Mr. Rov an Thayer Makes a Practical and Timely Suggestion.

In conversation with a Commonwealth man the other day, Mr. Thayer made a suggestion which is not only timely, but which, if acted upon, will add much to the many points of local interest in Greenwood. Mr. Thayer said:

"Now that we are to have the finest court house in the country, erected up-on a large and beautiful lot, why not have a Confederate monument located on the northeast corner of the court house square, overlooking the "mighty Yazoo." It was serve to commemorate the the brave deeds of the noble men who responded to their country's call, and gave their lives for a cause which they deemed right and just."

The Commonwealth thinks the suggestion a splendid one, and trusts that some one will take hold of the movement and push it until the monument will be an assured fact.

Mr. Thayer stated that he would sub scribe \$50 to get the movement started, and there are no doubt many others who would contribute liberally.

TWO NEW BANKS FOR LEFLORE COUNTY.

One at Sidon and Another at Schlater Soon to Begin Business.

As briefly mentioned in the Commonwealth last week, Leflore County is soon to have two new banks. One of them will be located at Schlater and the other at Sidon. Messrs. Jones and Thayer are the moving spirits in both enterprises, and orders have already been placed for the valurs band fixtures, stationery, etc. The charters are now being published in the Commonwealth, and as soon as they are approved by the Governor, the organization will be completed, and it is expected that pleted, and it is expected that very-thing will be in readiness to begin bus-iness by the first of September. The re-port last week that a second bank would be organized at Sidon seems to be premature, and it is understood that the gentleman who contemlated organizing the second bank at that place, will join Messes. Theyer and Jones, and make one strong financial institution at this thriv-

ing place.

The general prosperity which prevails all over the county has made it necessary that the people of these two enter-prising towns have better facilities for transacting the financial affairs, and these banks have been projected to meet the requirements if existing condi-

tions.

The names of the gentlemen behind the movement are sufficient guarante of the entire success of the venture.

Five Days' Clearing Sale at 20 Per Cent. Reduction.

N MAY 14th we will have been in business one year and before taking stock and winding up the year's business we have decided to make a reduction on our entire stock that will be sure to move the goods. We will offer everything in our stock except "Odorless Refrigerators" at 20 per cent. discount, beginning, Monday, May 1. We know, of course, that the public knows well enough that we always do exactly what we advertise and there will be no question about the truth of this statement. Our advertisements always sell goods for us because we have never disappointed our customers when they come looking for the goods advertised.

This offer, remember, applies to everything in our immense stock except "Odorless Refrigerators," and it will be a splendid opportunity to buy anything in Spring Goods. Our line of Go-Carts will also suffer the same substantial reduction == and, as our line was already marked at very close figures, it will be decidedly the best chance you will have this season to buy a buggy or cart at or below cost.

The world famous "ODORLESS" Refrigerators we cannot include in this sale because we are pledged to sell them at a price named by the factory. However, you cannot affort to let a few dollars stand in the way of getting you the best refrigerator that money can buy. Our guarantee, together with that of the factory, will go with every one of these, and if it does not come up to the standard claimed for it we will cheerfully refund the money paid for it.
