second class is the man who once listened to the fair speech of the operator and even as the serpent beguiled Eve, so did this operator beguile this poor ignorant man, and as a calf is lead to the slaughter so was this poor, ignorant man led to the pit and given a pick and shovel and told to enter there and to receive for himself and family risk and danger such an any operator wishes to impose upon them, but alas for the operators, the union stretched forth a hand to the needy as she always does and rescued this poor man and brought him up into better conditions. Though his sins be as scarlet we have made them like wool.

The third class are those who are a little bit weak kneed, and let me say to them, take courage, take courage. Just stop for one moment and think. There never was a victory won without first having courage. Let me say to the first and second classes, we that are strong ought to bear the infirmities of the weak and ask them to have faith. Faith is the substance of things hoped for; the evidence of things not seen. Having faith we are made to believe that we will soon have a settlement.

At last we come to another class of humanity, which comes to us in the form of a non union man. Oh, how it pains our poor hearts to see those poor, ignorant slaves, toiling and fighting against that great principle of unionism that God has implanted in the hearts of every good and just man. Let us all strive to be better union men, and by so doing we become better men and will be able to accomplish more for the glory of our God than we will otherwise. J. W. M. Kimberly, Ala.

#### WHITWELL.

Special to the News.

Visiting is the order of the day. Mrs. Coppinger visited Mrs. Lily Jordan Saturday eve.

Mrs. Lorraine, of Bridgeport, was visiting Mrs. Coppinger and Miss Julie Richie Friday.

We were sorry to learn that Pat Cary had the misfortune to step on a nail and stick it into his foot. He is not able to be out.

A certain fellow said he wished a certain lady from Wilder would move back to Dunlap as he was going there to work.

Mrs. Joe Perkins visited ye writer Friday eve.

Mr. and Mrs. John Torbett visited relatives here last week. They were on their way to Dunlap.

Mrs. Della Doss called on ye writer Sunday.

I notice the Tatesville writer speaking of God's children opposing the appearance of sin. Yes, that argument is true. God has a mission for His children to fill. We must be up and about doing the Master's will. If we don't obey His in whatsoever He has commanded us we are none of His. Christ says, "If ye love Me keep my commandments." In preaching the Gospel no one is a fit subject to preach unless God calls them. Christ says no one cometh to Me except they be drawn by the Father. It is true Christ says he that is ashamed of me before men, of him will I also be ashamed of before My Father. I witnessed a scene to that effect last week. The Gospel was preached and I saw men and women harden their hearts and stiffen their necks and reject the spirit of Christ. The people that profess to be Christians seem as though they are utterly asleep.

I hope the day of a great awakening will soon come and people will wake up to the sense of their duty in the town of Whitwell. Come again, "Rosebud," of Wilder. Best wishes to the News. Cricket.

##### Death From Lockjaw

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures, Cuts, Wounds, Burns and Sores. 25c at all druggists.

#### WHITWELL.

Special to the News.

All aboard for the Institute. Laying by corn, harvesting wheat and oats is the order of the day.

Everything looks promising. Gardens look fine. My! my! just look at the beans. The table almost groans.

Yesterday was Children's Day at New Hope, which was enjoyed by all. Several of our Whitwell people attended.

James Grayson and W. E. Thomas and others started for Montegale this morning.

The angel of death visited Richard Duke's home again and took from him his darling baby, his all. Just six months ago the Lord called his young wife. Weep not, Richard, for the Lord hath need of them. They are not dead but sleeping. Hold out faithful, Richard, we will meet them again with the angels. We sympathize with the bereaved father for we all live in a land of sorrow.

A. D. Thomas went out horseback riding.

Ike Ashburn, W. H. Bryant and Edgar Shadrick make their regular trips bicycling.

Rev. R. J. Moore makes his regular trips to Whitwell. He is bent low and feeble but has one comfort in his little grandsons as they come two and fro with him. We know Christ said, "Suffer little children to come unto Me and forbid them not for of such is the kingdom of God."

Horace Knight and family visited John Porter and children Sunday.

Will Wallis went to see his best girl Sunday.

W. E. Thomas and G. W. Thomas were out walking Sunday afternoon.

What has become of the Hale's Chapel writers? Also "Bright Eye," and his pet. Write again.

Our hustling W. E. Thomas, captain of the Red Hill ball team is standing silently with bat in hand, waiting for the Fourth of July as he is expecting Sequachee to give the signal for a match game. Our Red Hill boys enjoy ball games.

Miss Loy McCone and sister, Mrs. Michels, went to Whitwell shopping Saturday.

Miss Laura Powell visited Mrs. A. D. Thomas Friday.

Mrs. Jane Moore and Mrs. I. D. Thomas still look to the interest of their young turkeys.

Ye writer would like to read a long letter from Frank Manning through the News.

I guess the locusts are gone. We don't hear them singing.

I like fan but I don't like Dofetchit's yarns.

I like to read Uncle Gid's letters, and also Watchman's. Would like to see Watchman's twin babies.

Just where you stand in the conflict there is your place: Just where you think you are useless watch and hide not your face. Think On.

#### Mt. Pleasant.

Special to the News.

Visiting was the order of the day last Sunday.

Misses May and Pearl Nunley visited friends and relatives at Flat Branch last Sunday.

If you want to see Tom Smith grin just name Ethel Lankford.

Miss Lillie Lankford says Bill Geary is the prettiest boy she ever saw.

Look out, John Dykes, where you hang your hat or somebody will knock it off.

A. W. Campbell is attending the Institute at Montegale this week.

Mrs. Burg Parnley visited home-folks here Saturday and Sunday.

Milk is in the pitcher and butter in the bowl. Both of ye writer's fellows live in Pain's Cove. Going to see them before long.

Bill Geary was heard to say that Miss Susie Tucker is as sweet as the grape that grows on the vine.

Miss Rebecca Geary said of all the birds that fly in the air the red bird is the neatest, and of all the boys that walk this earth, Mr. Bob is the sweetest.

Ye writers said they would bet the Sequachee readers three dimes that they could not guess who wrote these few lines.

My pencil is bad my writing is worse. God bless every one that reads this verse. Queen and Jane.

As no program for the Masonic gathering at Jasper Saturday has been furnished the News, we are unable to tell what will be done except there will be speaking and a good dinner.
