Government Sends An Urgent Call

The President of the Civil-Service Commission recently wired:
"Need for stenographers and typists at Washington grows more acute daily. Increase effort all possible."

The Government and business concerns are short five hundred thousand bookkeepers and stenographers, and are offering beginners salaries never before heard of.

The Government drafted our civil-service bookkeeping set, and about eighty-five per cent of the Government's stenographers write the Shorthand system that we teach—the best evidence that our courses are the best.

Take, by mail, our eight-weeks' Civil-Service Mercantile Bookkeeping Course or our Simplified Shorthand Course, the latter course consisting of thirty lessons, and we guarantee you from \$85 to \$125 a month as soon as you qualify. Money back if not satisfied. Two hundred thousand satisfied, money-making former students. Clip, fill out, and send us the following coupon:

TEPRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught.

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Free Demonstration.

If you are thinking of buying a phonograph or talking machine you owe it to yourself to have an Edison Diamond Disc demonstrated to you.

No other manufacturer has dared place singer and instrument before audiences for them to attempt to tell which was which.

Remember we will gladly put the Edison in competition with any or all competitors and if it cannot win on its own merits we will not expect to sell you.

On September 1 the Edison will be higher in price, so it is up to you to buy now. Call upon us for demonstration.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials, 75c. Address: F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

THE MAD KAISER.

If You Want to See Mad Dog of Europe Go to Reynolds To-day.

It is a living, breathing characterization of the Prussian pirate, William of Hohenzollern, that Rupert Julian gives to the role of the Kaiser in the production, "The Kaiser, the Beast of Berlin," which is the attraction at the Reynolds Theater.

When you settle down in a soft, yielding chair at home and begin your daily perusal of the barbarous practices of the Huns, do you wonder what sort of person this emperor might be? Do you picture him in your mind? Do you try to imagine how he conducts himself in his own palace? There's an easy way to satisfy your mind on these points—go to see the film at the Reynolds.

A seat in the Reynolds Theater tonight is a ticket to Berlin, to the heart of a war-mad nation, and it includes stopover privileges in the devastated section of Belgium, where the horror and tragedy of the sack of this little country is unfolded before your eyes.

If you don't hate the Kaiser now—and you ought to if you are a real American—go to see "The Beast of Berlin" and you will hate him before you've seen one hundred feet of film; if you do hate him, go to the Reynolds and your hatred will be stimulated and made more intense.

The management of the theater does not claim that this film is the most costly that has ever been produced, but it does claim that the picture is something that brings home the real truth concerning Germany and its tyrannical ruler.

Company K in Uniforms.

The company uniforms have been received, and Company K drilled Monday night with the regulation U. S. Army khaki. The boys look like soldiers, feel like soldiers and may be soldiers before very long.
