IMPROVED DIAMOND PLOUGHS.

THE subscriber has purchased the right to sell the Improved Diamond Plough in the counties of Pike, Montgomery, and St. Charles. Every one who has tried the above named plough in this vicinity has immediately become satisfied of its great superiority over every other plough now in use, both as it regards its durability, and the ease by which it can be made and used. It is decidedly better than the miserable imitation of the Diamond Plough now made by the smiths in this section. The sheer, mouldboard and whole plough are formed out of a single piece of iron, by slightly bending it, making a much more durable plough and at one third the trouble to the smith. This plough needs no pulling—a man has only to see to be satisfied of its superiority. I will sell either the right of a county or individual rights to suit smiths or other purchasers. A constant supply always on hand at my shop in Troy.

RATS! RATS! RATS!

DEATH ON RATS!—The blessed discovery has at last been made, after the lapse of six thousand years, for ridding mankind of that troublesome animal, the rat, so dangerous to the welfare and well-being of Cupboards, sofas, partries, bake-shops, meat cellars, and in short any place where things may be eaten, gnawed, or destroyed, can be found.

This great friend to man operates by producing a kind of madness, which prompts the affected individual to bite all of his species he chances to meet, which bite is certain death. Call on Dr. ATWOOD'S, No. 6 South Main St., St. Louis, and try for yourself, the most wonderful of the world. We, the undersigned, having witnessed the wonderful effects produced by Atwood's Rat Destroyer, cheerfully give our names, certifying to its unparalleled efficacy.

FARMERS AND CITIZENS, when you visit St. Louis, call on JOHN T. MARTIN, at his old stand, 114 Main street, who has this day commenced receiving his Spring Stock, and will continue to receive, daily, throughout the season. My stock, when received, will be one of the largest and best assorted stocks in Saint Louis. It must be apparent to every one that I sell Clothing at lower prices than any other house, from the heavy stock and the amount of business I do. John T. Martin has but one Store. Beware of those who tell you this is Martin's, for there are those that do it. Look well for the Big Stone Sign, with Martin on it, across the pavement, a large number 114 on top of the house. I ask only a call, convinced that you will be satisfied that my prices, for the quality and make, are unusually cheap.

Country merchants supplied on the most reasonable terms. Persons wanting clothing, would do well to call and examine my stock, as I pledge myself to sell lower than any other house possibly can.
It is no trouble to show goods at 114.
