

**DR. A. V. SEIFERT MARRIED.**

Constant rumors have been floating around the city to the effect that Dr. A. V. Seifert, well known New Ulm dentist, and Miss Lillian Furth of Chicago have recently been united in the bond of matrimony. The truth of this statement could not be substantiated as Dr. Seifert or close relatives of the couple would neither deny or confirm the report. However, persistent inquiries have led us to believe that the report is true. It is presumed that the marriage took place in Chicago, the home of the young lady.

Miss Furth has at present a large music class and will continue to finish her term until the end of this year, when it is expected that she will come back to New Ulm.

Dr. Seifert is at present enjoying a large dental practice in our city, having recently returned from the United States Army where he attained the rank of captain in the dental department.

The Review extends its heartiest congratulations to the young couple and hope it will be but a short while until the doctor and his wife take up their abode there.

**"The Knickerbocker Buckaroo"**

AN ARTCRAFT PICTURE

**6 Months To Make 7 Reels**

**COST \$264,000**

Six months to make "The Knickerbocker Buckaroo" That's 184 days!

Seven reels! That means 77 solid minutes of the Douglas Fairbanks brand of entertainment!

"Doug" spent two and a half days making every minute of amusement that you get from this picture!

He's made you wait a long time for one of his pictures but now it's here!

"Doug" thought out a lot of new stunts during those six months. For instance:

He leaves the window of a flying train, climbs over the car's side to the roof, runs along the roof to the mail-coach, is swung from that car to the station by the mail conveyor like a sack of fourth-class mail, dropping onto the back of a horse that gallops madly off.

That's only one of his stunts! That's only one of the laughs! You can't afford to miss all the rest! Also
