SISTERHOOD ART CALENDAR

In accordance with its annual custom, the National Federation of Temple Sisterhoods has published an art calendar for the year 5680. "The Life of Esther" is the topic selected for this year's calendar. Four excellent paintings, the work of two nineteenth century Spanish artists, Felix Joseph Barrias and Jose Villegas, portray the story of Esther interestingly and clearly. The calendar pad, which records the year 5680, extending from September 25, 1919, to Sept. 13th, 1920, contains a complete list of the Scriptural Selections for each week. The Holy Days and Sabbaths are indicated in red.

HEBREW SHELTERING AND IMMIGRANT AID SOCIETY OF AMERICA.

New York, June 16, 1919.

Editor Jewish Monitor:

You no doubt are already aware, through the public press, of the action of the Hebrew Sheltering and Immigrant Aid Society of America in regard to re-uniting Jewish families separated through war conditions. We are now engaged in New York, and through our various branches in the abroad.

country, in recording the names and addresses of such men here whose wives and children are abroad, and from whom they have not heard for a long time.

It has occurred to us that there may be in your community immigrant Jews whose families are still abroad, and who would like to avail themselves of this service. Will you please make it known, either through the local rabbis or through any local agency that may exist in your city, that they can communicate with you or with this office direct. If you desire, we shall be glad to send you registration cards, sample of which is enclosed, which can be filed out by the applicant and forwarded to us.

Of course, taking the information does not mean that we are going to bring the family of the applicant to this country. We are gathering the data so that when the proper time comes, we may be of help to the applicant. Another purpose of the registration is that we are receiving lists from abroad of people over there who are seeking their relatives on this side and we may be able to establish a chain of communication and trace those whose addresses are lost.

This matter is of such great importance that we ask for your fullest cooperation.

With very best wishes, I am
Very sincerely yours,
JOHN L. BERNSTEIN, President

JOINT DISTRIBUTION COMMITTEE.

To the Editor of the Jewish Monitor:

I am enclosing a copy of a letter which has been written to a local committee outside of New York, with reference to the transmission of Individual Remittances through the Transmission Bureau of the Joint Distribution Committee.

I would be much obliged to you, if you can give it publicity in your next issue. The plan can of course be adopted by local committees everywhere, and in view of the conditions abroad, we feel that no better assistance can be given at this time than to take advantage of the arrangements that this committee has with the various departments of the U. S. Government.

ALBERT LUCAS,
Secretary, Joint Distribution Committee.

I am very much gratified to note the activity of your committee in establishing a local medium for the receipt and transmission of moneys from individuals on this side to their friends and relatives abroad.

In the terrible crisis which has developed in the war zones in Europe, and under the harrowing conditions surrounding so many of our brethren abroad, it is of the utmost importance that every means of relieving the suffering be taken.
