- ***** HE PROVES HIS DEVOTION. 4
- Young Man Convinces His Best & Gifri at the Dentist's.
- A dentist received a call the other morning from a couple whom he soon of rer son to believe were lovers. The girl had an selling tooth, and as they entered the roung man said:
- "Now, dailing, the worst is oven Just take a seat and it will be out in
- a minute." 'Oh, I daren't," she gasped. "But it really won't hurt you at 13 ou know.
- "But I'm afraid it will." "It can't. I'd have one pulled in
- minute if it ached." "I don't believe it." "Well, then, I'll have one pulled ou
- just to show you that it doesn't hurt. He took a seat, leaned back an opened his mouth and the dentist seemed to be selecting a tooth to soint with bis forceps when the girl pro-
- "Hold on! The test is sufficient. I't has proved his devotion. Move away, Harry, and I'll have it pulled."
- She took the chair, had the took drawn without a grean, and as went out she was saying to the your;
- declare that you would die for me." And yet every tooth in his head was false.-London Tit-Bits.

What it Costs to Run an Automobile. The prospective automobile purchaser must realize that even though he buys a runabout-the smallest type of motor, carrying the driver and one other passenger-he is not going to be able to keep the car in operation for \$5 or \$10 a month. It has often been said, and truly, that it is not the first cost of an automobile that counts so much as the maintenance expense. It may be por ' 'è for a man with a small car who motors modestly to get along with an expense of \$20 or \$30 a month if he has good luck and handles his car carefully and considerately, but the average cost of maintenance will be from \$50 to \$300 and even more a month. Here are some figures from bills I paid while the owner of a car of the runabout type with a single cylinder 8-horsepower engine and convertible body carrying two or four passengers. These are my expenses for seven months, from April to November, gas piping. Located on West Main when I covered nearly 10,000 miles. My

bill for April follows: 1 Four hours time on adjustment 2.00 One gallon of cylinder oil75 Two inner tubes 15.00 Extra fan belt 1.50 6 Repairing puncture73 10 Repairing puncture75 12 One auto jack 4.50 14 Four hours time adjusting .. 2.00 18 Half gallon cylinder oil 38 21 Patching inner tube75 23 Two hours time adjusting 1.03 26 Extra spark plug 4.50

Gasoline for month 10.09 Total\$55.88 My bill in May was \$67.22 and was made up chi fly for mechanics' time in making adjustments, as I was not the I familiar enough with the car to do this work myself .- American Monthly Rolew of Reviews.
