FOR SALE—Pigs, eight weeks old. Rural 913 W. or Sophia Ayers.

## ENTERTAINED FOR VISITORS

Miss Hazel Nielson entertained Friday at a luncheon for Miss Blondie Holt, of Sherbrooke, and Miss Marjorie Cassell, of Hope. Miss Holt is the county superintendent of Steele county, and is camping at the Chautauqua with her mother and brothers. Miss Cassell is attending the summer school here. These young ladies were former schoolmates of Miss Nielson at the university, and are members of the Alpha Phi society.

## AUSTRIA RETIRES BEFORE RUSSIANS

London, July 8.—The Italian navy suffered its first serious loss today when an Austrian submarine successfully torpedoed the cruiser Amalfi in the Adriatic. Most of the crew was saved. This is the second allied warship to fall a victim to the Austrian underwater craft, the French cruiser Leon Gambette being caught earlier in the war.

As an offset it is claimed a French warship sunk a German submarine in the Channel, while the British admiralty announced tonight it was a British submarine which torpedoed a German warship in the Baltic recently, although no details were added to the brief statement. This was the first indication that British warcraft are operating in the Baltic. All belligerent powers are rapidly building submarines and it is reported that Austria has nine at Pola alone.

As far as land battles are concerned, interest still centers in southern Poland where the Russians, strongly reinforced with both men and guns, with their railways and fortress Ivanogorod and Brestliovsk to draw upon, have held up the Austro-German attempt to outflank Warsaw from the southwest. The Austrians tonight admitted that before superior Russian forces they had withdrawn to the hills north of Krasnik.

While the eastern battle is continuing it is believed that there is little probability that the Germans are detaching any part of their eastern armies for a renewed offensive in the west; if such a move is made it must be undertaken by fresh troops. The Austrians and Montenegrins have resumed fighting and both sides claim successes.

## RECORD ACREAGE TO YIELD LARGEST CROP OF HISTORY

Washington, July 8.—The American farmers, confronted with feeding the world while Europe is warring, have planted record acreages of all the principal crops. Moreover, official estimates made public by the department of agriculture, disclose that the prospects of production are exceeding the average of the last six years in almost every important crop. Based on the growing conditions July 1, some foodstuffs crops give new records. Their money values promise new records accordingly. Corn shows an area of 109,250,000 acres—half a million more than was ever planted in corn before—expected to produce 2,800,000,000 bushels. The outlook for a billion bushel wheat yield continues to grow. Latest estimates raise the prospective production to 963,000,000 bushels, an increase of 13,000,000 since the last estimate.

## CROP CONDITIONS ABOVE NORMAL ON THE SLOPE

Dickinson, N. D., July 8.—Crop conditions in this section are still the most favorable for many years. The June rainfall amounted to 5.50 inches and the year's total to July 1 was 12.21 inches or almost four inches above normal for that period which is 8.32 inches.

The temperature for June averaged five degrees below normal and with the cool weather and abundant moisture roots went down faster than usual which gives the growing plants drought resistance. July 1 the ground was soaked to a depth of more than four feet, which should supply abundant moisture for practically the growing season, should there be no further precipitation.

## VALLEY CITY BOY WITH LUTHER BAND

Among the players in the Luther College band is a Valley City boy, Theo. Stensby. Mr. Stensby plays a French horn in the famous organization.

Fred Johnson, a prominent rancher, of Antelope, Mont., arrived in the city Friday morning to spend the day with his brother-in-law, J. V. Johnson, of Gray's department store.

## MADE FIRST VISIT TO VALLEY CITY

Englebert Marshall, of Oriska, was a caller at the Times-Record Thursday to renew his subscription to the Weekly. Mr. Marshall informed us that he had lived in Barnes county for 34 years, but that his visit was the first time he had ever been in Valley City. Now that he has got started he will probably come oftener.

## ROUNDUP CHAMPIONS PRESENT THRILLERS

Billings, Mont., July 8.—Unscheduled thrillers kept a crowd of 10,000 on tip-toe yesterday, the last day of the four-day "Passing of the West" celebration, and gave Richard Threlkell "movie man, a chance to get even with fate.

