WY-DIVIDE-THE-
FRUITS-OF-YOUR-
LABOR?

BE YOUR OWN LANDLORD

If you can make money for somebody else, doesn't it stand to reason that you would be better off by making it all for yourself? When it pays you to farm even though you divide your produce, won't it pay you still better when it is all yours? We know it will and that we are safe in loaning you money to do so. Perhaps you know of a farm you would like to buy. If you do not, very likely we know of one. At any rate, we will be glad to discuss it fully with you.

INDORSED JUDGE JONES.

Obion County Democrats Harmonize on Candidate for Governor.

A mass meeting of the Democrats of Obion County, both factions being well represented, was held at the courthouse last Monday afternoon for the purpose of coming together and laying aside party differences as to a candidate for Governor of the State.

J. L. Fry called the meeting to order and R. P. Whitesell was called to the chair and David Glover to the desk as secretary.

Judge Moore suggested the appointment of a committee on resolutions. In the meantime Mr. Pierce was called to address the meeting, which he did in a short talk, strongly indorsing Judge Jones as a man upon whom all factions could heartily unite. Mr. Pierce stated that he was in a position to know Judge Jones probably as well as anyone. He knew him from boyhood intimately and could indorse Judge Jones in all his private and public career as a man of the highest integrity and ability. He paid him the highest tribute as a judge and eulogized his patriotism and party loyalty. Mr. Pierce attributed to Judge Jones the highest motives as a judge and his efforts to enforce the law and administer justice, adding that as Governor of the State he would enforce the law under oath with the same degree of impartiality and ability that had distinguished him on the bench. It was such a man as he that Mr. Pierce would like to see honored as Governor of the State.

D. P. Caldwell was called on and responded with enthusiasm, urging Democrats of all persuasions to come together in a united brotherhood for a sweeping victory in the State. Mr. Caldwell was in hearty sympathy with the movement to unite upon Judge Jones as the Democratic nominee for Governor.

Judge Moore spoke of the fact that Democrats of both factions could easily unite on Judge Jones. Judge Jones had stood with the Prohibitionists in supporting the amendment submitting the question to the people of the State some years ago. He had been aligned with the movement. He supported Senator Carmack for Governor, but held to his party affiliations in voting for the Democratic nominees. Judge Moore eulogized Judge Jones very highly, paying him the honor of being an able and fearless judge, a man who was known and recognized all over the State in the enforcement of law and restoring to the State its honor under trying circumstances. He felt that all Democrats could conscientiously unite on Judge Jones as the Democratic nominee. He urged by all means to unite upon the Democratic candidate for Governor, and if there must be a difference let Democrats measure arms in the fight for the Legislature. Tennessee Democrats, Judge Moore suggested, could well afford to come together in a Presidential election year, and otherwise settle their differences, if needs be, in the fight for the Legislature.

Other speakers made stirring addresses, including J. L. Fry, S. R. Bratton, J. M. Brice and Mr. Foulks. The chairman appointed the committee on resolutions which reported as follows:

Resolved by the Democrats of Obion County, That we have observed with delight and pleasure the indications all over the State now prevalent of a reunited Democracy, and we pledge ourselves to do all in our power to encourage all efforts made to harmonize the factions of the Democratic party and to unite on a candidate for Governor who will carry the banner of Democracy to victory in 1912.

Resolved further, That we favor a Democratic primary in which each faction will have equal representation among the officers of said election to nominate candidates for Governor, for the United States Senate, etc., to the end that all Democrats may vote herein and have an opportunity to express their choice for these offices.

Resolved further, That we recognize in Judge Joe E. Jones a man eminently qualified to fill the office of Governor, and that as a candidate for that high office he possesses all the qualifications necessary for a candidate of the reunited Democracy of the State; that he is an able, fearless, just and impartial jurist, a stern believer in the enforcement of all the laws of the State, and that if made Governor he will use all the power of his office to enforce all laws, and so believing in him, it is

Resolved by the Democrats of Obion County, That we endorse him as a strong and able man to nominate as a

candidate for Governor of the reunited Democracy of Tennessee and as the choice of the Democrats of this county.

DEMOCRATIC HARMONY.

Plan Promulgated by State Wide Committee.

The plan in full follows: "Whereas, The differences which exist amongst the Democrats in Tennessee should be adjusted, party unity restored, and the right of the Democratic masses to a full and fair expression in the choice of those who should represent them in party organization, and become the nominees of the party, should be secured by means of a direct primary, giving each Democratic voter an equal voice; and,

"Whereas, in the opinion of this committee, party unity and the right of the Democratic masses to control their affairs may and could be obtained by a direct and fair primary in which each faction of the party should have equal representation; and,

"Whereas, it is the opinion of this committee that such is the wish of the rank and file of the Democrats of Tennessee; and

"Whereas, the faction of the Democratic party which has been represented for the last eighteen months by the executive committee chosen on May 18, 1910, and its successor chosen on September 14, 1910, is desirous of contributing all in its power for the election of Democratic officers and Presidential electors in Tennessee in 1912.

