

A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

BUSINESS MEN DISCUSS LIVE BUSINESS SUBJECTS

League of West Tennessee Clubs in Session in Union City.

The League of West Tennessee Business Men's Clubs held its semi-annual session in Union City Tuesday with the largest attendance and best interest since the organization of the league.

The delegates reached here in the forenoon and the opening session began at 1:30 p. m. with an address of welcome by Mayor T. R. Reynolds. Major John Tuther, of Memphis, responded. Then the president, Mr. Jarrell, addressed the league, followed by Mr. Norvell, of Newbern; Mr. Senter, of Humboldt; Mr. Shatz, of Kenton; Mr. W. L. Wade, of Trenton; Mr. Geo. Dahnke, Mr. W. G. Reynolds and others in some interesting short talks, all along the lines of work mapped out and approved by the league. Mr. Robt. S. Fletcher, secretary-treasurer, made his report and then the order of business was taken up, including reports. The visiting delegates were then carried out over the city and county for a tour of inspection of the county roads. This occupied the remainder of the afternoon to the surprise and pleasure of the entire party.

The evening session opened with the announcement of committees, the membership to be named by a special committee. These will be known as committees on good roads, drainage, live stock, poultry, schools, education, agriculture, publicity, membership and a special committee on reduction of cotton acreage.

Judge Senter then addressed the league, whose numbers were increased by the attendance of visitors, on good roads, along the lines suggested that the practical roads of the present day were the King-drag dirt roads, reduced to a proper grade and level and properly drained. These roads, thirty miles or more, are being perfected in Gibson County, the speaker said, and in other counties of the State and when properly dragged and seasoned will be the best roads for all purposes. Judge Senter was followed by W. G. Reynolds, of this city, whose experience in road making had been exhibited to the delegates in the afternoon. Mr. Reynolds gave an idea of the work he has been doing in this county, with the approximate cost, etc., all of which was very valuable.

Judge John S. Cooper, of Trenton, spoke on "Drainage." Judge Cooper is the author of the present drainage laws in Tennessee and has given the subject much thought and investigation. He stated that the drainage of the lowlands in West Tennessee, not including the Mississippi River bottom, would reclaim one million acres to cultivation. The purpose of drainage is to increase our health and acreage of cultivation, giving homes to more people and making for the advance of civilization. Judge Cooper was suffering with a cold and spoke to a disadvantage, but he soon impressed the auditors with his knowledge of the subject. Mr. Geo. Dahnke, this city, and Mr. Taylor, Martin, followed Judge Cooper on the same subject, giving instances of successful drainage. Mr. Dahnke said that to begin the work of drainage the land owner

ers should be taken to a territory which had been drained in order to eliminate skepticism.

"Local Commercial Club Work" was discussed by Mr. Norvell, of Newbern, who made some telling points about what local clubs should avoid. But one of the best points he made was to the effect that the men in town should get in touch with the farmer and assist him in the problems of farm life, not to suggest but to help. More of this, the speaker said, would tend to reduce the Montgomery-Ward and Sears & Roebuck traffic. When the business men of the towns and the neighbors on the farm begin to co-operate then the problems of both the farmer and the business man will be solved. Following this talk the president called on applicants for membership. Response was received from Trenton that a club was being organized, the delegate having left in the afternoon and started the work at once. Mr. Ewell and Mayor Russell, of Dyer, stated that they were going to organize and join the league. So did Mr. Sam Shatz, of Kenton, make the same report.

Judge A. C. Floyd, of Memphis, addressed the league on "The Present Cotton Situation," saying that even if the present war continued a year there would be better financial conditions. The mills are waiting for the low price, and when they begin to buy the price would be strengthened and the markets would be easier. But even as it is there are some compensations to come out of the situation. The cotton people would learn a lesson that could not have been acquired for many years except for just such conditions as now exist. They would be compelled to reduce the cotton acreage and when they did that diversification would take place and the South would be much better off than it had ever been or would have ever been without the war. There are some other compensations, too, coming out of the war in the way of emigration. From the warring countries we will get emigration in the South. Good people from Belgium, Germany, and other countries will populate and stimulate industry in the South and the thing is to be ready to take advantage of these changes.

Mr. Jas. Mills, of Obion, read an interesting paper on "Live Stock." This concluded the evening program and the present session. An adjournment was taken to Dahnke's Cafe, where a luncheon by the local club was tendered. This held the league until midnight in interchange of pleasantries and anecdotes.

The next meeting of the league is to be held at Humboldt, by the invitation of Judge Senter, on the second Tuesday in May, 1915. Memphis and Jackson also extended invitations to the league, but Humboldt was selected.

