

The Only Absolute and Exclusive

NEW STOCK

OF

**Jewelry and Diamonds
Watches, Clocks, Cut Glass**

Hand-Painted China, Silverware and Silver Novelties

Having leased the Martin Building, on First Street, formerly occupied by the Union City Bank & Trust Company, will move my stock from White & Burchard's to that place about the first of next week. The latest and best in the cabinet and furniture line is being installed for the proper arrangement and display of a complete jewelry store.

It will be headquarters for everything new in jewelry, watches, clocks, diamonds, silverware, etc., and one of the most attractive stores to be found anywhere.

The business will be greatly enlarged in the new store, and you are invited to call and see the display. The public generally is invited to give me a call.
