GRAPHICS.

Property is changing ownership rapidly in Kirksville. Farmers are getting anxious to begin the spring work. The few nice days this week have been a real blessing. Don't forget the Young Men's Association next Thursday night. Read B. F. Lamkin's announcement in this GRAPHIC. It is important to ladies. Call on R. M. Buckmaster for a fine piano, organs or other musical instruments. Mr. Geo. Spear has purchased G. Corbin's interest in the restaurant of G. Corbin & Co. A slight punishment was inflicted on a young man for too much speaking, Tuesday night. Wood thieves are reported in the northeast part of town. Bad roads have made wood and coal scarce articles. The ladies of the I. L. O. O. F. society were entertained by Mrs. A. I. Donoghay at a 5 o'clock tea Wednesday afternoon. Eld. A. Russell, who has been confined to the house for three months, was able to be out for the first time, Monday. The senior editor of the Brashear Gazette, had several of his fingers severely mashed in a job press, Saturday last week. Work has been resumed at Ivie's brick yard. It is expected to start the brick machine again, Monday, if the weather is favorable. The crazy supper at the rink, last Friday night, was well attended, and ladies of the M. E. church, south, who gave the supper for the benefit of the church, report it a financial success. Mr. Reuben Scurlock is night-operator at the Wabash for the present, Mr. Weisenfeld having taken the day business while Mr. Landes, the day man, is sick with the Grippe. Mr. Charles Wheat has the contract to build a fine residence on the lots formerly owned by Prof. Potter, for Col. Presson, of Trenton. Col. Presson will locate in Kirksville as soon as the residence is completed. The M. E. Church, south, at La Plata, is in the midst of an interesting revival conducted by Rev. J. A. Abbott. Up to last Monday night they had about 25 conversions and 21 additions to the church. Interest is still increasing. A large audience attended the celebration of the twenty-fifth anniversary of the organization of the G. A. R., at the M. E. church, Monday night. The program, as published last week, was presented and was very interesting and entertaining. W. B. Symmonds, of Polk township brought in eight wolf scalps this week, and presented them to county court as an evidence that he was entitled to the bounty of three dollars each. The number of scalps taken by Mr. Symmonds within the past six years is fifty eight. Mr. J. S. Tough, of Kansas City, has traded for the residence property and bottling works of H. A. Poingdestre. The bottling works will be in charge of Mr. J. W. Smith, of Kansas City, who will locate here and conduct the business for Mr. Tough. The consideration in the trade was \$13,000.

He brought with him many fine samples of fruits and nuts, the products of the Golden State, a very generous share of which was presented to and thankfully received by the editor of the GRAPHIC. Father O'Shea preached his farewell sermon at Adair last Sunday. He will now take the vacation to which he is entitled at the close of ten years service as a priest, and will visit his aged parents in Ireland. During his stay of more than two years, at Adair, he has become greatly endeared to his parishioners, and enjoys the warm friendship of all his acquaintances. Real Estate sales.

Mr. Geo. Eckert has sold his property on Harrison street recently purchased from his brother Will, to W. H. Clark for \$1200. Mr. Joseph Forsythe has purchased the Brasfield property in the northeast part of town, consideration \$1450. Mr. Geo. England, this week, purchased the fine business lot south of the GRAPHIC building, of J. W. Tinsman for \$825. Sale was made by Sheeks & Murphy. Englehart Bros. report the sale of two lots on Florence Avenue, to H. C. Foncanon, and two lots in same block to Jerry Phillips, price \$200 per lot. H. J. Bailey reports the sale of Dr. Goben's building, a part of which is now occupied by the Doctor as an office and consultation rooms, to M. Spear, of Green-top, for \$2600. The county court has made final settlement with ex-collector Sanda. His statements shows that he collected and paid over to the state and county treasurers, exclusive of his commissions and clerk fees, during his term of office, \$157,078.93, and holds receipts for same. This is the largest and closest collection ever made in the county. The report of the treasurer shows there is sufficient money in the treasury to pay off the interest and principal of all the Normal bonds without refunding one of them, or calling a dollar of the sinking fund now at interest. Another year of close collections on the present levy and there will be sufficient money to pay off the entire county indebtedness. The millinery opening at the Big Bargain Bazar, Friday and Saturday of last week, was well attended by the Kirksville ladies, and all pronounce the display the finest ever seen in the city. It would indeed have done credit to a city many times the size of Kirksville. Miss Chandler, who recently came from St. Louis to take charge of the trimming department of the Bazar, had charge of arranging the display, and her fine artistic taste was shown in every detail.

Attention is called to the card of Mr. R. M. Buckmaster in this GRAPHIC. Don't purchase a musical instrument until you have consulted him.

Death notices, not to exceed ten lines, will be inserted in the GRAPHIC free. Notice of greater length will be charged 5c a line, and no deviation will be made from this rule. A Sunday school convention will be held in Kirksville, May 16, 17 and 18. J. H. Parsons, state agent, will be present to assist in the work of the convention. Every school district in the county should be represented in this convention, and all persons interested in Sunday schools, throughout the county, are urgently requested to be present. Remember the dates. Owing to his greatly increased trade, C. E. Hulet has been compelled to move to new quarters and now occupies the entire second story, 15x60 feet, over the grocery store of Robt. Lorenz. His large trade is the result of energy and fair dealing. On the two celebrated brands, "3-C. C. C." and "Be-witching" he now has five men employed.

Knowledge; A Weekly Magazine.

Knowledge is a unique little magazine which ought to have great popularity among all owners of Cyclopedias. It undertakes to supply the information which one ordinarily seeks in his Cyclopaedia and fails to find there, because it is not "up to date"—it was published "last year," or more probably, several years ago. "The world moves," and the most important questions that want answering are questions of to-day, not of yesterday; Knowledge answers, during the year, several thousand such questions. It is published weekly, for the amazingly small sum of 50 cents a year; specimen copy free. JOHN B. ALDEN, Publisher, 393 Pearl St., New York
