The "high" pressure was central over the eastern boundary of Minnesota, with the "low" of the northeastern coast of Maine. The winds were varied everywhere.

## CITY NOTES.

Items Gathered Here and There by Our Reporter.

Crowds continue to come on the steamer Sylvester.

The scene on Lemon street last night was one of animation.

The Putnam Skating Rink was brilliant with revelry last night.

Lots of tangle foot on the streets yesterday afternoon and evening.

A leap year party was among the pleasures of Grovesdale last night.

The next public improvement is to pave our main thoroughfare—Lemon street.

Mr. Oscar Barron has engaged Tower's band, of Boston, to furnish music for the Putnam.

The Rev. Mr. Bridges will preach both morning and evening services at the Methodist Church to-day.

The hose carriage, out at the last alarm, is now in the shop claiming first repairs. The boys are rushers, don't you know.

The advertising sandwich and banner stand is abroad on our streets. He was seen meandering up and down yesterday. Jacobson did it.

Loafers are getting to be annoying at the rear of the Putnam House. Complaint has been made and several names were presented for publication. A word to the wise is sufficient.

The colored brother with his big mouth organ, and his clum with his bones, entertained the travelers while waiting at the Lemon street depot for a belated train last night.

A member of THE PALATKA NEWS staff has just received forty rods of fencing made by the St. Johns Fence Company, and has ordered more for his place at Lake Como.

Hu-b-b, don't give it away—there's to be a prize—you won't tell, will you?—a prize fight. The colored boys are going to do it right this time. Time and place hereafter. Mind you don't tell the police.

The Mayor's Court was dry yesterday. There was only one arrest made during the day, and the culprit was so overcome by intoxicants that it was impossible to remove him from the county jail for trial.

Mr. Ferguson, of Oak Villa, recently dug up a variegated moulton, twelve years old, with a bulb weighing sixty-eight pounds and of five feet and nine inches in circumference. He intends sending it to the Sub-Tropical.

Terrible conflagration—heavy loss—narrow escape—teeth gone—insurance not realized. Mr. Policymen how is it? Why don't you pay up? Is this life or accident? Please cancel my policy if you cannot pay me for my grinders.

The members of the Palatka Musicals are hereby notified that there will be a meeting of the society at St. Mark's Chapel to-morrow evening. There will be no more gatherings on Thursdays, the change taking effect from this time on.

Factory started on Lemon street. Plant all in. Steam engine placed yesterday. There's nothing like enterprise. Peanuts made hot and crisp at the Smith's confectionery. Be ready when the whistle blows to get your orders in.

THE PALATKA NEWS is the recipient of an immense turnip, measuring about ten inches in diameter by twenty-five inches in circumference, grown by Mr. G. D. Old, of Old's Station, on the St. Augustine and Palatka Railway. It is placed on exhibition at the office.

The attention of all our readers, and especially all those interested in vegetable growing, is called to the advertisement of Mr. Charles F. Eaton, which occupies such a large space on this page. Crates of best material and with prices guaranteed to be the lowest in the market. You cannot fail to get satisfaction.

Scene 1.—Young man at the front gate, his chamber behind him. Moon bright, air balmy, conversation lively. Scene 2. Flee dog attacks chamber from the rear, a bite on bovine extremity, terrific scream—chamber escapes leaving a trail of sawdust on the marble paving. Escum omnes.

Once more we are greeted with fair weather, and while our Northern friends are shivering with the prevailing cold, Palatka is enjoying a mild, balmy temperature. The city of Palatka extends a hearty welcome to all who will come and participate in her bounteous blessing.

The Degree of Rehekah.

Pioneer Lodge, No. 23, I. O. O. F., will confer the Degree of Rehekah on members who have attained the third degree, their wives and daughters, on Tuesday evening, January 24. All brothers and sisters of the order in possession of this degree are cordially invited to be present. After the ceremony there will be interesting remarks, resolutions, singing, etc., followed by refreshments.

Dr. H. MOZLEY.—Dear Sir: I have suffered for five years with a severe cough and lung trouble. I saw your advertisement of Lemon Hot Drops and procured a bottle, having tried every cough syrup and lozenge that I could hear of with but little benefit. To my surprise, I derived benefit from the first dose. My cough left me, also the soreness of my lungs, by the use of four small bottles only. My cough was so severe as to produce hemorrhages at the time I began to use it, and the relief was so great that I shall ever feel grateful to you.—Mrs. E. SIMS, No. 4 Orange street, Atlanta, Ga.

The Grader (or Apparatus) shown me by Mr. J. H. Green, is the best thing I have yet seen. J. E. KING.

## Rescued from the Grave.

My wife for many years was afflicted with a blood disease which baffled the most skillful treatment and finally resulted in a very large abscess and ugly looking running sore on one of her limbs. I tried every known remedy, such as the mercurials and poultices and prescriptions of the best physicians with no benefit in any way. A few months ago my attention was called to S. S. S. I procured some of this medicine, which she began to take and in a short time increased in flesh and strength, and the sore, which was then larger than my hand and reached to the bone, began to heal. She had been in such a terrible condition for years and was so near death's door at the time she commenced the S. S. S. that I refrained from making the facts known to the public. I publicly make this statement for the benefit of all who are afflicted as my wife was.

From Person, James C., Co., May 20, 1887. W. M. GREEN.

I thank my patrons of this town and vicinity for the liberality with which they have supported me this season. To show my appreciation I shall offer them on

Monday, Tuesday, Wednesday and Thursday,

The Palatka News. Seville Independent.

Of all the institutions in the State that have the good of the people at heart there is none more prominent than THE PALATKA DAILY NEWS. We have often been the recipients of personal favors at the hands of the editors and managers of that paper, but last Wednesday night they showed their interest in the welfare of our people by telegraphing us at their own expense a warning of the approach of the cold wave. About noon Thursday we received another telegram from the same kind, and it was also fully prepaid.

It is useless for us to attempt to say anything good of THE PALATKA NEWS to our local readers, for that paper has more subscribers at Seville than all the other daily papers in Florida, and all know what a truly good paper it is, and show their appreciation by patronizing it liberally. The editors and managers of THE NEWS have many warm friends in this section. They are generous to a fault, obliging, courteous and deservedly popular.

The News has labored under a great many disadvantages since its establishment, still its managers have, by hard work and good treatment, won the confidence and esteem of the people, and that is what it takes to make a paper a success.

Georgia Southern Bonds. Macou Telegraph.

The bonds of the Georgia Southern and Florida Railway have arrived from the printer and have been placed in the hands of the bankers. They were expected here on the first of January, but were delayed for some cause.
