## THURSDAY, SEPT. 12, IS DAY YOU MUST REGISTER

President Wilson Signs draft Bill And Then Issues Proclamation

### 13,000,000 MEN WILL REGISTER ON THAT DAY

Out Of This Enormous Number, 2,500,000 Must Enter The Service Of Army

Special Dispatch to The Tribune: WASHINGTON, Aug. 31.—President Wilson today signed the new man power bill and immediately issued a proclamation, setting Thursday, September 12 as the day for all men from 18 to 45, inclusive, to register for military service.

On this day 13,000,000 men will register between the ages of 18 and 45 years. Out of this enormous registration the War Department expects to obtain less than 3,000,000 men for the army. These will be made up of unmarried men and men with families who do not contribute to their support.

The War Department does not intend to induct every unmarried man into the army. Liberal exemptions will be made on account of men employed in institutions that are essential.

Every piece of machinery necessary to provide quick and thorough registration has been put into operation for the enormous task of properly recording these 13,000,000 men. The War Department made its plans in advance and when President Wilson affixed his signature to the bill today, the government was ready to perform its big task and perform it well.

Owing to the danger of exhausting all of the men now in Class One of the 1917 and 1918 drafts, the War Department lost no time in preparing the men eligible for service under the new man power law to get into the service.

The government expects to obtain ample men under the new draft to provide sufficient men to defeat Germany next year. The War Department realizes that a great force of men is necessary to win the war quickly, and nothing will be left undone to get sufficient men to France as quickly as possible to defeat Germany without loss of men and time.

## N. C. FRISSELL AND McCLINTOCK TO RUN

Democrats Nominates Cape Engineer For Recorder And McClintock For Judge

N. C. Frissell, the well-known civil engineer, was yesterday nominated for County Recorder by the Democratic County Committee, in session at Jackson, and E. L. McClintock, stenographer for the Circuit Clerk, was nominated for Probate Judge. No other nominations were made, but Chairman Hays announced that another meeting would be held next Saturday.

N. C. Frissell is somewhat of a political war-horse. He has served as County Surveyor, and is widely known and popular over the entire county. He has lived in Cape Girardeau for almost half a century.

His opponent on the Republican ticket is Fritz Schrader, of Jackson, who is also quite popular.

Mr. McClintock is of the younger Democrats. He has served as stenographer for Judge Frank Kelly, and is well-known and liked throughout the county. His opponent is David B. Hays, mayor of Jackson, who lead the Republican ticket in the primary.

## As Ye Sow

## COL. OLIVER WILL BE REAPPOINTED

Congressman Igoe Says St. Louis District Attorney Will Be Renamed Soon

Col. Arthur Oliver will be reappointed United States District Attorney at St. Louis, according to information from Washington. Congressman Igoe, a Democratic representative from St. Louis, stated in Washington Friday night that he knew of no objection to Col. Oliver's reappointment, and that he had been endorsed by Senators Willey and Reed.

Col. Oliver has been on a sick leave for several weeks, but is now back at his office in St. Louis. Congressman Igoe's announcement states that his name will go to the Senate for confirmation within a short time.

According to Mr. Igoe there will be no change in the Federal appointments at St. Louis. Fountain Rothwell of Columbia, who has just finished four years as Collector of Customs at St. Louis, was reappointed for four years more by President Wilson yesterday, according to a dispatch to The Tribune last night. He is the first of the federal officials to be confirmed by the senate for reappointment. It is expected that the others will be renamed within the next few days.

## LOGAN KINDER'S FUNERAL HELD AT JACKSON TODAY

Logan Kinder, agent for the Iron Mountain road at Jackson for several years, died at his home in east Jackson Friday evening, after an illness of several months with tuberculosis of the throat. He resigned his position several months ago and went west for his health and also consulted a specialist in St. Louis but without avail.

He was thirty years of age and was a son of the late Watts Kinder of near Gordonville. He was agent for the Iron Mountain at Allenville before going to Jackson. He was married in November 1916 to Miss Virginia Morton, of Jackson, who survives him. He also leaves a daughter less than a year old. There is also four brothers, G. O., who lives near Whitewater, Jesse, in Nebraska, and Robert on the home place and one in Arizona, and two sisters, Mrs. Robert Young of Cape Girardeau and Mrs. Robert Brase of Whitewater.

The funeral will be held at the Jackson City Cemetery at 2 o'clock this afternoon.

Following an illness of four or five weeks with typhoid fever. Funeral services will be held at St. Vincent's church at 10:30 today. Interment will be at Shady Grove Cemetery 7 miles southwest of the city.

## CAPE BARTENDERS WILL NOT STRIKE

President Berry Of Local Union Says Meeting Today Is Regular Event

The report current yesterday that the local bartenders were planning a strike tomorrow, was denied last night by Richard P. Berry, president of the Cape Girardeau Union.