The champions of Montana's greatest roundup staged a celebration of their own, with motorcycle and trotting races, a ball game and an impromptu polo game between Montana and Oklahoma cowpunchers. It was their last appearance in Montana for a year.

The climax of the Billings frontier show could not have been more realistic. It showed the big crowd the "wild west" whose passing the celebration symbolized.

Opening the surprise program one of the animals driven by "Wild Bill," Revell in the stage coach race stumbled as they rounded a turn toward the finish, and the whole outfit, team, coach, driver and occupants, dashed through the fence which separated the track from the steer roping arena. Alive to his opportunity the movie man rushed up and stationed his machine so it would catch the struggling horses and a dozen cowboys who raced to the rescue. He had just got into action when a wild steer ran between the camera and stagecoach.

Low Homer Wilson, of Oklahoma, seeing the bull running wild, dashed into the mess to rope him, but was caught unprepared when his horse bucked unexpectedly and he was thrown across the animal's neck and shoulders, unconscious.

Two riders dug their spurs in and rushed to his aid. Coming from opposite directions they collided and Reuben Barker, one of the riders and winner of the relay, was thrown high in the air. For a moment it was thought he was badly injured, but he rose from the dust and limped away unassisted. Wilson was hurried to the emergency hospital on the grounds and revived, returning later to the field.

Through it all the movie machine clicked away, recording pain, fear and other emotions "registered" by men who were feeling them, not acting them. Then to make the measure full two horses collided and fell in the cowgirls' relay race. Both rolled throwing their riders, but luckily the girls escaped serious injury.

In addition to these "extras" the crowds which attended the last day's program saw the roundup steer roping and tying record smashed four times. There were the results: Homer Wilson, first, time 31 seconds; Greely Hughes, second, 39 seconds; Reuben Barker, third, 39 seconds; Sam J. Garrett, fourth, 39 seconds.

**Diarrhoea Quickly Cured.**  
"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." For sale by Siegfried Pharmacy.

## DID YOU SEE THE SPECIAL?

A special train went west over the N. P. Friday bearing the Aad patrol of Duluth and the El Zagal patrol of Fargo. The magnificent train was composed of 12 Pullman cars, and arrived here at 11:45 a. m. A short stop was made here and the handsomely uniformed band of 50 pieces came out on the platform and rendered a spirited selection. These patrols are en route to Seattle and are thoroughly equipped to have a comfortable trip and a good time. One of the first pranks was to kidnap Chief of Police Troyer of Fargo, formerly of Duluth, and bring him as far as Casselton.

## ABSTRACTERS OF STATE ON HAND

The abstracters of the state met in convention here Thursday and held their business meeting in the Commercial club rooms. The Valley City members of the association were hosts to the visitors and entertained them to the tune of a good time. The business session was called at 10 o'clock and lasted until adjournment was taken for dinner. After dinner the visitors were taken for a boat ride on the Sheyenne. One of the party remarked that such a pleasure was worth the railroad fare from any part of the state. Following the trip up the river, on invitation of the fair management, the members of the party attended the fair and races. Here they again voiced their pleasure at being so well looked after and entertained. They also said many nice things about the city and citizens that made people welcome and gave them a good time.

## MRS. FERGUSON BURNED BY CARBOLIC ACID

Mrs. W. S. Ferguson met with a very painful accident Thursday afternoon. While reaching for a bottle of carbolic acid that stood on top of a high shelf, the bottle tipped, the cork falling out at the same time, and spilling the contents over the back of Mrs. Ferguson's hand and running down her arm to the elbow. Although Dr. Macdonald hurriedly dressed the arm it was burned very badly. Mrs. Ferguson will, no doubt, be laid up a couple week or more.

## MOTHERS' PENSION LAW IS NOW IN FULL FORCE

The first mothers' pension under the new law have been granted in Stutsman county, to two women of Jamestown.

