

IS YOUR BLOOD ALL RIGHT?

Blood is life. When its current slows down and its waters become polluted, the stream flows not along the shores of Health through the land of Happiness. To purify the blood, energize the liver, keep the bowels and kidneys acting properly there's an old doctor's prescription, in use for 67 years, made by the THACHER MEDICINE CO., Chattanooga, Tenn., sold at your drug store. Try it for your family.

"DR. THACHER'S LIVER and BLOOD SYRUP helped me when everything else failed. I consider it an invaluable medicine for constipation, skin and blood diseases and biliousness."—Mrs. W. G. Green, Tenn.

Mrs. M. E. Boyd Dies

Mrs. Mary Emma Boyd, aged 76, died Thursday afternoon at 2 o'clock at the home of her son, Geo. D. Boyd. Her death was due to the ailments incidental to old age. With the exception of a son of Ohio and one in Texas. All of the sons and daughters were with their mother when the end came. Mrs. Boyd was a life long member of the Christian Church, a lovable and popular woman. Funeral services were conducted by the Rev. GEN. LEONARD WOOD MAKES APPEAL FOR NEAR EAST RELIEF

Says Two and a Half Million Starving Armenians Need Help at Once.

Ft. Sheridan, Ill.—Major General Leonard Wood, commanding the Sixth Corps Area, has issued a Lenten sacrifice appeal for funds to save the Armenians from annihilation by starvation and disease. "I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be," he says, "this cry from the little children cannot remain unanswered."

The Near East Relief, 1 Madison avenue, New York City, which has been charged by Congress with the American relief work in the whole Near East, has formed a special "Lenten Sacrifice Appeal Committee," of which Major General Wood is chairman, Charles V. Vickery secretary and Cleveland H. Dodge treasurer, to put before the American people the desperate need of the Christian populations of the Near East, who have suf-

fered and are still suffering the horrors of war.

Among the prominent members of General Wood's Committee are Secretary of the Treasury Andrew W. Mellon, Mrs. Corinne Roosevelt Robinson, sister of the late President Roosevelt; ex-President W. H. Taft, Mary Garden, President John Grier Hibben of Princeton University, Bishop-Elect William T. Manning of New York, Dr. Henry van Dyke, David Belasco, Samuel Gompers, Frank A. Munsey, Mrs. Carrie Chapman Catt, Mrs. Henry Morgenthau, John G. Milburn of the American Bar Association, Miss Elizabeth Marbury and Mrs. Medill McCormick of Chicago.

General Wood's Appeal

As Chairman of a Special Committee of representative men and women of the country, charged with placing before the American people the desperate need of two and a half million Armenians, the remnant of the oldest Christian nation, whose sufferings through sixteen centuries seem to have brought them, no nearer peace, liberty or security, I beg your personal co-operation and influence to forward an appeal for a Lenten Sacrifice Offering to enable the Near East Relief to go on with its work of mercy.

Over one hundred thousand little children who have been kept alive by American generosity for the past three years are absolutely dependent upon the support which America gives them through the Near East Relief.

I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be, this cry from the little children of the land where Christ gave his life for mankind cannot remain unanswered.

Will you help to save this martyred people?

HALF YOUR LIVING WITHOUT MONEY COST

Cotton Production Costs Can Be Cut in Half By Food And Grain Making And Saving

Atlanta, Georgia.—(Special.)—"High prices for cotton, such as we had a year ago cannot reasonably be expected for a long time to come. European countries that normally use half our crop are so thoroughly disorganized and paralyzed in a business way that they will not be able to take the usual quantities and pay high prices for many years to come," said H. G. Hastings, President of the great Southeastern Fair.

"This situation which we cannot control, calls for lower costs of making cotton as well as reduction in cotton acreage. The quickest, safest and most effective way to reduce cotton making cost is to produce on one's own acres every pound of food, grain and forage needed for family, tenants and laborers and live stock.

"The situation requires chickens, hogs, milk cows and acres of corn, oats, wheat, forage and miscellaneous crops from which to feed them. Last, but not least, in importance, is the home vegetable garden which is the quickest and cheapest source of food in the world.

"Most folks here in the South don't take the home garden seriously and thereby make a great mistake. There are too many of the 'lick and a promise' sort of gardens and mighty few of the real sure enough kind.

"We have been told repeatedly by those who plan and prepare for a real garden, plant it, tend it and keep it replanted through the season, that it furnishes half the family living at no money cost except the small amount spent for the seeds needed.

"The garden is, or rather should be, the earnest planted. It brings food the quickest. It starts cutting store bills for food the first week anything is ready to use. A little later, half or more needed for the table comes out of the garden.

"If rightly tended and replanted it supplies food all summer and fall, the surplus above daily needs goes into cans or is dried for winter use. Yes, the right kind of garden is a life-saver, and we all need a life-saver of this kind in 1921."

An Examination for teachers will be held by the state at a tax-out on Friday and Saturday May 20 and 21st. Let all teachers who expect to teach in the county and who do not hold certificates or whose certificates expire this year be sure to be on hand and take this Exam.

The board has ruled that no teachers be employed pending an examination. If you wait until July it will be too late to hear from your grades in time to begin teaching this year.

If you wait until too late and then ask the board for a school you will only have yourself to blame. It is the desire of all concerned to be fair with everyone. I do not think anyone can accuse the board of not being lenient and charitable in trying to give all a square deal. Now let everyone set themselves and resolve to show the board that they appreciate the courtesies that have been shown them and comply with all the regulations. J. L. Rollings, Supt.
