ESTABLISHED 1874.

STATE EDUCATIONAL ASSOCIATION CLOSSES SUCCESSFUL SESSION

Equal Suffrage, Consolidation of Rural Schools and Minimum Wage by Educators---Mothers' Pensions Favored.

Fargo, Nov. 8.—Declaring themselves in favor of school suffrage, consolidation of schools, a minimum wage for women, a mother pension, the extension of the state normal system and other progressive movements in education and social science, the final business session of the twenty-eighth annual convention of the North Dakota Education association came to a close yesterday shortly before noon.

The resolutions which were adopted after three of the planks proposed by the committee had been voted on by general organization, are considered by the teachers as the most progressive ever adopted by the state association. The fight which was made chiefly on the proposal of President Kelly to urge a law making membership of teachers in the association compulsory, was led by Dean Joseph Kennedy of the State university.

The plan to compel the membership of teachers together with a proposed plank calling upon teachers to lead in dress reform, and a third plank commending sex-instruction in the high schools, Dean Kennedy characterized as undemocratic and an interference with the personal liberty of the educators.

The session of the general assembly held at the Masonic temple yesterday forenoon was one of the liveliest of the entire convention. After three cities had been proposed as the meeting places for next year, Bismarck was chosen by a standing vote by a good majority. While both Grand Forks and Fargo extended a cordial invitation to the association, little fight was made and the choice of Bismarck was made unanimous upon motion of Professor Vernon Squires of Grand Forks.

Following the selection of Bismarck as the next place of meeting, the resolutions committee brought in its report which precipitated the most interesting contest of the Fargo meeting. The resolutions committee was composed of Minnie J. Nielson, Helen Davies, T. Henry Wolfe, C. J. N. Nelson and Fred E. Smith.

The report of the committee as finally adopted by the convention as its platform contained nine planks. It endorsed the new code of ethics which was prepared by a committee of the association was adopted.

NOTED PICTURE, GIFT TO NATION, ORDERED HUNG IN WHITE HOUSE.

Washington, Nov. 8.—By direction of Mrs. Wilson, George Fredric Watt's Love and Life, a famous nude painting that was a big feature of the Chicago world's fair, has been restored to a place of honor on the walls of the White House.

After the close of the Chicago exhibition the painter gave the picture to the nation and a special act of congress was necessary to accept it. It was hung in the White House, but there was a nation-wide protest against its remaining there, and during the Cleveland administration it was taken down and sent to the Corcoran art gallery here.

During the Roosevelt administration Mrs. Roosevelt admired the painting and ordered it replaced in the executive mansion. But when the Roosevelt family prepared to break up housekeeping, in February, 1909, Mrs. Roosevelt decided that Mrs. Taft might be embarrassed should complaints be made and ordered the painting sent back to the art gallery. It remained there throughout the Taft administration, but Mrs. Wilson has ordered it restored again.

The painting represents a nude, beautiful girl ascending a mountain. Beside her is the winged figure of an heroic Apollo.

STATE EDUCATORS OF N. D. ASSEMBLE IN FARGO FOR ANNUAL 3 DAYS' SESSION

Largest Attendance in History of N. D. E. A. Marks Opening Meetings---Congressman Fess Chief Speaker.

(By H. G. Arnsdorf.)
Fargo, N. D., Nov. 6.—Nearly 2000 people, teachers coming from the four corners of the state, met in the first general session at the Masonic Temple yesterday afternoon. The meeting was opened by an eloquent address of welcome delivered in behalf of the city of Fargo, by Hon. H. F. Emery, president of the board of commissioners. Mr. Emery mentioned in his address, the fact that this state with only about 30,000 population raised wheat enough to feed several millions of people, and concluded that people of this state are doing big things in an educational way as well.

Pres. Kelly introduced Hon. Simon D. Fess, president of Antioch college, Yellow Springs, Ohio, and congressman from the Sixth Ohio District. He was introduced as having "reaped the greatest honor that can come to the son of men, being a member of the teaching profession."

President Fess holds the same position as president of Antioch as was held by Horace Mann, and it was to this great educator of the past generations, that he devoted a masterful and eloquent address, drawing from it some conclusions applicable to the teacher of the present day.

Valley City's Mayor Disappears; Supposed To Be In Canada

LAST SEEN AT N. P. STATION WITH GUNS AND EQUIPMENT WHICH SUGGESTS A HUNTING TRIP.

(From Tuesday's Daily.)

Valley City is without a mayor today. Last night Dr. Platou gathered his warm clothing, guns and camp equipment and left by way of Winnipeg for the North wilds of Canada where he will put in a couple of weeks hunting deer and moose. He didn't leave any address and intimated that he did not care to hear from any of his friends or of business or professional matters while he was away and promised some of the aldermen if they would be real good and attentive to city business that he might attempt to smuggle across the line a venison steak for them.

He was accompanied by his old friend and hunting companion of former days, L. H. Larson of Courtenay who arrived last night on the Soo fully togged out for the trip. While waiting at the depot they were both as happy as school boys and one would hardly recognize in the pair the staid dignified men as we know them.

FROM NOME TRIBUNE

Chas. Furgeson was down from Valley City the first of the week on matters of business.

Miss Alma Jones of Valley City has been a guest at the home of Mr. and Mrs. Albert Holland for the past ten days.

It appears that the teachers and educators who met at Fargo this week are quite human after all. A little game of politics sprung up when it came to election of officers.

W. H. McPherson of Valley City was in this vicinity Wednesday canvassing for the Newton Grain Cleaner. He carries a machine along in his automobile so that he can give the farmers a demonstration of its cleaning qualities.

