Congressman Fritz C. Lanham sends word from Washington that the War Department recently ruled that any enlisted man who was discharged from the army, navy or marine corps since November 11, 1918, is entitled to travel pay at the rate of five cents per mile from the place of his discharge to his home or, if he prefers, to the place where he was mustered into the service. For sea travel, only transportation and subsistence are furnished. Any honorably discharged man who has not received the full five cents per mile is entitled to the difference between five cents per mile and the amount per mile which was paid him. Any enlisted man who has any travel pay coming under this ruling will be supplied with a proper blank on which to make his claim if he will address a letter to Congressman Fritz G. Lanham at Washington, D. C.