"That report, I am told, was given out by a former bartender who wishes to cause trouble between the bartenders and the saloon owners," said Mr. Berry last night.

"There is no strike contemplated. The meeting is a regular event with us. We will, however, take up the salary question. The matter has been discussed heretofore, but no mention was made of a strike. We have discussed it with the saloon owners, and all have agreed to increase their employees salary from \$60 per month to \$18 a week.

"We will definitely decide on this scale of wages at the meeting Sunday. But there will be no strike. The matter is approved by the saloon owners. The increase was made necessary by the present high cost of living.

But in justice to the saloon owners, I might say that while \$15 a week has been the scale of wages in the Cape, most all of the saloon owners have been paying \$17 or more. The increase will about standardize the wages here. In other words, all bartenders will receive the same pay."

## SCOTT COUNTY FOR CAPE AERO FIELD

W. L. Proffer Says Cities Would Be Enthusiastic In Helping Cape

Illmo, Fomfelt, Chaffee, Kelso and the other towns in the northern part of Scott County will be enthusiastic for the establishment of a government aviation field at the west end of the Rock Levee road, in the opinion of W. L. Proffer, an Illmo attorney, who was in the city yesterday, and will assist in a campaign to land it.

The land at this point is level and is ideal for the purpose. Over 1400 acres at this point was recently bought by W. A. White of Sikeston and a party from Pennsylvania.

A mile or two east of this proposed location is a range of high bluffs which might be utilized as a field for gun practice by the aviators, without danger to any one, Proffer says. The government has been acquiring land adjacent to aviation fields for this

## DALE BROWNING IS CHAMPION HOG MAN

Returns From Sedalia Fair With Pocketful Of Blue Ribbons

Dale Browning, of Jackson, champion hog breeder, and one of the most progressive farmers of the county was in the city last night and while here called on The Tribune. Dale attended the State Fair at Sedalia in August and captured about all the premiums that were awarded on hogs.

Mr. Browning is making preparations to attend the big hog show at Cedar Rapids, Ia., which will meet Sept. 30. Breeding stock will be exhibited there and it is the largest hog show in the U. S. He will enter some of his best stock at this show.

He will also exhibit hogs at the International show at Chicago in December. This show is for fat stock. Browning will enter aged barrows, from 12 to 18 months old. Some of his hogs now weigh 500 pounds.

Browning raises from 75 to 100 pigs a year and sells them for breeding purposes. He is getting from \$50 to \$250 each for all he has to sell.

## POLICEMAN STOPS FIGHT IN HAARIG YESTERDAY

Boss Nance and William Brewer, both colored, engaged in a fight at the corner of Sprigg and Good Hope streets yesterday. When Policeman Childs arrived at the scene of the scrap Nance had Brewer down and had a knife opened in his hand. In disarming his Childs cut one of his fingers.

Both were taken to the city jail and locked up. Brewer objected to being incarcerated and showed fight and the policeman was compelled to take a rap or two at him. No charges will be preferred against Brewer. It is said, as he is one of the four colored men that leave today for Camp Dodge, Ia.

purpose of late. There is also a large area of timbered land near the proposed site.

By uniting on this site the support of the most populous part of Scott County would be assured, as well as that of Cape Girardeau County.

Major Giboney Houck, who called the attention of the War Department to Cape Girardeau as a desirable location for an aviation field has received many enthusiastic letters from business men over Southeast Missouri in regard to the proposition.

Kemmel heights is once more in British hands. Out of the whole wedge the Germans are withdrawing with feverish haste. A threatened collapse of the whole German center, between Arras and Soissons, shatters all chance of the Germans holding a point in this sector.

Kemmel height was abandoned by Gen. von Arnim without a pretense of a stand. His troops were moved out under cover of darkness, sneaking down the slopes every inch of which was bought by them at a price of blood scarcely five months ago.

Special Dispatch to The Tribune:

WASHINGTON, Aug. 31.—American troops are being brigaded with the British and French forces are being withdrawn as rapidly as possible to join the First American Field Army, under Gen. Pershing. Gen. March said today in his weekly conference with members of the Senate Military Committee.

The chief of staff threw no light on the part Americans are playing in the present offensive, but the impression was given that the program of concentrating the army for action under Gen. Pershing was going forward satisfactorily.

Gen. March said the latest figures on men actually landed abroad showed 1,220,000 in France on August 7. Several hundred thousand have been landed since then, however, and last week Gen. March announced that the number embarked had passed 1,500,000.

Shipments of De Havilland airplanes, which were temporarily held up on the order of Secretary Baker, so certain changes could be made in them, Gen. March said, were resumed this week.

Reports received up to today by the War Department show that 1003 De Havilland planes had been completed and made ready to turn over to the government this week, and 565 had been shipped or were already en route overseas.

The general reiterated that the fighting on the western front is going on satisfactorily to the Allies.