The following members from other towns were present:

C. T. Jarrell, J. D. Senter, Irby McFarland, A. B. Foust, Bruce York, Humboldt; Robt. Fletcher, Wm. Holland, T. C. Long, H. C. Ross, C. A. Derryberry, Jackson; John Tuther, A. C. Floyd, J. W. Gates, T. R. Winfield, W. C. Suthinger, Memphis; L. C. Norvell, A. M. Williams, Newbern; J. M. Moore, W. L. Wade, Ira B. Taylor, H. A. Yandell, Trenton; Bob Fox, L. G. Moffat, G. W. Reed, Obion; Sam L. Shatz, C. R. Wade, Kenton; T. J. Taylor, Martin.

The Underlying Facts.

This paper took the grounds some time ago that Governor Hooper was more interested in the Republican organization in Tennessee than he was in law enforcement, and the proof is coming now in the statement just made by W. R. Hamilton, who has just resigned his position as President of the Tennessee Anti-Saloon League, for the reason that the league has endorsed the candidacy of Governor Hooper and thus assumed the position of a political partisan organization. The Commercial called attention some time ago to the fact that Governor Hooper was trying to make an example of Judge Neal as the subject of criticism for alleged rail-roading of criminals. The point was that Judge Neal, who has been the only member of the executive and judicial branches of Tennessee really trying to enforce the temperance laws, has been singled out for criticism by Governor Hooper. We were sure then that Governor Hooper was not sincere, but when the President of the Anti-Saloon League makes a statement over his own signature that the Governor has been playing false there is no more room for doubt.

Governor Hooper is nothing more nor less than the accredited leader of the Republican party in Tennessee, whom the Republican national organization is using, on account of the peculiar conditions, to make this a Republican State.

The State Republican organization is now engaged in the work of trying to hide from publicity the fact that corporations are pouring into Tennessee a campaign fund for the election of Governor Hooper.

A vote for Governor Hooper or any of his supporters is simply a vote for the Republican ticket.

Reynolds Theatre.

Manager Cox and the proprietor of this well known house, C. J. Reynolds, have some very excellent bookings this season. The opening attraction was the popular musical offering, "Alma, Where Do You Live," given a few weeks ago, and a company of good singers and players in this appeared. We overlooked it at the time, but the voices were excellent and the comedy work very good indeed. It was a capable company and a fair-sized audience had the opportunity of hearing a good reproduction of one of the big metropolitan theatre successes. Manager Cox has among the attractions to come Al. G. Field, who is to appear here Dec. 11, and a fine cast in "Peg o' My Heart," one of the great New York hits. Everybody knows Field's Minstrel, but they will also be glad to know that they are to have something special in this charming musical comedy. There are, others, but they will be announced at the proper time.

In the meantime the photo picture plays continue to give the patrons of the house the greatest pleasure as well as to stimulate the taste for educational subjects. The scriptural presentation of Bunyan's "Pilgrim's Progress," which was given Monday night, brought a large audience. It is one of the old-time works, but one of the greatest ever penned. The conception of John Bunyan, who had been imprisoned by the authorities for religious heresy, came to him in a dream while in a cell, and he gave it to the world with his pen. The book has outlived many of its contemporaneous works, and will probably be better known as time passes. The pictures were, of course, not in full, but the reel is one of the greatest reproductions in the silent drama.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used.

After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. iz.

The World's Greatest Improvement In Underwear

It is practically a double garment—consisting of two light-weight fabrics—an inner lining of soft cotton—an outer covering of warm wool—strongly held together by stitches wide enough apart to leave an air space between the two fabrics.

The wool absorbs the moisture of the body, keeps the cold out and the natural heat in—but it does not touch the skin. The air space ventilates the garment and keeps it fresh and dry.

Duofold has all the warmth of an all-wool garment without any of its irritating "scratchiness"—all the softness of a cotton garment without any of its sticky "chilliness."

Ready today in all sizes and several different grades.

YOUNG WIFE CUTS THROAT

Fatally Wounds Herself by Nearly Severing Jugular Vein.

Mrs. Tom Turner, a young wife, is lying at her home near Dukedom slowly dying from a wide gash in her throat which almost completely severed the jugular vein and which was inflicted by her own hand Saturday night.

The family are well known and well respected citizens of the Dukedom community.

Mr. and Mrs. Turner have been married about two years. Recently the father, mother and two sisters of Mr. Turner came to live with the family. The change and added responsibility in the household, it is thought, caused Mrs. Turner to become somewhat disturbed and despondent.

Last Saturday Mr. Turner came to Fulton with a friend. It is said his wife asked him not to come, and made some remark of a despondent nature about not finding her alive. Nothing special was thought of it by her husband beyond the fact that his wife was not feeling very well. He telephoned her late Saturday evening and told her that he was going to the carnival and would be home about 11 o'clock. It was shortly afterward, it is said, that she committed the unfortunate and rash deed with a knife or razor. The jugular vein was

nearly cut in two.

Mrs. Turner was still alive and conscious Tuesday morning, but it was said that there was no hope for her. In reply to the query as to why she cut her throat, she stated, it is said, because of trouble.—Fulton Leader.
