The Coming of the World's Grand Exposition of Animate and Inanimate Wonders—S. H. Barrett & The Tracy Gazette says M. E. Ma-Co's New United Monster Railroad thews, of Marshall, is going to travel as an adjuster for a machinery firm.

Shows. The good crops and the moderately fine weather are not all the blessings given our readers this year. On the contrary, we are to be doubly blessed, for along with smiling fields and wellfilled barns-making life pleasantwe herald the advent of Barrett's Great Railroad Shows at New Ulm on Sept. 9th

We are pleased to be able to state that this is the acknowledged-by-all big show of the world to-day—the E. E. Caine, of Owatonna, will be very largest, the very choicest, and the very best. It is also the newest, less from the recent accidental shootmate and inanimate wonders beneath its canvas than any other ten shows traveling. Every zone—yea, every continent—has contributed to its wonderful collection. It has a Menuser traveling. Tracy, has been reorganized. The Post has only existed on paper during the past two years. The recent encompany of the past two years. derful features. The largest living into the vets. elephant, "Xerxes," whose weight is ten tons; the only living giant hippopotamus in the world; the only living three-horned white rhinoceros, of a bran new daughter, which he has and a thousand glittering generalties as yet beyond our ken, but surely to Bro. Whitney has evidently become as yet beyond our ken, but surely to be seen by us. It has 150 first-class. star performers, in their wonderful arenic exhibition, and—well, in a word, it has a thousand new features, which, from their strange and start ling nature, justly entitles it to the euphonious cognomen of "The Greatest Show on Earth!"

The Big Woods of Minnesota are properly named, for they cover 5,000 square miles with the sum of the board allow the sum of th

I find that the "Royal Baking Powder," while yielding a large amount of carbonic acid gas (though slightly less than Dr. Price's), contains a preparation of ammonia, which I regard as a disgusting and objectional constituent in a baking powder—a drug which ought never to be introduced into the composition of any article intended for food.

My experiments do not confirm the extravagant claims made in the published advertisements of the "Royal Baking Powder" as to its alleged superiority and greater strength, as shown by the amount of carbonic acid gas which it is capable of yielding when in use. I have found, by experiment, that the volume of gas yielded by equal weights of the two powders was greater with "Dr. Price's than the "Royal." In view of these facts, I regard "Dr. Price's Cream Baking Powder" as superior to the "Royal Baking Powder," because,

1. It is scientifically proportioned, from the purest and best materials known, and is free from anything in the slightest degree objection-

By order of the Board of Education, R. Nix, Supt. New Ulm, Aug. 4, 1884. (Aug. 27—84)

STATE NORMAL SCHOOL at Mankato.

The rapidly growing reputation of this school is attested by an increase in annual attendance, during the past four years, from less than 200 to over 500 pupils. It is one of the largest as well as one OF THE BEST EQUIPPED NOR-MAL SCHOOLS IN THE NORTHWEST. For full particulars respecting conditions of admission, course of study, low expenses, etc., send for the new catalogue, mailed free to any address. EDWARD SEARING, Principal. Mankato, Minn., Aug. 1, 1884.