DATE FOR PRIMARY.

"Therefore, be it resolved, That a State primary in which all known white Democrats who will support its nominees may participate may be held not earlier than March 1, 1912, nor later than May 1, 1912, the date and details to be determined by the State primary board hereinafter created, for the purpose of enabling the white Democratic voters of the State to express in a direct primary their preferences for the Democratic candidates for the Presidency, to nominate Democratic candidates for all State offices and a United States Senator, and by Congressional Districts, elect one candidate from each Congressional District for Presidential elector, and by a vote of the entire State the selection of two candidates for Presidential electors for the State-at-large, and to elect a new State Executive Committee by the selection of two members thereof from each of the ten Congressional Districts, and the selection of delegates and alternates to the next National Democratic Convention;

"Provided, however, that said State primary board should not hold a primary for the nomination of Democratic candidates to fill the vacancies upon the Supreme Court and the Court of Civil Appeals on the same date as the primary for the nomination of candidates for political offices.

"Be it further resolved, that this primary be held by a committee of seven, three chosen by the Executive Committee, selected on Sept. 14, 1910, and three chosen by the other faction of the Democratic party in Tennessee, which has been represented by the Executive Committee, elected on June 16, 1910, and Oct. 6, 1910, in such a manner as

that faction may select, and that the six so chosen select the seventh member; and said seven so chosen shall constitute the State primary board of the Democratic party.

COMMITTEE TO MAKE RULES.

"Be it further resolved, that said committee of seven have absolute and complete power relative to holding said primary, prescribing rules and regulations therefor, counting, canvassing and announcing the result, subject only to the following limitation:

"The committee shall not have the power to change any rule or regulation after the same has been announced or after the date for qualification of candidates, which shall close at noon sixty days prior to the date of the primary, without the consent in writing of all candidates for the office that would be affected by the proposed change in such rules or regulations.

"Be it further resolved, that to the end that representation of each faction be bona fide, the members of the primary committee selected by the faction of the Democratic party now represented by this committee, shall be Democrats who supported and who actually voted for all the Democratic nominees of the convention of May 18, 1910, and the Democratic nominees of the convention of Sept. 14, 1910, for Railroad Commissioner, and that the members of the primary board chosen by the other faction of the Democratic party which they are chosen to represent.

"Be it further resolved, that a copy of these resolutions be forwarded to each member of the Executive Committee elected Oct. 6, 1910, and to the publishers of every Democratic paper in the State, asking their co-operation in the adoption of this plan to the end that the usual Democratic majorities may be recorded in Tennessee in 1912.

ADJOURNS TO NOVEMBER 25.

"Be it further resolved, that this committee hold an adjourned meeting on Saturday, November 25, 1911, for the purpose of electing their representatives upon said State primary board if the other faction of the Democratic party, prior thereto, selects its representatives upon said Primary Board, and for taking such action as this committee may deem necessary in the event that the other faction of the Democratic party fails or refuses to select prior to November 25, 1911, its members of the said State primary board as provided for herein above."

NEWS NOTES.

Consuming more beer in the aggregate than any other country in the world, the United States leads all nations in the total consumption of malt liquors, wines and distilled spirits with the enormous total of 2,045,300,000 gallons, the Department of Commerce and Labor announced.

Manchu women and children were executed at I Chank over the protest of an American missionary. He was told that the soldiers and rabble had to be placated, but promise was given that no more executions of the kind would take place.

Cardinal-Designate Falconio said at a banquet in Washington he had become so impressed with the provisions for the education of all classes in America that he intended to make the matter the subject of a special report to the Pope.

Cholera is raging in Tripoli and there have been many deaths among the Italian troops. It is stated in one dispatch that changes have been made in the command of the Italian forces.

Through its Ambassador, the Turkish Government has appealed to the United States to exert itself to put a stop to alleged Italian barbarities in Tripoli.

Reports made to the National Bureau of Education at Washington indicate that a wonderful revolution in the system of education has recently taken place in China.

The American agitation for more freedom for American Jews in Russia is said to be hindering the cause instead of helping it.

The car-building industry is improving. Within the last five weeks the railroads have placed orders for 25,000 cars.

It's too late to laugh at germs. That day has gone by and there is no medium more deadly than the common HOUSE FLY. DAINKE'S CREAM BREAD is wrapped in GERM-PROOF WRAPPERS.
