### CALL FOR GENERAL COUNCIL.

RED LAKE, MINN.  
MAY 22, 1916.  
Pursuant to Article five (5) of the Constitution of the General Council of Minnesota Chippewas, notice is hereby given that the next annual meeting of the Council will be held at Bemidji, Minn., July 11, 1916, at 1:00 P. M.

The basis of representation to the Councils of this organization shall be one delegate for each one hundred members or the major fraction thereof, of the White Earth and Red Lake Reservations, and Reservations ceded under the provisions of the Act of Congress of January fourteenth, eighteen hundred and eighty-nine (25 U. S. Stats. 642). Such delegates shall be elected on the first Tuesday in June of each year, by the local councils of said reservations and ceded reservations. All chiefs of bands are ex-officio delegates to the meetings of the General Council in addition to regularly elected delegates.

In the event of their being no local council on any of the Reservations or ceded Reservations, it is suggested that the Executive Committeeman of such Reservations, or ceded Reservations, organize one for the proper election of delegates. After election of delegates the Secretary of the local council should notify the Secretary of the General Council.

It is urged that each delegation have proper credentials for presentation to credentials committee before they are seated in the Council.

J. G. MORRISON Jr.  
President of General Council.

Attest:  
P. H. BEAULIEU,  
Sec. of General Council.

### The Merry-go-round Suit.

The persons who were arrested on the charge of operating a merry-go-round against the authority of the officers of the 14th of June celebration and also the township board, were tried on the 15th and 21st.

One of the offenders was tried separately on the 15th, and the other two on the 21st. The first one that was tried was before the justice of the peace without a jury, and the other two were tried before a jury.

The juryman were Julius H. Brown, E. C. Lerche, Wm. Brunette, Frank Brunette, Wm. Leecy and Allen Beupre.

The one tried before the justice was fined fifteen dollars and costs,

but his attorney, after the sentence was imposed, asked for a dismissal upon the grounds that more than three days had elapsed since the case had been submitted to the justice. The prosecution objected very strenuously to this and asked that the sentence be suspended for one week for the purpose of looking up authorities in support of his contention, but the justice immediately dismissed the prisoner. The attorney for the defendant had stated at the time that the justice announced his intention of reserving his decision until the arrival of the county attorney, that this was satisfactory to him.

The jury trial resulted in the acquittal of the defendants altho Julius Brown, who had acted as the president of the 14th of June celebration, had, in that capacity, given a written notice to the owners of the merry-go-round to not erect and operate it on the celebration grounds, or adjoining them.

E. C. Lerche was another juryman whose actions in agreeing to bring a verdict were peculiar in view of the fact that he was one of the most active persons in inducing Mr. LaChappelle to cause some action to be taken to suppress the operation of the merry-go-round. Some of the persons who were involved in the street controversy of last year no doubt had something to do with the jury's decision since some of them were active in the prosecution of the merry-go-round case and are not on good terms with at least one of the juryman.

### A Poor Mail Service.

Last Thursday no mail was received at this place in the morning simply because the mail carrier would not venture out in the rain it is claimed. Neither was the mail taken to the railroad station, so that in both instances the interests of the public was disregarded.

It is charged that the transportation of the mail by the present mail carrier has been very lax during the past six or eight months. If this is true he should be reported to the post office department. Furthermore, inquiry should be made of the postmaster if he has reported the delinquency.