The new mothers' pension law provides for county aid not to exceed \$15 per month for each child, to any mother with children under 14 years of age, who is unable to maintain a suitable home for them. The mothers must be proper persons, morally, physically and mentally to look after the children after receiving the aid, and before receiving aid, she must have been a resident of the county at least a year. Application is made to the county judge, who in turn notifies the county commissioners, the auditor and treasurer.

A similar law in operation in other states has proved a great benevolent step in helping to save children from juvenile courts, by making the mother the actual guardian of her children.

## LAST LEGISLATIVE SESSION COST THE STATE \$144,000

Bismarck, July 9.—Here are some interesting figures relative to the cost of legislative sessions in the state of North Dakota and particularly the last two sessions.

The figures show that the fourteenth assembly cost a little over \$19,000 less than the previous one.

The one item that stands out strongest is the one for employees of the house and the senate during the session. This item is shown back to the year 1901 and 1905 seems to have been the banner year for the job seekers for at the close of the session there were 106 employees in the house and 66 on the senate roll, and for the session they drew as wages \$31,786.

The thirteenth legislative session cost the state of North Dakota \$144,736.19, while the fourteenth was cheaper, only totalling \$125,434.75, with a promise that the next one would see a still greater cut, as only \$112,000 has been appropriated.

## DR. REED IS INTERESTED IN CHIROPRACTIC COLLEGE

Fargo, July 9.—Incorporation papers have been filed with the secretary of state for a Northwestern chiropractic college, of which Dr. George A. New-salt is one of the incorporators. The others are: Drs. A. O. Henderson of Mandan; Woods of Minot; Reed of Valley City, and S. A. Danforth of Bismarck.

Mandan is mentioned as the place for the location of the college. The incorporation provides for a course of three years or eight months. The degrees of D. C. and Ph. D. will be granted.

## FAIR STORE ENLARGED

Manager Olson of the Fair Store has enlarged his store by adding space to the extent of 30x50 feet to the rear end. Six windows have been put in, and the added room and light will relieve the cramped conditions under which the store has been laboring. It will also help the looks of his place of business, and make it one of the most attractive in the city.

## POULTRY AWARDS AT BARNES COUNTY FAIR

The following is the list of poultry awards at the fair just closed. The poultry exhibit was especially fine:

**Barred Rock**

Black Sumatra—1st cock.

## ANOTHER SCRIBE TO BE HANDED A JUICY PLUM

Bismarck, July 9.—The vacancy in the game and fish department caused by Colonel Brewer's new appointment it is understood, will be filled by the appointment of George McPherson of Bismarck, a well known newspaper man.

Mrs. Minnie C. Budlong, of Bismarck, was reappointed director of the state library extension work, by the new board. Mrs. Budlong has been in charge of the work for some time.

Governor Hanna will leave Saturday for a two weeks' tour of the state. He will deliver a number of addresses at various gatherings throughout the state. Thursday he will inspect the state national guard camp at Devils Lake.

## WILL VISIT SON HERE

Grand Forks Herald: Mr. and Mrs. C. A. Whitchee of St. Paul, who have been guests at the home of their son and daughter-in-law, Mr. and Mrs. W. W. Whitchee of Vernon avenue, for the past two months, left on the Northern Pacific yesterday noon for Valley City where they will spend the remainder of the summer with their oldest son, Charles S. Whitchee and family.

Mr. Whitchee visited Grand Forks about 40 years ago and was quite amazed at the changes that have taken place here in that time. He pronounced the city as a clean, prosperous and busy city and that it was equal to St. Paul and Minneapolis in its improvements and modern conveniences.

## BACK FROM THE COAST

Miss Henrietta Irgens returned Friday morning from her western trip. She stopped at several of the noted cities while on her journey, among which were San Diego, San Francisco and Pocatello, Idaho. At Pocatello Miss Irgens visited her sister, Mrs. P. Pratt Williams. She reports that only one of her sister's twin babies, who were born June 30, lives. One of them died the day after birth, but the other one is doing nicely. Miss Irgens also stopped at Medford and visited with the McKays, formerly of Valley City.

Black Tailed Japanese Bantam—1st cock.

Booted White Bantam—1st hen.

Silver Seabright Bantam—1st cock; 1st hen.