DICKINSON TO HAVE DAILY.

Evening Dispatch, Controlled by B. G. Whitehead to be issued.

Dickinson, N. D., Nov. 7.—A daily newspaper is to be established as soon as the material can reach here. The new paper will be named the Dickinson Evening Dispatch. It will have telegraphic news service and a new and modern printing plant. The new paper will be published by the State Publishing company with Colonel B. G. Whitehead in control of its policies.

Cooperstown finds that the market day is a great success.

Notice to Times-Record Advertisers

All copy for advertising in the Evening Times-Record in future must be in the office not later than 10:30 a. m. on the day on which it is to appear and for the weekly not later than 10 a. m. on Wednesday of the week in which it is to appear in the weekly. Advertising coming in later causes unnecessary confusion in the work rooms and often delays the paper costing the shop heavily for overtime and frequently delaying the delivery of the paper. Any copy coming in after the time above mentioned is only taken with the understanding that it is subject to delay or rejection.

L. P. HYDE, Mgr.

The attorney general is accused of having been lax in his duties and as a result a couple of men convicted of blindpiggery were allowed to remain out of jail several years. Now the states attorney of Morton county is going after them to compel them to serve what they have coming.

Minnesota fire fighters are indignant that the governor has pardoned Dr. Dumas who was sent to prison for committing arson.

CIVIC IMPROVEMENT LEAGUE HOLDS AN IMPORTANT MEETING

Committees of League Report Business Affairs In Excellent Financial Condition.

(From Saturday's Daily.)

About seventy-five women attended the meeting of the Civic Improvement League in the Commercial Club rooms yesterday afternoon. The first speaker of the afternoon was Mrs. L. B. McMullen who is the chairman of the Exchange and Rest Room committee. Mrs. McMullen gave the history of the organization of the rest room. Mrs. Otto Zetterberg, president of the Civic League announced that a fancy work booth would be installed in connection with the rest room in which any who wish to place fancy work for sale may do so after which Mrs. M. R. Nelson, treasurer of the Exchange, gave the official report of the exchange from June 1st to November 1st, which is as follows:

Wages	\$ 151.75
Light and Rent	179.00
Supplies	30.00
Bakers	1633.98

Total disbursements	\$1994.73
Balance on Hand	\$ 221.59

Following Mrs. Nelson's report, there was an informal report of the work accomplished by the charity committee, by Mrs. Wylie Nielson. Mrs. Nielson's report while not in such form that we can give it, was highly satisfactory to the members of the league and others who attended the meeting and showed that Mrs. Nielson and those who have assisted her in this work have worked faithfully for those who needed their assistance. Mrs. Nielson's report was accepted

with a vote of thanks to which she responded very gracefully.

Mrs. William Story then gave a report of the result of her consultation with the Masons with regard to building a receiving vault. It was decided that the Civic League give what ever amount they have at their disposal toward the cost of the receiving vault which it is expected will be started next spring.

Captain DuVall of the Vigilant Hose Company then addressed the meeting on the subject of fire waste and his talk was one that might well have been heard by every resident of Valley City. Mr. DuVall emphasized the necessity for being careful about leaving oiled cloths lying about and about the use of gasoline. He stated that out of sixteen calls of the fire department last year, more than half were caused by gasoline. Mention was also made of the large amount of refuse which fills the alleys and back yards in town and the great risk of fire from such carelessness. Mr. DuVall read parts of a magazine article on the subject of fires and their various causes which was interesting and closed by comparing the fire rate per capita of our country and our state with other countries. Statistics show that the percentage of fire loss per capita in Germany is 19 cents while in the United States it is \$2.39 and in North Dakota \$5.00 per capita. Mr. DuVall's talk ended the program after which refreshments were served and the ladies present adjourned.

MODEL FARM TO FARGO.

Conditions in Northwest Will be Exhibited at Christiania Exposition.

Bismarck, N. D., Nov. 7.—A striking illustration of new conditions in the northwest will be made in the exhibit that will be placed by the state of North Dakota at Christiania, Norway, on the occasion of the centennial celebration next year. It will be a reproduction in miniature, of a model North Dakota farm home of today, compared with the sod shanty of pioneer days.

Chairman Gabrielson or the commission has completed preliminary arrangements for this feature of the exhibit, and selections of the two types of farm homes has already been made.

Mr. Gabrielson has received scores of letters from former Norway residents who will go back home for next year's big celebration.

John Andrews of Lidgerwood Broadax fame and Co. Whitehead have locked horns for a battle and the blood is already flowing. John has undertaken a rather severe task, Whitehead is hard to discipline and is a careless "cuss" about speaking the truth right out in meeting.

McClusky has a paper that is printed in three languages, English, German and Norwegian.

Dakota Drug Store 1 Cent Sale Brings Good Results

AN OPPORTUNITY SELDOM GIVEN BY THIS UP-TO-DATE CONCERN—PUBLIC BENEFITTED

(From Monday's Daily.)

The Dakota Drug Store closes tonight a sale that is unique and that brought the desired results. It might have been termed a One Cent Get Acquainted Sale. A special effort was made to secure visitors who would get the Dakota Drug Habit and in order to start them the staple goods in the store were offered for one cent for each article, that is by buying one article at the regular price another of the same kind could be had for an additional cent.

The reputation of the Dakota Drug Co for square dealings is so well established that people did not hesitate to buy freely and as a result the special "one cent sale" made a hit with the management as well as with the public, and resulted in many visitors to the store who might not have been attracted without some special inducement.
